Murder Charge Filed Against OWU Student

Sheriff Says Co-Ed Slain In Cold Blood

Claims Letters Will Show Premeditation; Arraignment Slated

UPPER SANDUSKY — First degree murder charges were filed here today by Wyandot County Prosecutor Harold Roth against 19-year-old Ohio Wesleyan University student Roy Schinagle, who confessed to the brutal killing of his White Plains, N. Y., sweetheart, Cynthia Pfeil, 19.

The charge was filed at 10 a m and Schinagle was to be arraigned "sometime this morning" before Justice of the Peace Loren C. Schoerberger.

Roth said filing of the charge was delayed until Sheriff Dean McAllister returned from Cleveland

McAllister said love letters were in a room the girl occupied recently there, which will prove the murder was cold-blooded and premeditated

To Use One in Trial

McAllister said he would use one of them at Schinagle's trial in an attempt to prove he planned the murder.

He wouldn't say what was in the letters. But the Cleveland Plain Dealer quoted a policeman as saying Schinagle wrote Cynthia inviting her to Delaware, where the Mayfield Heights (Ohio) youth was preparing for the fall term at Ohio Wesleyan University.

The Plain Dealer's source said Schinagle told the girl to meet him secretly and not to tell anyone she was pregnant

Evidence that Schinagle was writing love letters to another Ohio college girl at the time of the murder, came to light today after he was charged. Delaware County Sheriff Earl Fravel disclosed a search of the boy's room at a private residence in Delaware, home of Ohio Wesleyan, produced three letters written by a co-ed at Wittenberg College in Springfield, and one letter he had written to her but not mailed. The girl's name was not disclosed.

The confession reportedly tells how the boy strangled his bride-to-be in a shack on the football field at Ohio Wesleyan, beat her with a pipe and tore 17 gashes in her face before dumping her in a patch of woods near here.

Find Iron Pipe in River

McAllister, the handsome 25-year-old sheriff of this north central Ohio county, and Schinagle led law officers along the 50-mile death trail from Delaware to Upper Sandusky.

Beneath a bridge in Delaware, officers donned knee boots to fish for the instrument they said

(Turn to MURDER, Page 10)

PARENTS GRIEVE FOR SLAYER SON. Small measure of comfort he can provide is given by Roy R Schinagle of Cleveland to his wife as they hear at Upper Sandusky that their son, Roy Jr., 19 has confessed the brutal slaying of his coed girl friend, Cynthia Pfeil, also 19, of White Plains, N. Y. The couple had been fellow students at Ohio Wesleyan University, Delaware, O.

Special Sheriff Deputies Here Lose Authority

Commissions of 25 In County Canceled After Court Ruling

Letters to some 25 Marion County special deputies advising them of the cancellation of their commissions were in the mail today, Sheriff Glenn Obenour reported.

This action was taken after a State Industrial Commission decision brought about the possible lifting of an estimated 10,000 special deputies' commissions throughout the state.

Sheriff Held Liable

The Industrial Commission decision held Franklin County Sheriff Ralph J. Paul liable for damages in the death of a private investigator holding a special deputy's badge

Sheriff Paul, president of the Buckeye State Sheriffs Association, Wednesday afternoon wired the state's remaining 87 sheriffs warning them of the effects of the decision He advised them to contact their county prosecutors immediately for local interpretation and decision, and this morning some counties already had revoked special deputies' commissions, The Associated Press reported.

Commission Case

The liability decision was returned in a case filed with the Industrial Commission by Mrs Mildred Owens, wife of Frank K Owens, who died Jan 15, 1949. Owens, a private detective, was said to have been on his way to work as a guard in Columbus when he died

Wiley Opposes National Sales Tax Proposal

Plan Would Be Killed Despite Defense Need, GOP Senator Declares

GREEN BAY, Wis. (AP)—Sen Wiley (R-Wis) said today the United States must increase its defense spending, but he said a national sales tax is the wrong way to raise the revenue needed

Such a tax, he predicted, would be "thunderingly rejected" by Congress. And he said the Eisenhower administration would propose and push through a sales tax only "if it wanted to dig its own political grave."

Many Republicans in Congress have been talking hopefully of cutting military expenditures further. But Wiley, chairman of the Senate Foreign Relations Committee, declared in a speech prepared for a luncheon meeting of the Green Bay Rotary Club.

"Defense expenditures are going to have to increase because we simply are not adequately prepared on a continental basis

"We are all, of course, hoping that we will get increased effici-

Lima Jet Pilot Tells of Germ Warfare Quiz

SAN FRANCISCO (AP)—A Lima, Ohio, Sabrejet pilot said today Communist charges that the U N had engaged in germ warfare in Korea were "completely false."

1st Lt Charles Kerr, returned yesterday on the transport Gen R L Howze with the last group of POWs, declined to tell a reporter details of what he knew about American fliers who were supposed to have confessed dropping germ bombs

He did confirm the Communists had worked on the fliers until the very last minute before their release from POW camps

"They got me up at 2 a.m. on the day of my return," he said, "to try to extort more information."

About six fliers who returned on the Howze, victims of the germ warfare charges, were hustled to nearby Hamilton Air Force Base as soon as the ship docked. The Defense Department prohibited interviews with some of the men.

Gird for Political Battle

Message From Ike Fails To Mollify AFL Leaders

ST LOUIS (AP)—The AFL today sounded a call for stepped-up political activity after hearing a message from President Eisenhower that the Taft-Hartley law is essentially sound

AFL leaders seemed to take this to mean Eisenhower's administration intends to retain most major features of the union criticized labor relations law

Eisenhower's message, read to AFL convention delegates by Vice President Richard Nixon, promised he will recommend T-H amendments to Congress next January to correct "a number of defects"

James L McDevitt director of the AFL's Labor League for Political Education said in a report prepared for delegates: "Let's go home from this convention and get the people we represent in action now."

Eisenhower's message did not spell out what labor law changes he has in mind He said the administration has the law under a continuing and critical study and will be prepared to send suggested changes to Congress in January.

He said the general aims are to "remedy defects which cause concern on the part of working men and women over possible results and uses of the act to their detriment, to improve the laws administration, allow "healthy growth" of unions, and lessen "government interference" in labor relations

The convention was due to hear addresses today from two mem-

Reds Give Freedom to 359 Who Refused Repatriation

U.S. Taking Closer Look At H-Bomb

Weapon Fast Nearing Reality; U.S. Security Council Studies Data

WASHINGTON (AP) — Scientific predictions that the hydrogen bomb may soon explode into practical reality—a prospect that set off soul-searching in the Pentagon—steeped in significance today an unusual meeting of the National Security Council.

The new Joint Chiefs of Staff who comprise America's high military command, already are overdue with recommendations on the size and shape of the armed forces for the year starting next July 1.

Progress Reported

This entirely "new look," it was learned today, was ordered by the White House and Defense Department primarily because nuclear experts warned that the H-bomb is well on its way to becoming frightfully real.

President Eisenhower summoned an unusually large number of his government aides and advisers to today's meeting of the top level National Security Council

Normally fewer than a dozen persons—Cabinet members and advisers from the armed forces and other agencies—attend the weekly meeting But today 26 names were listed in addition to that of the President who serves as council chairman.

Besides the full membership of the Joint Chiefs of Staff and the secretaries of the armed services, the White House called to the meeting six special consults on continental defense, among them Lt. Gen. Harold W. Bull, retired, now attached to the Central Intelligence Agency (CIA).

Ordered by Ike

Eisenhower and Secretary of Defense Wilson, when they picked the new staff chiefs last spring, let it be known their orders were to take a thorough look at the military machine and produce a report.

This report, aside from its general aim of remolding the armed forces, would be the basis for budget recommendations for the Defense Department

But Sept. 15, the deadline set by Budget Director Joseph M. Dodge for all preliminary budget estimates, came and went without any recommendation by the Joint Chiefs. Wilson was reported considering a mandate to the chiefs to have their report ready in two weeks

Recasting of the defense setup is compelled not only because American physicists have brought their hydrogen explosive research virtually to the point of a practical weapon It gains impetus also from ample and ominous evidence that Russia too is racing along the same path

The United States government

747 Register On Last Day of Sign-Up Period

A total registration of 20,187 persons was recorded at the Marion County Board of Elections office after a tabulation of Wednesday's final-day figures

Registering during the final day were 747 persons. Of this total, 141 persons were residents of Marion, Marion Township, and Pleasant Township while the remaining 606 were residents of six rural areas where registration is required this year for the first time

Filing transfer notices Wednesday with the Board were 158 individuals, bringing the total transfers this year to 331.

Breakdown of yesterday's registration in the six voting districts was as follows Big Island Township, 152; LaRue, 72; Prospect Township, 108, Prospect North, 96, Prospect South, 101, and Richland Township, 77.

Total registration figures for these districts are Big Island Township, 291, LaRue, 265, Prospect Township, 216; Prospect North, 233, Prospect South, 246, and Richland Township, 174

The total number of registrants in these districts is 1,425 out of an estimated 2,200 persons eligible to register for voting.

CHEMICAL PLANT BURNS AFTER EXPLOSIONS. Smoke pours from Lucidol chemical plant which was rocked by a series of explosions at Tonnawanda, N. Y, Wednesday. Ten persons were reported killed and several injured. The blasts were felt over a wide area.

Clark Offers Return of Jet Flown to Seoul

U.S. Also Rescinds MIG Reward Proposal While Talks Continue

WASHINGTON (AP)—The United States today offered to return to its "rightful owner" the MIG15 jet plane flown into American lines by a North Korean pilot

At the same time the Far East Command withdrew for the duration of peace talks the offer to pay $50,000 for MIGs delivered to the West.

The statement by Gen Mark W. Clark, U N. commander, had nothing to say directly about payment to the Korean pilot who delivered the first MIG last week. Pentagon officials, however, noted there was nothing in the Clark statement to make it retroactive. On that basis the Korean would get his money—$50,000 for the plane plus another $50,000 bonus as the first to take up the United States offer.

Policy Unchanged

Clark's statement, released simultaneously here and in Tokyo, said

"The traditional policy of the United States of America to grant asylum to those seeking freedom remains unchanged.

"However, during this period of armistice discussions the offer by the Far East Command on 27 April 1953, to award $50,000 for undamaged MIGs brought to our side is withdrawn.

"When the rightful ownership of the MIG that recently landed at Kimpo has been established we will offer to turn it over to that owner."

The statement raised a question whether the MIG would be brought to the United States, as the Air Force had previously indicated would be done

The Dayton (Ohio) Journal Herald story quoted an Air Force spokesman in Washington as saying the Russian-built plane might not be brought to this country because the decision to do so might be challenged by the United Nations.

U.N. Aspect

Basis for such a challenge, the spokesman, said, was the fact that Gen. Mark Clark's offer of $100,000 to the first MIG pilot surrendering a plane for test purpose was made in his capacity as commanding general of the U N. forces in Korea.

The United States has authorized payment of the money as fulfillment of Clark's pledge.

Tuesday the Air Force said the MIG had been dismantled and loaded on a C124 Globemaster for immediate shipment to the Air Materiel Command at Wright-Patterson Air Force Base near Dayton.

Today the Air Force said the plane was dismantled at Seoul's Kimpo Air Field and placed aboard the Globemaster which left for an undisclosed destination Far East Air Force sources refused to say where the plane was headed

GEN HULL VISITS IKE

WASHINGTON (AP)—Gen John E Hull, soon to become United Nations commander in the Far East, discussed his new assignment with President Eisenhower at Breakfast today.

Probe Started On Tonawanda Fire Killing 10

TONAWANDA, N. Y. (AP)—The district attorney ordered an investigation opened today into a series of explosions that killed at least 10 workmen, injured 27 persons and blew a peroxide plant into ruble.

Fearing the death toll from yesterday's blasts might run as high as 12, searchers today probed the ruins of the one-story brick building for more bodies. Ten were recovered yesterday, but it was reported that 12 men were in the building.

A fire chief said the explosions, thought to have been in chemical storage tanks at the Lucidol division plant of the Novadel-Agene Corp, caused damage that would run into millions of dollars

Dr. Franciscus Vissar't Hooft, president of the firm, said "Apparently in some unexplained manner a batch of material ignited and the explosion followed." But the company said the precise cause was not determined.

Marion Marine Hurt in Mishap In W. Virginia

A Marion Marine, Sgt. George L Holt, was injured Saturday night in an automobile accident in West Virginia and is in a hospital near Lewisburg, W. Va., according to information received here by friends. Details of the accident have not been learned.

Sgt Holt was on his way to Marion for a visit when the accident occurred He is stationed at Camp LeJeune, N C., with the Marine Air Force.

He suffered a brain concussion, chest injuries and cuts and bruises, and his condition is reported to be "critical"

Sgt Holt was reared by his grandparents, George Holt of Marshall St and the late Mrs Holt. He entered service in August, 1951, and served 10 months in Korea with the First Marine Air Wing

U.N. Pushing Forward With Policy Debates

Reach Halfway Point On Peace Conference; U.S. Stand Supported

UNITED NATIONS, N Y. (AP)—The U N General Assembly reached the halfway mark in its policy debates today with a major British declaration slated to give strong support to U S. views on the Korean peace conference makeup

Eleven countries, including two Iron Curtain delegations, were on the day's list of speakers British Minister of State Selwyn Lloyd was scheduled to take the rostrum late in the morning session.

Against New Debate

Lloyd previously had told the Assembly in procedural discussions that Britain was against reopening debate now on the Communist Chinese demands for an expanded "round-table" peace conference with four Asian countries and Russia included as neutrals.

Russia's Andrei Vishinsky fought hard early in the week to get the Assembly to reconsider the stand it took in August that the conference should be a two-sided parley with only belligerents representing the U N He failed but is expected to try again to force a debate on the Chinese demands

Lloyd told the Assembly in a prelude to today's statement of British policy that the Red Chinese and North Koreans should accept the suggestion of Chief U S Delegate Henry Cabot Lodge Jr that the peace conference itself determine whether any "neutrals" should be invited to the parley.

Should Come Later

The British also had indicated previously that they thought any debate on Korean political questions should be delayed in the Assembly until the United States, as spokesman for South Korea and the 16 U N allies with troops in Korea could get the peace conference arrangements effected

The whole tenor of Britain's statements in the U N during the debates has indicated that the

Mothers Comment

Parents Aghast at Word Sons Turned Communist

By The Associated Press

"I don't believe it," a mother declared indignantly today when a reporter told her the Communists reported her son was among 23 American prisoners-of-war in Korea who do not want to come home.

"Who gave out those names, anyhow?" demanded Mrs. Brady Skinner, mother of Cpl. Lowell D. Skinner. "Why didn't they give me an official notification? I don't believe what I heard on the radio or read in the newspapers"

Mrs Skinner's husband, a plasterer, was at work

Cpl Skinner, was reported missing in November 1952, and later was listed as a prisoner. Mrs Skinner said she had received Communist propaganda literature in the mail, but didn't believe her son sent it

"I know he is being held against his will"

That was the instant reaction today of Mrs. Howard L. Rush of Marietta when a newsman informed her that her son, Sgt Scott L. Rush, 21, was on a Communist list of Americans who have refused repatriation in Korea.

"Every letter Scott has written talked of wanting to come home and of the things he wanted to do when he got home," the mother insisted.

The unofficial notification was the first word Mrs Rush has received to indicate her son has been promoted from the rank of corporal.

Rush entered the service at 17 and was reported missing in Korea Nov. 26, 1950.

Singing GI's Bellow Reds' Theme Song

23 Tanned, Healthy Yanks Loudly Chant The 'Internationale'

PANMUNJOM (AP)—The Communists today surrendered to neutral nations custody 359 war prisoners —23 Americans, 1 Briton and 335 South Koreans—whom the Reds say asked to remain behind the Iron Curtain

The Americans rode in open Russian-built trucks loudly singing the Communist "Internationale."

"Arise, ye prisoners of starvation, arise ye starvelings of want," chanted the tanned, healthy looking men

Shout 'Imperialists'

The South Korean prisoners screamed "American imperialists, get out!" at U. S. newsmen who watched the transfer of prisoners to custody of Indian troops in the demilitarized zone near here.

The Americans looked happy and contented. The Communists quoted them as saying they love their country and some day will return—when the American people have achieved "freedom"

"We hope to play our part in achieving this and we know the American people will receive us back on that day with open arms," said a statement the Reds said was drafted and signed by the Americans while at nearby Kaesong.

The Briton, identified as a Marine who had served seven years of a 12 year enlistment, was quoted

"I am determined to play my small part in fighting for the better sort of world I believe in . . ."

Begin Quiz Saturday

Allied "explainers" are to begin talking to American, British and South Korean prisoners at the camp a mile above Panmunjom Saturday, telling them they have the right to be repatriated if they wish.

At the same time, Communist representatives will visit 22,600 North Korean and Chinese prisoners who refuse repatriation at another Indian camp five miles southwest of Panmunjom, trying to make them change their minds.

The Allies Thursday boosted the number of missing United Nations soldiers for whom they demand an accounting from the Reds by 17 to 3,421.

The Allies conceded at a meeting of the armistice commission secretariat, that some POWs on

(Turn to POW's, Page 10)

Two Ohioans On List of 23 Alleged Reds

TOKYO (AP)—Communist Correspondent Wilfred Burchett today handed Allied newsmen a list of 23 Americans and one Briton he said had refused repatriation and were turned over to Indian custody in Korea.

Burchett's list did not include home towns.

The 23 names listed by Burchett were among 944 missing Americans the U N. Command on Sept. 9 asked the Reds to return or account for

Addresses for 22 of 23 names on Burchett's list were obtained from the official list of missing prisoners released in Washington this month. The 23rd name appeared on a master list of prisoners here, but no address was available

Buchett's list with addresses and ranks from the master list includes these Ohioans:

Sgt Scott L. Rush, Marietta.

Cpl. Lowell D. Skinner, Akron.

Harvest of Soybeans Under Way in County

First load of soybeans harvested in this area was reported today by the Green Camp Elevator.

W G Holverstott of the Davis-Gooding Pk south of Marion brought the load of beans to the elevator Wednesday morning They had been combined Tuesday afternoon

The beans averaged 33 bushels to the acre. Test weight was 57 and moisture content was 12 5 They were Monroe beans.

Rita Hayworth, Crooner Wed In Las Vegas

LAS VEGAS Nev (AP)—While nearby crapshooters tried to make sevens and elevens, Rita Hayworth and Dick Haymes today gambled once more with matrimony

The 34-year-old actress and her crooner 35 will recite vows each has said three times before, in a simple ceremony in the Gold Room of the Sands Hotel

District Judge Frank MacNamee will officiate at the five-minute ceremony. Jack Entratter, general manager of the Sands, will be the only attendant Photographers and reporters will outnumber the invited guests three to one

The unpretentious affair will be quite a contrast to the screen star's lavish French wedding to Prince Aly Khan in 1949 Miss Hayworth will not even have a new wedding gown She said she would wear a blue linen straight dress which she has worn before Her head will be covered by a toast colored hat of tulle and velvet She will wear gloves to match the hat

Only guests invited are business and legal associates of the couple The only relatives on hand will be the bride's two daughters They are Rebecca 8 the offspring of Miss Hayworth's marriage to Orson Welles and the Princess Yasmine 3½ like her moslem father a direct descendant of the prophet Mohammed

Final barrier to the wedding was cleared yesterday when Haymes copped a seven minute divorce decree from Nora Eddington Flynn Haymes Less than an hour later, he brought Rita back to the court house where both nervously filled out the marriage license forms

Both Haymes and Rita claimed permanent residence in Nevada but said they will soon move near Greenwich, Conn., where they are looking for a house

Committee Meets To Organize PTA For Vernon School

A preliminary meeting to make plans for organizing a PTA group at the Vernon Elementary School was held Tuesday night at the school Present were officers and committee chairmen of units from the Forest Lawn and Greenwood grade schools of last year and a part of George Washington School of last year. About 25 persons were present

Mrs Russell Moore of Columbus, district director of the Ohio Congress of the PTA Inc, was present and presided for the meeting

Appointed to serve as temporary chairman was Mrs Glen Penry with Mrs Oscar Bowden named temporary secretary

THURSDAY, SEPTEMBER 24, 1953

It Shouldn't Have Been Said

No one knows better than President Eisenhower that he committed a faux pas on June 11, 1952, when Republican convention delegates from New York were bowled over with his promise of a 40-billion-dollar cut in federal taxes if he became president of the United States.

Gen Eisenhower was freshly home from his NATO assignment abroad and in a ding-dong fight with Sen. Taft of Ohio for Republican delegates. When Taft heard the 40-billion-dollar figure, he charitably guessed that Eisenhower might have been thinking of something like a 30-billion-dollar cut in federal spending, because a 40-billion cut in revenue was out of the question.

In the entire fiscal year which ended a few days after the Eisenhower promise to the New York delegates, the federal government's total receipts were only $62,129,000,000. It was conceded that the promise reflected Gen. Eisenhower's unfamiliarity at that time with the realities of federal finance.

In subsequent references to the matter, the man who won the Republican presidential nomination in July did not commit himself to a figure when referring to tax reduction. He merely promised to trim waste and extravagance in federal spending.

Yet his slip of the tongue will be used against him relentlessly. It will be charged by his political opponents that he has failed to keep a promise; that he is bound by the rules of the political game to make good on a figure which would have been fantastic even in a world at peace.

It would be a good idea, all things considered, for President Eisenhower to admit in a public statement that he committed an error in June, 1952, before he is beaten over the head with it in the campaign to belittle his prestige with voters.

Now for a Little Bloodshed

Unless a miracle happens, the whole country soon will feel the impact of a waterfront explosion triggered by the AFL decision to throw out the hopelessly corrupt International Longshoremen's Association bossed by Joseph P. Ryan.

The almost inevitable result will be a paralyzing strike as the discredited ILA fights for renewal of its contracts next month against a new union to be set up by the AFL. It will be as savage as the battle between opposing factions of electrical workers after CIO threw out the Communist-dominated United Electrical Workers.

The fact that unions can go sour is no longer hidden from public view. Unions are subject to all the evils that plague the rest of mankind plus a few peculiar to labor organizations.

The ILA, which controls most dock work on the Atlantic coast, has a CIO counterpart on the Pacific coast—the International Longshoremen's & Warehousemen's Union, controlled by Harry Bridges, a Communist party-liner.

The United States and its shipping industry have been at the mercy of a corruptionist on one seacoast and a spokesmen for the Communists on the other.

Yet for a great many years this could not be acknowledged.

It was a federal crime for an employer to speak the truth, if the truth hurt a union boss. Honest enterprise was forced to make contracts and do business with organizations bossed by men with no claim to being bona fide labor executives.

By the time the country has reaped another whirlwind among East-coast dock workers it will be wiser about union practices on the waterfront—and sadder.

Harold Medina: Public Hero

When Communists and their lawyers had wound up an unsuccessful attempt to drive him insane with their courtroom antics in 1949, Judge Harold Medina of New York Federal Court became a symbolic hero of the republic.

He had withstood the most tortured and inflammatory legalism which could be mustered by the law specialists of the Communist conspiracy. It was no secret they aimed to drive him to distraction, or into physical ruin so they would have a crack at another judge and a new trial. Involved legalism—dialectics—is one of their favorite weapons in the war on human dignity

Judge Medina outlasted them. Then when the case was finished, to prove he still was going strong he threw five of the most obnoxious legalists into jail for contempt of his court. He then went on to further Herculean tasks.

He heard a case which had been rigged up against investment bankers by busy legalistic bees in the anti-trust division of the Department of Justice. This one lasted 34 months. It cost many millions of dollars, all of it paid by the public in one way or another.

Judge Medina outlasted the lawyers again. While it cannot be proved they deliberately tested his strength and durability, he admits they were harder to bear than the Communist's specialists

In the end, Judge Medina, who gave up a lucrative law practice because he likes to be a $15 000-a-year judge, threw the case out of his court.

Objective Unchanged

By David Lawrence

(Domination Through Infiltration Still Red Goal)

Is the biggest game of bluff in world history going on between Soviet Russia and the United States?

The maneuvers look like it—and so do the speeches emanating from Moscow and Washington through official spokesmen.

Thus Vishinsky demands not only the prohibition of atomic and hydrogen bombs but the demolition of all U. S. bases abroad—which would, of course, leave the Red Army, with its vast reserve of manpower, unaffected for use in conventional warfare.

Secretary of the Navy Anderson makes a speech saying he thinks the use of atom and hydrogen bombs will be neutralized just as was chemical warfare and that, if war comes, it will be fought with conventional weapons.

President Eisenhower makes a speech which, in the face of demands inside America for a balanced budget and tax reduction, sounds like he is trying to offset any impression abroad that civilian pressure for economy would be allowed to reduce the program for atomic armament and the means of carrying the new weapons to their targets.

He says "No tax, no labor and no service" would be too hard to bear "to support a necessary and logical defense of our freedom."

What is the meaning of these public exchanges of viewpoint—this warfare by headlines?

The game isn't being carried on just by official spokesmen, either.

There is a demand from scientists here and abroad that everything be published now—how to make atom and hydrogen bombs and the data on how many America has made already.

This crusade against further secrecy has been taken up by a school of thought which thinks that if the Russians really knew how far ahead we are today on bombs—both quantitatively and qualitatively—they wouldn't try to start any wars.

There's another school of thought, however, which thinks Soviet Russia is trying hard, through every device of propaganda and infiltration into scientific circles, to get America to disclose what her atomic program really has been and will be in order that the Soviet campaign for disarmament and equalization of strength may be carried on even more effectively by the Soviets.

Meanwhile, the Communists have succeeded in scaring some of the political parties in Europe, if not all the governments.

The mere mention by the Russians of how easy it is to drop an atom bomb on any European capital if America launches an atomic war of defense is enough to cause the allied governments to beg for a peaceful course, even if it savors of appeasement.

The demand for admission of Red China into the U. N. is widespread in Europe because of a belief that this would immediately cause Soviet Russia to become peaceful or "reduce tension."

But, as the Vishinsky speech has already indicated, Soviet Russia isn't going to be satisfied by a settlement of Far Eastern questions. She demands also the dissolution of the North Atlantic Treaty Organization and the scrapping of the European Defense Army idea.

Looking at the other side of the picture, there is no doubt that Moscow knows of the power of the American air forces—both those bombers which would fly from overseas bases the moment war was declared and those that would fly from the decks of aircraft carriers whose location the Soviet cannot know, because these ships move around constantly and still keep within striking distance of the Russian heartland.

Theoretically, enemy bombs could destroy fixed land bases in Europe and, if precious bombs were to be wasted on movable targets, they could destroy aircraft carriers, too. But defense planners aren't dissuaded by such contingencies — these become merely "calculated risks."

America's program of a quick retaliation by airplanes and missiles is still the most powerful threat ever conceived by the mind of man against any enemy power and the Soviets know it.

This threat of retaliation, moreover, can be maintained now by a reasonable expenditure annually without breaking up the American economy.

The budget can be balanced at the same time that the game of bluff and counterfluff goes on for years with no actual war, for the simple reason that no people anywhere will sanction an offensive war.

That's why the Soviets figure they can infiltrate America as they have Italy, France and Britain. They think they can get concessions from governments and cabinets that are bluffed by a Russian threat.

Complacency on the "infiltration front" is growing in America and in many countries also where the "cold war" is spreading through exploitation of local issues

That's the bloodless way by which the Soviets mean to achieve domination of the governments of the "free world"—and along with it, America's disarmament, which is their real objective.

(New York Herald Tribune)

One for the Book

By TRUMAN TWILL

What everyone must learn in this vale of smeers is that nothing's more dismal than a jest which falls flat.

We have just learned about this again for the umpteenth time. We tried to be playful about the much-traveled and much-envied people who travel where they please, when they please, in house trailers.

We tried to jest about their resemblance to the gypsies of old, who did the same thing before it was respectable to make a career of living on the open road.

Apparently where we made our big mistake was to work in a flashback to some old-fashioned gypsy-doodles. This hit some of the "modern gypsies" with a dismal thud.

They thought it was meant to be taken seriously, they wanted to think so.

The anatomy of humor is uncertain. Anyone who thinks he has figured it out is riding for a fall because just when he gets to feeling pretty secure someone will try to bite off his arm.

Something intended to be funny won't be funny.

Something said with a chuckle will be received with a roar of rage.

Someone who was waiting for an excuse to act sour and savage will leap to his assignment with gusto.

This is not an apology for hurting anyone's feelings with a few lines of comment supposed to convey an impression of good-natured envy of the house-trailer minority in our civilization.

It is, however, a confession of amazement that anything done in good faith and with reasonable clarity should have been so completely misinterpreted by a few red-hots.

It is also a confession of something else—the growth of a doubt about the possibility of any net improvement in human affairs as long as there exists an unbridged chasm of human misunderstanding.

As long as upward of half the world is determined to take umbrage at the other half, the possibility of harmony among humans is too remote to be a safe gamble.

As long as words are twisted and turned upside down by people who speak the same language, there is scant likelihood of understanding between men who speak different languages.

As long as men are going to be blamed for doing things they did intend to do, there will be some men vindictive enough to make sure they'll be guilty of doing what they're going to be blamed for doing anyway.

We still think, on a melancholy autumn morning that it would be fun to hitch on to a house trailer, if we owned one, and drive until we found some place we never had seen before—to be a modern gypsy And now we may expect a blistering blast from some real estate man in a sour mood.

Daily Bible Thought

"I must be about my father's business"—Luke 2.49. If our occupation is out of harmony with God's program we are in bad business.

Owner Stolen With Car

CROOKSTON, Minn (AP)—Simon Ceballos, 55-year-old farm laborer, had his car stolen while he was in it.

Ceballos was asleep in the back seat when a thief drove away with it. Some time later, the brazen thief awakened him and asked him to help fix a flat tire.

Ceballos ran to a nearby farmhouse for help, but the thief drove away without changing the flat tire.

By Richard L. Thomas

COPENHAGEN

One is not in Copenhagen very long before he realizes why it is often called the "Paris of the North." The Danes as a whole are a lighthearted, carefree folk, and Copenhagen teems with entertainment possibilities, most of which are within the range of the average citizen's pocketbook.

The Parisian reputation is apt to be misleading, however, if one associates it with loud and gaudy night clubs, gambling, and frivolous parties. Copenhagen's repertoire is more diverse—the opera, ballet and theater are as popular as the night clubs and amusement parks.

By far the most spectacular attraction in Copenhagen is Tivoli, the world - famous amusement park, or pleasure garden, as the Danes call it. They claim that it is the finest in the world, and few who have been there would dispute that assertion. As Temple Fielding says in his "Travel Guide to Europe":

"It's incomparable: Central Park, the Botanical Gardens, the Atlantic City Boardwalk, the Flower Show and Coney Island rolled into one."

—:—

TIVOLI IS located in the heart of the city, adjacent to the City Hall Square When one walks off a busy street and into Tivoli, it is like forsaking the humdrum of city life for a nearby fairyland. The flower gardens and fountains are magnificent, the lawns clean and immaculately groomed At night all the trees and buildings are outlined by multicolored lights, and on weekends, brilliant fireworks displays add to the spectacle.

As for the actual physical facilities, there are the customary thrill rides of every size, shape, and variety, the usual games of chance, and a few souvenir shops It is at this point that most amusement parks end, and Tivoli begins. Twenty-one fine restaurants, each differing in size, shape, atmosphere and price, are located

Richard L. Thomas of Marion is a Fulbright scholarship student at the Foreign Graduate School, University of Copenhagen. His experiences and observations will appear in this space from time to time.

strategically throughout the park Several large dance floors and a huge open air stage, where variety programs are constantly in progress, always attract good crowds.

Nor does Tivoli neglect the cultural aspect. A colorful pantomime theater features ballet and modern dance every day, and several orchestras give concerts at regular intervals from open air bandstands. The pride of Tivoli, however, is its symphony orchestra which gives two concerts every evening in the symphony hall.

—:—

PERHAPS THE most amazing feature of all is the fantastically-low price of admission, You will be shocked to hear that the entrance fee is 8 cents in the daytime, and 15 cents on weekends and at night. This slight charge not only gives you admittance to the park, but enables you to witness the ballet, modern dance and variety shows, and to listen to the frequent concerts. No wonder Tivoli is crowded from May to September!

A popular resort near Copenhagen is the excellent bathing beach on the sound between Denmark and Sweden. Because the sun appears so little in the winter here in Denmark—in the dead of winter it gets light at 9 a.m. and dark at 3 p.m.—the Danes take full advantage of the sunny summer months. Every weekend, this beach is jammed with people swimming, sailing or just soaking up the sun.

It reminds one of a typical Florida resort with a broad highway running parallel to the beach, plush summer homes and villas, and many resort hotels. (It was both interesting and annoying to discover that the largest of these hotels was built by Marshall Plan money.) The sparkling blue water full of sailboats and occasional ocean liners, with Sweden in the background, is truly a picturesque and refreshing scene.

—:—

THE ONLY difference in behavior between Danish and American bathers is that the Danes do not use bathhouses except in very rare cases. The men wear their trunks underneath their clothes, and just wait till they dry before dressing again The ladies, with skill born of modesty and practice, change into their suits under the protection of special full skirts which they wear to the beach.

An unusual attraction in the summertime is Dyrehaven, or Deer Park This park, a 6,000-acre heavily wooded area, is on the edge of Copenhagen, and as the name indicates, is a refuge for deer--approximately 1,000 fallow (pale yellow) and 150 red ones. Every weekend in the summer, people throng to Dyrehaven to watch the deer, or merely to stroll or cycle through the stately birch and pine forests. There are also horses and old-style carriages available which the less energetic, or wealthier, rent for excursions over the scenic paths.

The park is crisscrossed by numerous trails, and is dotted with quaint little inns that have been preserved in their original state for hundreds of years. Even the names of these thatch-roofed inns, such as, for example, Peter Lieb's Hus, lend charm to their medieval appearance.

—:—

THE FORESTS OF Dyrehaven are surprisingly clean because the deer nibble away most of the undergrowth A sporty golf course even cuts through part of the park. It was very strange last week—the deer probably thought it was ridiculous—to watch a foursome teeing off over a herd of deer grazing one hundred yards down the fairway.

In the center of Dyrehaven is the King's hunting lodge, where he supposedly lives when he is in the mood to shoot deer. At the time that the lodge was built, the hunts were probably rigorous and exciting. At present, however, the deer are so tame that King Frederik could probably shoot them from his front porch.

Citizens owe Them Much

By MARK DANA

Released prisoners of war returning to this country will surely merit much more considerate treatment and understanding helpfulness than other returning veterans, and a great many concerned persons are now proffering counsel on what to do and what not to do.

Circumstances and individuals differ, of course, and no blanket suggestions will apply uniformly. The servicemen themselves differ in temperament and attributes; they fared differently in prison camps, and they reacted differently to their incarceration and treatment.

Some became embittered. Some pretended conversion to communism, and it is possible that a few came to agree with the communist doctrines; some seem to have revealed mean, ugly traits, and tattled truthfully or falsely on their comrades for favors; some became mentally ill, and they are the ones most deserving of intelligent concern when they return home.

It is obvious that these men suffered over a longer period of time, and just as truly, than men struck by bullets or burned with napalm It is likely that few of these prisoners got enough to eat, or anything like proper medical care, during their bondage.

All of them will have great difficulty in readjusting themselves to once-familiar scenes, conditions and activities. Probably none will want mawkish sympathy, or to have a fuss made over them. yet genuine solicitude can be shown them in unobtrusive ways.

It can be earnestly hoped that those who return will be convinced from the start that their sacrifice and their fearful experience is known and appreciated, and that they will be helped sensibly to pick up anew the threads of their former existence, with jobs and other factors of security and happiness as fundamentals.

The Once Over

By H. I. Phillips

Love Conquers All

Ever since we read of the approaching marriage of Sen. Joe McCarthy and the charming Jean Kerr, following a romance which began when she took a job in his office a few years ago, we have been wondering to what extent the question-and-answer routine entered the love story. And we think this Washington "Boy-Meets-Girl" script could have run as follows:

CHAPTER I. THE MEETING

Q—What can I do for you?

A—I am here to apply for a job.

Q—(With fluttering of eyelids)—Do my eyes deceive me?

A—I am not the one to answer that question.

Q—Do you deny or affirm that as you stand before me, you take my breath away and make my heart beat faster?

A—I plead privilege

Q—No further questioning at this time. I direct you to start work at once or risk a charge of contempt.

CHAPTER II. THE ROMANCE

Q—Would you go to dinner with me tonight?

A—Will you explain the purpose of that question?

Q—I would consider your companionship outside office hours as a great honor. Do you feel any similar reaction?

A—May I read a statement at this point?

Q—No. You may file one if you wish, but you are required to answer my question briefly. May I assume that you are not exactly against having dinner with me?

A—I'll go along with you on that.

CHAPTER III. (LATER)

Q—Miss Kerr, you have been in my office a long time now. May I ask you a serious question?

A—That's your specialty, Joe.

Q—Will you be my wife?

A—Would you mind repeating that question?

Q—I would love to.

A—And I love to hear you.

Q—My question was. . . and I quote. . . "Will you be my wife" ?

A—This is so sudden.

Q—That is not responsive.

A—When a man asks a girl to marry him it is . . well, such a serious moment of decision.

Q—Please, I must ask you to refrain from making any speeches here. Will you be mine?

A—May I consult my lawyer?

Q—I will strike that from the record. In avoiding a yes or no answer, are you following the advice of any group?

A—No. But I would like time to talk with mother.

Q—Are you now or have you ever been a member of the League For Consultations With Mothers, THE Look-Before-You-Leap Club or The World Association For The Advancement of Coyness and Shyness

A—No, and I resent that question as a violation of the Fifth Amendment.

A—No, the Fifth Amendment to "Romeo and Juliet."

Q—Look, Jean, excuse this quiz program routine. It's become a habit with me. I insist that you marry me.

A—Okay. I've been so long in your office that I'm a prisoner of the question-and-answer routine, too

CHAPTER IV. THE CHURCH . . . . .

Assistant Organist—Here they come. Play "Here Comes The Bride"

Organist—Are you sure there is nothing in Mendelssohn's record that makes this inadvisable

Assistant—Mendelssohn has been cleared. Play on. (The ceremony proceeds.)

(Associated Newspapers)

News of Other Years

TEN YEARS AGO — It was Friday, Sept. 24, 1943.

E. H. Cowan of Lorain, formerly of Marion, was visiting his family including two daughters, Mrs. E L. Cooper of 120 E. Columbia St. and Mrs. George Griffith of Bellevue Ave. and a son, Ira Cowan of Pearl St., here.

A daughter was born to Mr. and Mrs. Melvin Lehner of 490 S. Main St. in City Hospital.

The marriage of Miss Dorothy Irene Jenner, daughter of Mrs. Mary Jenner of 177 Silver St., and Francis E Hacker, son of Mr. and Mrs. Charles M. Hacker of Cardington, was solemnized in St. Mary Catholic Church.

Funeral services were arranged for Dr. Homer B. Williams, 77, president emeritus of Bowling Green State University and father of Lloyd Williams of near Morral, who died in Toledo City Hospital.

Mrs. Sarah Ellen Irey, 77, died at the home of a son, Enos D. Irey of E. Center St.

The second big fire in less than three months struck the Ashland buildings of the Erie Railroad when 23 cars of an eastbound Erie tank train manned by Marion workmen were derailed, resulting in an explosion which destroyed the railroad's freight and passenger facilities, the Eagle Rubber Co., two nearby restaurant buildings and five or six parked automobiles.

—:—

TWENTY YEARS AGO — It was Sunday, Sept 24, 1933

Mr. and Mrs Henry Morgan of Stark Ct. were injured in an automobile accident near Findlay.

Joseph B Thew, 63, native of Marion, died at his home in El Paso, Tex.

Rev. E. A. Gradwohl of Prospect was named leader to organize the ninth annual Prince of Peace declaration contest in Marion County.

Mr. and Mrs. E. H. Williams of W. Walnut St. entertained at dinner for Mr. and Mrs. G. E McPeck and daughter and Mrs. A. Mattox of Bellefontaine and Mrs. Myron McPeck of Honolulu, daughter-in-law of Mr. and Mrs. G. E. McPeck.

Mrs. A. G. Fichtner and son William were given a surprise luncheon at their home on the Edison Pk. by a group of friends in celebration of their birthday anniversaries

A daughter was born to Mr. and Mrs. Elwood Ballentine of N. State St.

Frederick J. Bechtle, 74, veteran Marion stonemason, died at his home on Windsor St.

Sex Research Centuries Old

West Has Lots To Learn, Japanese Kinsey Claims

TOKYO (NANA) — Japan's Dr. Kinsey, Prof. Teta Takahashi, president of the Japan Psychoanalytical Society, claims indulgently that the West has much to learn from the East, in general, and Japan, in particular, on sexual matters.

A pallid, sensitive, nervous man, Professor Takahashi has been studying sexual behavior for 20 years, using the Kinsey technique of research into, and classification of, individual cases.

"Japan is the depository of all human knowledge," he pointed out mildly. "Buddhism, which developed in India, came to Japan through China and Korea, and is today more prevalent here than in its place of origin.

"In the same way, sex studies and lore, esoteric or conventional originated in the Middle East and India, and passed to Japan, where they remain well-preserved."

Professor Takahashi recalls proudly that in the year 984 A.D., Emperor Enyu displayed the national Japanese genius for profitable adaption of foreign ideas by authorizing official publication of a classic Chinese book on sex "for the sake of popular enlightenment."

This opus, it appears, had been intolerantly restricted to scholars in China, but Emperor Enyu successfully exported the popular edition to China for mass distribution as an early best seller.

The professor, who pays polite tribute to Dr. Kinsey, a regular correspondent, for his encouragement and advice, deplores the fact that Western prejudices and inhibitions have tended, particularly since the occupation, to make the Japanese more self-conscious about sex.

He complains that, with this self-consciousness, there has developed a deterioration in moral standards in Japan, which socially, if not scientifically, he regrets.

"It is more than a coincidence," he asserts, "that the German legal code of prudish repression, which the Japanese unhappily adopted in the Meiji era, and which banned frank and informative illustrated theses on sex studies was followed by a drift in morality.

"It is preposterous that Japan, which once excelled in the honorable production of illuminating tomes of research in this great field of human endeavor, should have recently witnessed legal proceedings against the translation of that anemic and amateurish Western novel, 'Lady Chatterley's Lover'."

Professor Takahashi has just completed the translation of his own version of a Japanese Kinsey report, which is bared on a decade of devoted study of the sex proclamations and confessions of more than 1,000 males. Dr. Alfred Kinsey he says, heartily approved his painstaking technique. The work, entitled "Reports of Sexual Experiences," was published in Japanese last year and has had a wide sale.

An earlier Takahashi publication was "Ars Amatoria," in three massive volumes, which he wrote because he was dissatisfied with "the superficialities and inadequacies" of the celebrated textbook, "Ideal Marriage," by the Dutch authority, Dr. Theodor Van Der Velde.

"The abiding universal and profound human interest in this subject, manifested by oriental and occidental alike, is most encouraging," declares Professor Takahashi, reluctantly, but happily, closing a large vellum-and-ivory volume of magnificently printed Chinese drawings.

Police Arrest Six On Traffic Charges

Six traffic arrests were reported by city police today. Homer E. Brammer, 31, of 960 N. State St. was arrested at 2.26 this morning and charged with driving while under the influence of intoxicating liquors. He was being held in city prison this morning.

Jack Lee Grandstaff, 21, of 537½ E. Farming St. was arrested and charged with reckless operation. He was ordered to appear in Municipal Court Saturday.

Henry Glenn Mast, 20, of near Orrville was arrested Wednesday and charged with driving with an insufficient muffler. His appearance is set for Sept. 30.

George Washington Greenslait, 34, of New Washington was scheduled to appear in Municipal Court today to answer a charge of driving over a fire hose at N. State St. and Hughes Ave.

Joseph Henry Darnell of 711 Bennett St. was cited to appear in court Saturday to answer a charge of speeding 50 miles an hour on Davids St.

Homer J. McGara, 40, of 278 Hane Ave. also was cited to appear in court to answer a speeding charge. He is scheduled for appearance Friday. He was stopped on W. Center St. Wednesday morning.

TRUCK COLLISION FATAL

CELINA, Ohio (AP)—Gordon Hiles Parks, 42, of Collinsville, Ill., was killed in a head-on crash of two freight trucks on Ohio 29, four miles west of Celina last night.

Marion Women Attend VFW Auxiliary Meeting

Members of the local VFW Auxiliary returned from Perrysville, O., Sunday where they attended a tenth district meeting of the Auxiliary.

Attending from here were Mrs. Helen Burklew, auxiliary president; Mrs. Dorothy Beckel, Mrs. Eileen Alexander, Mrs. Esther Burgess, Mrs. Dorothy Briner, Mrs Nell Hypes, Mrs Pauline Barnhouse and Mrs. Bertha Shepard.

Memorial services were given by Marion Auxiliary No. 3313 and draping of the charter was by the Bucyrus auxiliary. Balloting was conducted by the Shelby auxiliary and the initiation services were in charge of the Mansfield auxiliary.

Next district meeting is to be held in Galion.

The Social Notebook

THE APPROACHING marriage of Miss Virginia Ann Schertzer and Lt. James K. MacDonald is being announced by the bride-elect's parents, Mr. and Mrs. E. Von Schertzer of 602 Universal Ave. Lt. MacDonald is the son of Mr. and Mrs. D. J. MacDonald of 176 Chicago Ave. The bride-elect is a graduate of Harding High School and the City Hospital School of Nursing at Cleveland Her fiance, a graduate of St. Mary Parochial High School, attended Marquette University in Milwaukee, Wis., and for the past two years has served in the U S. Army. At present he is stationed at Fort Knox, Ky. The wedding will take place Saturday, Oct. 10, in St. Mary Catholic Church.

—:—

Dr. Kenneth W Keever of Richwood was a guest speaker at a meeting of Iota Alpha Chapter, Pi Omicron National Sorority Tuesday evening in the Women's Club Home. He talked on the Magnetic Springs Polio Foundation at Magnetic Springs which he hopes will be in operation by the first of the year The chapter voted to make the Foundation a project for the current club year. Plans were furthered for the state convention to be held here Oct 17 and 18. Another project of the chapter will be participation in the plans for restoration of Independence Hall sponsored here by the Marion County Federation of Women's Clubs. The project is sponsored nationally by the General Federation of Women's Clubs. Speaker for the next meeting Oct 6 will be W. Eugene Hubbard of the FBI.

Miss Mary Haberman and Miss Gertrude Haberman will represent the chapter at the Central District convention at Youngstown Saturday and Sunday.

—:—

A contribution was made to the Marion County United Appeals Campaign at a meeting of Sosnowski Rebekah Lodge Tuesday night. The charter was draped for Mrs Doretta Jeanette Lee whose death occurred recently. For the service Mrs Helen Johnson, noble grand, read two poems and Mrs. Edna Griffith, accompanied at the piano by Mrs. Mary Fout, sang "Abide With Me." The drill team practiced in preparation for inspection Oct. 27. A meeting of the Past Noble Grand Club will be held Oct 7 with Mrs Ila Hall as hostess. A potluck supper will be at 6:30 o'clock.

— —

A contribution of $20 was made to the Marion County United Appeals Campaign at a meeting of Gamma Mu Chapter, Delta Theta Tau Sorority, Tuesday evening in the Elks' parlors. Reports of committees were given and plans furthered for the Province Convention to be held here Jan 23 and 24 Mrs Vernon Pinkerton is chairman and Mrs. Richard Price co-chairman for the convention which will be held in Hotel Harding. Mrs. Edward Fox is province chairman.

Plans were made for a Christmas bazaar to be held Nov. 24 in the community room of the West Town Branch Bank. Mrs. Harry Partridge is chairman for the benefit.

An invitation was accepted from Alpha Xi Chapter of Columbus to attend a National Founder's Day dinner Oct. 16 at the Deshler-Hilton Hotel. At this time chapters from New Lexington, Sidney, Urbana, Columbus and Marion will hold a get-together. The five chapters were hostesses for the national convention in July this year. An invitation also was received from the chapter at Columbia City, Ind., to attend a reception honoring the national president, Mrs. Lowell Grant of that city on Oct. 11. Mrs. Vernon Pinkerton, president of the local chapter will attend.

Mrs Charles Burns was named chairman for the breakfast at the Province Convention when chapters in Ohio and Michigan will be guests

The meeting marked the opening of the fall and winter season for the chapter.

Residents of Edison Mark Golden Wedding

The golden wedding anniversary of Mr. and Mrs Elza Bush of Edison was the occasion of a family dinner Sunday, Sept 20, at the Globe Hotel in Mt Gilead. Hosts were children of the celebrants. Present with the guests of honor were Mr and Mrs. Raymond B. Bush and children Phyllis, Marilyn, Harold and Kenneth of Edison, Mr and Mrs. I D Irick and children Carl, Glen and Howard of Mt Vernon, Mrs Sarah Linn, Mrs. Harold J. Miller of Mt. Gilead and Ed Shaffer of Mansfield

Weddings

Baskets of greenery and two seven-branched candelabra centered with a basket of white gladioli set the scene for the wedding which united Miss Marcella Reeley and Everett Matlack Jr. Sunday, Sept. 13, in the Essex Methodist Church The double ring ceremony was read by the Rev. Leland Wiley at 2 30 o'clock He was assisted by the Rev. Frederick Haley.

The bride is the daughter of Mr and Mrs. Ray D. Reeley of near Essex and the bridegroom's parents are Mr and Mrs. Everett Matlack of Marion.

Mrs Mabel Gill presented the half hour of nuptial music before the ceremony and Marvin Fogt sang.

The bride wore a floor-length gown of candlelight satin and lace made by her mother. It was styled a scalloped neckline and the bodice was of lace over satin with lace sleeves which tapered to points over her hands. Her candlelight veil was caught to a band of rolled satin with net and seed pearls. She wore a strand of pearls and pearl earrings, a gift of the bridegroom. She carried a spray of white roses

Preceding the bride down the aisle was her sister, Miss Shirley Reeley, who wore a gown of aqua net. She carried a bouquet of small orchid dot pompons and crimson rosettes with a matching head piece. The flower girl, Jeanie Miller, cousin of the bride, wore a light orchid taffeta dress and carried a basket of white and pink pompons. Miss Miriam Davis, another of the bride's cousins, lit the candles.

Robert Harrison, brother-in-law of the bridegroom, served as best man. Ushers were John Wiley, Don Ransome and Don Davis.

A reception was held in the church parlors before a table set with a four-tier wedding cake topped with a miniature bride and bridegroom Hostesses were Mrs Rachel Monson, the bride's sister, Miss Anna Lee Potts, Mrs Ruth Mannasmith, Mrs. Maxine Goodrich and Miss Mararget Wilson.

For her wedding trip the bride changed into a winter white dress with navy blue accessories. She wore a corsage from her bridal bouquet. After a short wedding trip through the East, they will reside in Marion

The bride and her husband are both graduates of Richwood High School. She is a graduate of Office Training School at Columbus and was employed by the Frontier Press Co, Columbus. Her husband served two years in the Army, one year overseas in Germany with the 43rd Infantry Division. He is now employed by the Merit Shoe Co. in Marion.

—.—

Fite Memorial Baptist Church was the scene of the wedding of Miss Frances Fox, daughter of Mr and Mrs. Dewey Fox of Norton and Everett Douce, Sunday, Aug 30,

White gladioli, palms and lighted candles decorated the altar for the ceremony read at 2 30 o'clock by the pastor. Rev. Norman Renn The wedding music was by Mrs Martha Rice, pianist, and William Busch, vocalist. Open church was observed.

Given in marriage by her father, the bride wore a gown of white Chantilly lace and satin. The basque bodice was of lace, accented with a sweetheart neckline and long sleeves, and the skirt, worn over hoops, ended in a train A tiara of orange blossoms held her bridal veil and she carried an orchid on a white Bible, the latter a gift from her parents. Her pearl necklace and earrings were a gift from the bridegroom.

Matron of honor was the bride's sister, Mrs. Jack Higgins, and bridesmaids were Miss Hazel Blankenship and Miss Phyllis Grover. The attendants gowns in aqua and orchid shades were identical, made with fitted bodices over which they wore lace jackets The tulle skirts worn over taffeta were gathered full and they wore matching head pieces of nylon tulle and flowers. The flower girls, Patricia Higgins and Karen Fox, nieces of the bride, wore white taffeta dresses and carried baskets of flowers. Dickie Douce, nephew of the bridegroom, was the ringbearer. The candlelighter was Dixie Whitehall.

William Douce served as best man for his brother. They are the sons of Mr. and Mrs. R. E. Douce of Martel. Ushers were Jack Higgins, Carol Tropf and Richard Baldinger Jr.

The reception was in the church parlors where the assistants were Mrs. Wayne Anderson, Mrs. Donald Halt, Miss Betty Searles, Mrs. Donald Sims and Mrs. Clarence Whitehall. The table was centered with a wedding cake surrounded by flowers.

The couple spent their honeymoon in the Smoky Mountains. The bride wore for traveling a silk denim suit in teal blue and navy accessories.

The bride is a graduate of Pleasant High School in 1948 and is employed with the General Telephone Co. The bridegroom was graduated from the Martel High School in 1945 and is engaged in farming. They will make their home at Martel.

Sketches on Lives of Famous Ohioans Given by Speaker

Highlights in the lives of women who figured in Ohio's history over a period of 150 years were related by Mrs. Elmer Kaiser of Columbus at the September dinner meeting of the Marion Altrusa Club Tuesday evening at Hotel Harding. Her topic was "Ohio Women."

The talented speaker, who was a part of the cast of "The Seventeenth Star," portraying Ohio's history in pageantry at the Ohio State Fair, presented a lovely picture in a period gown of 1865. The dress was an authentic replica of a gown belonging to Julia Dent Grant, wife of the eighteenth president. It was of a soft orchid shade with accents of purple, a dropped shoulder and worn over large hoops with a tiny bustle effect in the back. Long white gloves and a fan completed the costume.

Mrs. Kaiser touched on the romance and tragedy in the life of Margaret Blennerhassett, "queen of Ohio River Society," the pioneer life of Betsy Deshler whose husband David was an early settler of Columbus, and the styles and customs of that period as described by Betsy in letters to her mother. Others were Jenny Lind who sang in Columbus in 1851 Kate Chase whose path led her to Washington when her father became secretary of the treasury, Lottie Moon, an "acknowledged flirt" who later became a Confederate spy, Lucy Webb Hayes, and many other women whose names make history.

Guests included Miss Becky Coup, Mrs E. J. Schoenlaub and Mrs. George E. Turner.

Miss Ruth Turner, president, presided. Announcement was made of the Fourth District Conference to be held at Springfield, Oct. 9, 10 and 11. Sprigs of bittersweet decorated the tables and the main table was centered with a basket decorated with bittersweet and filled with calico corn and buckeyes. A special prize was won by Mrs. Lucille Cunningham.

SIAMESE TWINS AFTER SEPARATION. Louisiana's Siamese twins, daughters of Mayor and Mrs. Ashton Mouton of Lafayette, La, are shown with their nurses for the first itme since they were separated by surgery at the Alton Ochsner Foundation Hospital on Sept. 17. Mrs. Inez Herbert (left) holds Catherine Anne, while Carolyn Anne rests in the arms of Mrs. Edna Bentz.

Cloche Hats Returning to Favor, Wardrobe of Queen Indicates

By LOUISE PETRIE

LONDON—(NANA)—Don't hold up your hands in horror when I tell you that the much-despised and laughed-at cloche is returning to favor.

It has been making an attempt in the last season or two, but now it's back with a brand-new appearance that is likely to take a trick. Maybe the fair, cloche-wearing Eva Bartok, whose photographs in the company of the Marquess of Milford Haven have been hitting the news pages, will draw lots of imitators among the younger set.

I know that her films are exuding a strange magnetism. Nineteen and 20-year-olds sit through them twice just to study the lady.

But I'm getting away from the subject of hats. The newest cloches, as presented by the Queen's milliner, Aage Tharrup, have flattering lines. They show a little softening hair, either at the front or sides.

High crowns are having another run of favor and because pretty faces don't follow a set pattern, but are as varied as flowers in a herbaceous border, Tharrup varies these crowns from staight squae affairs to slanting dips, and fine-pointed Dick Whittington types.

In each and every one, severity is absent. Berets even have fascinating roll brims. Some are built threefold, with two couches of color under the predominating crown tone.

Other leading milliners are just as generous in their variety. The pillbox takes to a crown something less squat, look at the narrow, forward - tilting hats which often have folded crowns and a Robin Hood feather. Paris sponsors these, too.

Decorations are particularly interesting. There's nothing lavish, but a great deal of novelty. Fringed leather fronds decorate felts; dangling jewel fobs (mostly jet or bronze colored) give regimental air to pillboxes; buttons in gold, rhinestones or to match the hat; lacquered tiny feathers, feathers, and fluffy cockades contribute to the all-pervading brightness—but are never, never used more than one at a time

Two-toned effects include striped hats in brushed melusine.

This polished-looking fabric made its appearance brushed to kill. Now you brush it the other way. Shaggy dogs have gone to our heads.

Velour, velvet, jersey and felt are all there for our benefit. You can have gay color—follies pink is a resurrection of Victorian days—or subdued tones.

Sunday Contest Planned By Model Airplane Club

Special to The Star

BUCYRUS—The Bucyrus Model Airplane Club will sponsor several contests open to all Crawford County residents at the Bucyrus airport from 1 to 6 p.m. Sunday, Frank Schneider Jr., club secretary announced today.

Prizes will be awarded for various events including control line and all class free flight models Hugh Black is president of the club.

Marion Student Named to Post on College Newspaper

Robert Kelleher of Marion has been appointed manager of the Quaker Quips, weekly campus newspaper of Wilmington College.

A junior in business administration, Kelleher served in the same position during the second semester of 1952-53.

He takes part in several campus activities, including photography for the yearbook, dramatics and journalism. He works part time as projectionist for a city drive-in theater and plans to enter that type of work following his graduation in June of 1955.

Kelleher and two other associates selected to assist him — Miss Janet Jones of Alexandria for editorial work and Miss Carol Allen of Glen Dale, W. Va., in business—will serve on the student-faculty Publications Board.

Kelleher is the son of Mr. and Mrs. R. E. Kelleher of 763 Merkle Ave. He is a 1950 graduate of St. Mary High School where he was business manager of the school annual.

A brother, Ted, is a junior at Wilmington this year A 1951 graduate of St. Mary, he is majoring in engineering. He was a football manager and played football at St. Mary.

LEAVES MILLION TO HOSPITAL

DAYTON, Ohio (AP)—The will of Mrs. Patricia Moyer MacMillan, probated yesterday, shows the widow of the founder of the Dayton Rubber Co left at least a million dollars to the Miami Valley Hospital. Mrs. MacMillan died Friday in Columbus.

Actor Stone Leaves Estate to His Widow

LOS ANGELES (AP)—The estate of actor Lewis Stone, in its entirety, goes to his widow, Mrs. Hazel Elizabeth Stone.

Stone's will, filed for probate yesterday and dated Feb. 18, 1935, explained that Stone was leaving nothing to his two daughters, Mrs. Virginia Stone Van Beuren of New York City and Mrs. Barbara Stone Ion of North Hollywood, because they were provided for under insurance policies.

Stone died Sept. 12 of a heart attack at the age of 73. He collapsed while chasing three teenage prowlers outside his home.

The actor's estate is valued at approximately $150,000.

Navy Dismisses Charges Against Girl Stowaway

LOS ANGELES (AP)—The federal government has dismissed a charge of illegally wearing a Navy uniform against 18-year-old Joan Garrison, who startled the Navy by stowing away aboard the heavy cruiser Los Angeles last summer

"The charge was dismissed because it did not seem in the interest of justice to prosecute," U S. Atty. Laughlin Waters told reporters yesterday.

Miss Garrison was smuggled aboard the cruiser last July 14 by a sailor identified only as "Worm." Although she was hidden away, it wasn't long until 500 sailors had seen her. She was "officially discovered" after about 12 hours.

She was formally charged and released on her own recognizance.

Neighbor Shaves Annoying Tomcat, Owner Is Peeved

OKLAHOMA CITY (AP) — "He's positively bald," a woman told Detective Lt. Walt Turner yesterday. "I want something done about it."

She explained she was talking about her Persian tomcat. She wailed that her neighbor had shaved the cat and "He can't go out without any hair on."

The neighbor admitted the deed, complaining he couldn't get any sleep because of the cat's wailing. Turner says he's checking to see if there is a statute against shaving a wailing tomcat

Makers of Ammunition Appear Safe at Work

JOLIET, Ill. (UP)—Ammunition production is one of the nation's safest industries, according to statistics of the National Safety Council and information released by the Ordnance Ammunition Center.

In 1952, jobs in an army ammunition plant were only one-fourth as hazardous as work in the average industrial factory.

Of all the major industries whose accident experience is tabulated by the National Council, only one—the communications industry—has a lower accident-frequency rate than the 22 Army Ordnance Corps ammunition installations under the jurisdiction of the Ordnance Ammunition Center

The 100,000 workers in these ammunition factories are only one-third as likely to be injured on their jobs as they are in automobiles They are only one-fifth as likely to be killed as they would be if they were farm workers, Safety Council figures showed

The ammunition plants turn out nearly all the artillery shells, rockets, bombs, mines and grenades produced in the U. S

Last year only six workers lost their lives in accidents attributable to explosives.

LIGHTNING ALARM

NORWICH, Conn (UP)—Firemen were startled when fire bells rang, fire whistles screamed and the fire signal switchboard lights began flashing all was calm outside the firehouse, however. Lightning bolts caused all the commotion by twice striking the city" fire alarm system.

Prep School Mentors Rivals to Bitter End

SACO, Me. (UP) — Bill Curran and Joe Regina are rivals as coaches. Curran leads the athletic teams of Cheverus High School in Portland and Regina of St .Louis High in Biddeford

Curran and Regina chatted pleasantly in Saco where the St Louis coach is a summer patrolman and where Curran was visiting on business

Curran went to his car after the chat and found a parking ticket on the windshield At police headquarters to pay the fine he inquired the name of the patrolman on the ticket

The desk sergeant read it "Joe Regina."

Woman's Purse Tools Saves Young Boy's Life

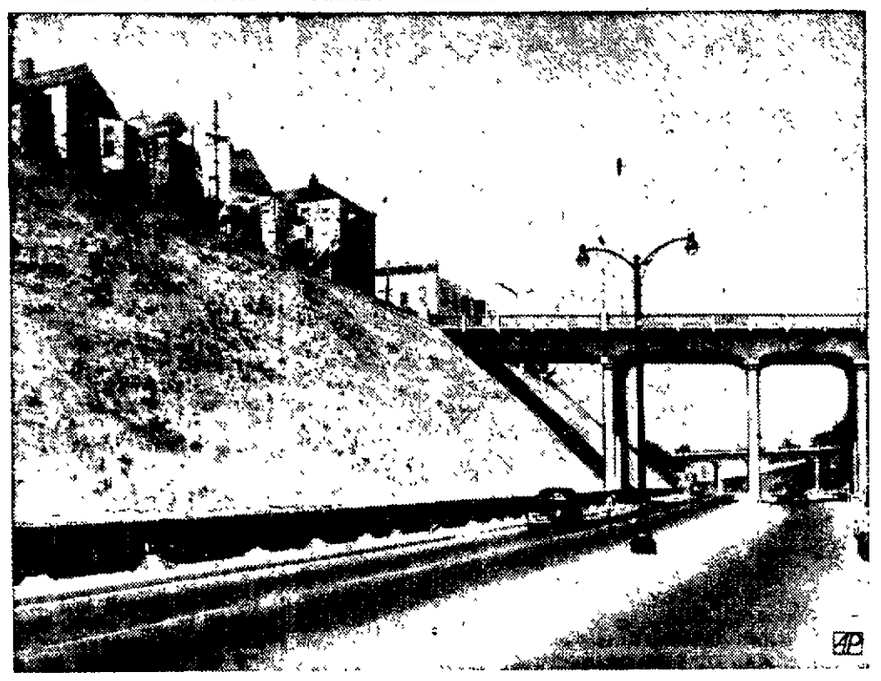
KANSAS CITY, Mo (UP)—Ten-year-old Bill Redden probably owes life to Mrs Ona Rasher's long habit of carving a knife, scissors and a screw driver in her purse

The youngster slipped while playing with a rope knotted around his neck and dangled from a tree his feet almost but not quite touching the ground.

Eugene Carter, one passerby, didn't have a knife to use when he spotted the boy But Mrs. Rasher also happened to be nearby. Carter cut the rope with Mrs. Rasher's knife.

MUSICAL ANIMAL

SOUTHPORT, Conn. (UP)—The organist in the Trinity Episcopal Church ran into trouble just before a service was to begin. Sour notes began issuing from her console and investigation disclosed an opossum nesting in its vitals.



CONCRETE SOLUTION. Wall of Bernal Cut, San Francisco, Calif., once a source of danger on account of minor rock slides, lets loose no more since it was sprayed with cement.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market marked time today in a steady manner.

Trading was unusually slow following a spirited two-day advance.

Gains and losses almost without exception were in the smaller fractions, and there were no areas of either individual or group excitement.

Railroads were a trifle lower on balance, and minus signs cropped up in oils, steels, and motors.

The aircrafts were higher, and leaning a little higher were such groups as air lines, rubbers, chemicals, and motion pictures.

Higher stocks included United Air Lines, Kennecott Copper, American Woolen, and Boeing.

Lower were Bethlehem Steel, Chrysler, Baltimore & Ohio, and American Telephone.

Woman, 87, Burned To Death in Farm Fire

TECUMSEH, Neb. (AP)—Mrs. Caroline Borrenpohl, 87-year-old semi-invalid, burned to death in a farmhouse yesterday after futilely shouting into her party line telephone "The house is afire."

Neighbors who heard the call were unable to tell where it was coming from.

WHAT BRAND WAS IT?

HASTINGS, Neb. (UP)—One disgusted fisherman reported that after he had failed to snare a trout on worms, spinners, wet flies dry flies, wool yarn and several other devices, he tossed a lighted cigarette into the water As it hit the water, a trout grabbed it.

GRAIN MARKET

Chicago Grain Market

CHICAGO (AP)—Most grains were a little lower at the opening on the Board of Trade today.

Samuel Eichhorn—Friday 1 30 p m, Craven Funeral Home, Mt Gilead, Rev. Eli Lightner, burial Marion Cemetery.

Benjamin F. Rodecker—Friday 10 30 a.m. Craven Funeral Home, Mt. Gilead, burial Mendon Cemetery in Mercer County.

Mrs. Julia Juanita Peebles—Saturday 10 a m., Boyd Funeral Home Rev. M. E. Hollensen, burial Chapel Heights Memory Gardens. Friends may call at the funeral home.

James Krawczyk—Friday 9 30 a m., St Mary Catholic Church, Very Rev. William J. Spickerman, V F. Friends may call at the L. A. Axe and Son Funeral Home

APPROPRIATE

LAFAYETTE, Ind (UP) — Thieves entered a store and stole $18 worth of boys' sport shirts across which were emblazoned the words "I'm a Little Stinker" the Timson Allen Funeral Home, Caledonia.

Two Vinson Wills Declared Invalid

WASHINGTON (AP) — Two wills left by the late Chief Justice Fred M. Vinson were declared invalid yesterday and his son was appointed administrator of his estate

The wills—one dated in 1928, the other in 1930—were invalidated because they lacked the signatures of witnesses

Fred M. Vinson Jr., in petitioning district court for appointment as estate administrator, said his father left about $1,160 in personal property here.

A HARD DOLLAR

TOPEKA, Kan. (UP) — Topeka police believe thieves often work harder than men earning an honest living Take the case of a 1934 automobile being junked. It had no wheels, no seats, no hood, no grill, no back window. Yet some thief took wheels from another automobile put them on the derelict's body and pulled the old car away

No Kinship

Fear of Women Shared by Machinery

NEW YORK (AP) — It is not only men who are secretly or openly afraid of women. Machinery is too.

Few things show the difference between the sexes more than their attitude toward machinery.

A boy loves his bicycle almost as if it were a horse. A man feels the same way about his motor car. He pats it on its shiny faithful side and in his heart he hears its answering neigh.

Men feel a real kinship and loyalty to many machines. They think of a machine as another living thing with a personality of its own. The old engineer has a pet name for his iron horse. The flier has one for his plane. So does many an infantryman for his rifle.

Since a man does think of a favorite machine as having a life of its own, he respects the quirks in its nature. He knows he has his ups and downs, and realizes even the best - hearted and most willing machine has its bad days as well as its good days.

Therefore, when something goes wrong with the machine, when it fails to function for one reason or other, it makes him as uneasy as if a human friend fell ill. His general attitude is one of, "What can I do to help you, Buddy?" And he tries with understanding hands to find out what ails his machine, and fix it and make it feel well enough again to go about its usual work.

Few women go in for this kind of nonsense. They are superstitious about many things, but they don't endow any machine with heart, soul or spirit. There is no real camaraderie between a woman and her cookstove, refrigerator, vacuum cleaner or hair dryer.

She never thinks of a machine as having a mind of its own, and it had better not act as if it did. She has enough mind for both of them, and a machine had better obey her, if it knows what is good for it. She is not going to put up with any metal whims.

A man never trades in an old motor car without silently saying, "Goodbye, old pal, goodbye." He has a twinge of conscience, and feels like a cowboy who sells his old horse to a dog food cannery. He knows he is turning his back on one who has served him long and well.

But what housewife, on getting a new refrigerator, ever threw her arms lovingly around the old one, and wept, "Au revoir, my darling. There'll never be another refrigerator with trays like yours."

Machines are not really as dumb as they look. They know the difference in the way men and women feel toward them.

A machine realizes that if it isn't up to par all it has to do is creak or complain or decline to do its job, and a man will sympathetically take it apart and do his best to make it well again. But it doesn't take a machine with much sense to learn that won't do at all with a woman.

Women are always bragging about how they can fix machines by jiggling them. They don't really fix them. When a woman goes over and jiggles a balky machine, it knows she is threatening, "You start working right now, you silly clump of metal, or out of this warm house you go right into a junkpile."

The machine, whatever is wrong with it, promptly starts working again — but only out of pure fear. It is running on sheer nerves, overwhelmed by a dominant feminine personality.

The sick machine goes on clugging frantically until it collapses, and the woman tells her husband, "That old thing is worn out. I'll have to have a new one."

But if you really gave the poor faithful departed machine an honest post-mortem it would have to be this "Nervous breakdown from overwork induced by fear of a woman. Can be restored to normal function by replacement of fright-stripped gears and prolonged rest in strictly male atmosphere."

THE GENERAL SEES HIS GRANDCHILD. There's a look of pride on the face of Maj. Gen. William Dean as he looks for the first time at his tow-headed grandson, Robert Dean Williams, 2½, who was born while the general was a Communist prisoner of war in Korea. At left is Robert's mother, Mrs. Marjorie June Williams, the general's daughter and wife of an Army captain. Members of Gen. Dean's family greeted him at Travis Air Force Base, Calif., as he arrived in the United States by plane.

Sales Tax

(Continued from Page 1)

ency in our armed forces and in other government departments, so we can make necessary savings.

"As we know, the Eisenhower administration is leaving no stone unturned in order to try to save every possible dollar which it reasonably can.

Must Hunt New Sources

"But it cannot accomplish budget miracles. So, inevitably, we are having to search for new sources of revenue. . . It was only natural that people should at least consider a national sales tax."

Secretary of the Treasury Humphrey has said a federal sales tax is one of many proposals being considered, but that no final decisions have been made on what to recommend to Congress. Tax law changes scheduled to take effect automatically next year will cost the Treasury about eight billion dollars a year.

Sen. Wiley said a sales levy "is the worst, unfairest type of tax" because it falls most heavily on low income families.

He offered no specific tax suggestions of his own.

Wiley did not expand on why he felt that defense spending would have to be upped. He renewed, however, his call for the administration to give the American people "the minimum facts about the menace to our survival."

"Operation Candor is the prelude to Operation Survival," he said. "A people groping in the dark cannot come to sound decisions."

O'Neill Issues Ruling On Welfare Department

COLUMBUS, Ohio (AP)—Atty. Gen. C. William O'Neill today ruled a county welfare director cannot hire an outside organization to survey his department.

O'Neill's ruling went to Prosecutor Richard P. Faulkner of Champaign County. The opinion said neither can county commissioners hire outside survey help.

But, O'Neill continued, both the director and commissioners can hire regular employes to make a survey.

Faulkner said the commissioners wanted to hire an outsider, possibly a college professor, to survey the welfare department with a view toward more efficient management.

Hairpin Not Enough, Woman Has Blackjack

ALBUQUERQUE, N. M. (AP)—It used to be that women defended themselves with hatpins.

But this is the atomic age, and apparently Mrs. J. Slade Senior thinks that along with the A-bomb, things and people are tougher.

She was given a suspended fine of $100 yesterday for toting a blackjack.

Weather Report

OHIO—Fair and warmer today, highest 75-80. Increasing cloudiness and not as cool tonight, lowest in 50s. Friday mostly cloudy and mild with scattered thundershowers mostly over north.

French Launch New Attack In Indochina

HANOI, Indochina (Delayed) (AP)—French Union troops supported by planes and armored and naval units at dawn launched a big mop-up action against the Communist-led Vietminh's "ambush capital" in the Red River delta, 30 miles southeast of Hanoi.

The French high command announced "several battalions," possibly 5,000 troops, were driving against several Vietminh units which for a long time have been troublesome to the French within the vital defense bastion of the Delta.

They have principally operated around the town of Huygen, along the Red River where frequent enemy ambushes of French patrols has earned the sector the nickname "ambush capital."

Pole Tells Probers Why He Quit Reds

WASHINGTON (AP) — Dr Marek Stanislaw Korowicz today told a congressional committee—and via radio the people behind the Iron Curtain—why he quit Poland's United Nations delegation and asked asylum in the United States.

"I knew it was only in the United States that I could serve to the fullest extent the interest of Poland," he said.

The 50-year-old law professor spoke in French from the witness chair of the House Un-American Activities Committee.

His immediate audience was limited to a translator, committee members, newsmen, radio - TV technicians, and representatives of the National Committee for a Free Europe, Inc., a private organization. As a security measure to protect Korowicz, the general public was barred.

Sheriff

(Continued from Page 1)

Effects of the finding makes the county and the sheriff responsible for the death of every man holding a special commission, even though he may never have worked a day for the law enforcement agency.

Many such special deputies throughout the state hold the commisison as an honor, a method of carrying a firearm legally, or to enable them to act if an emergency arises.

In Columbus approximately 300 special deputies assisted at the Oct. 31 Ohio Penitentiary fire and riot.

In Marion, Sheriff Obenour said he preferred not to reveal the names of the special deputies affected by this action because some have assisted his office on special investigations.

Firemen's Relief Fund Increased by $6,603

Marion firemen's relief and pension fund was increased by $6,603 today following distribution of money appropriated by the last state legislature, State Auditor James A. Rhodes reported. This amount was part of $707,600 distributed to 41 cities.

Rhodes said 13 cities had to refund a total of $26,220 they had received, because of errors in the auditor's office that gave them more money than they were entitled to receive since the funds were begun in 1948. Carey, one of these 13 cities, had to refund $374.

BOY, 3, DROWNS

DAYTON, Ohio (AP) — Sheriff's deputies said Philip Hess 3, wandered a mile from his Shiloh home yesterday and drowned in a two-foot deep fishpond.

AFL

(Continued from Page 1)

bers of Eisenhower's Cabinet, Secretary of State Dulles and Welfare Secretary Oveta Culp Hobby as well as from former President Truman.

Truman To Be Heard

Truman was to speak at convention memorial services for the late AFL President William Green and there was no advance indication he would engage in the running controversy between AFL leaders and the Eisenhower administration over Taft-Hartley changes.

Nixon, in remarks of his own before delivering Eisenhower's views to the convention, said he was confident President Eisenhower hadn't broken his word on Taft-Hartley changes as claimed by former Secretary of Labor Martin Durkin, an AFL union leader.

Durkin quit the Eisenhower Cabinet job two weeks ago. He said Eisenhower gave him a personal promise to support a set of 19 changes in the T-H law, but later said he couldn't "go along" with the changes.

Never Broken Promise

Nixon said Eisenhower in 40 years of service to his country has never been guilty of breaking his solemnly-given word on anything and I don't believe anyone can claim he broke his word in this instance.

"I know Martin Durkin and I also know the President of the United States," Nixon said, "and I consider them both to be honorable men."

Nixon said there "apparently was a misunderstanding between them," a comment that brought a burst of laughter from the delegates, who had considerably more applause later for Sen. Wayne Morse (Ind-Ore).

Morse said a comment made by Nixon that an administration message outlining T-H changes had been prepared for Congress indicated Durkin was right about claiming he had an agreement.

"The time has come to reject this kind of alibing you heard this morning from the vice president," Morse said. He called for election of a Democratic congress in 1954.

Dulles Asks AFL For Cooperation

ST. LOUIS (AP)—Secretary of State Dulles called today for a "closer partnership" between the government and the American Federation of Labor in a worldwide campaign to "explode the Communist myth" of a worker's paradise behind the Iron Curtain. He said the Reds had used this myth effectively to extend Soviet power.

In a speech prepared for the American Federation of Labor convention here, Dulles pictured Soviet communism as being actually and exploitation of the worker.

"No task is more important for us than that of exploding the Communist myth," he said.

He told the AFL gathering "You have done more than any other single body to explode the Communist myth,' and added:

"In this matter there should be closer partnership between us."

Ohio Northern Plans Classes in Marysville

An extension course in New Testament History will be offered by Ohio Northern University during this fall quarter at the high school in Marysville. Classes will start Wednesday, Sept. 30 at 7 p.m. and continue each Wednesday during the series.

Marion E. Tinsler, professor of religion at Ohio Northern, will teach the course which carries three quarter hours credit. The class, though open to eveyone, is given as a regular college course for teachers working towards their degrees. Other courses have been set up for the winter and spring quarters.

POW's

(Continued from Page 1)

the original list submitted Sept. 9 had been repatriated.

27 Names Scratched Off

The U. N. Command deleted 27 names from the original list of 944 Americans, then added 41 more American names. They also added the names of two British soldiers and one Canadian.

Two weeks after the Allies submitted the first list of 3,404 names the Reds answered that most had never been prisoners. The Communists said some died in captivity, while others either had been repatriated, had escaped, or had been released at the front during the war.

The highest ranking American turned over to Indian custody is a sergeant.

Barrage of Bibles Will Continue, Evangelist Says

TEXARKANA, Ark. (AP)—Evangelist Billy James Hargis announced that the International Council of Christian Churches plans to float 20,000 Bibles by balloon over the Iron Curtain next year.

Hargis heads the Bible balloon program for the council. He previously has reported the council had sent 10,000 Bible-bearing balloons aloft in Europe this month so winds could sweep them into Red nations.

The Joplin, Mo., evangelist directed the balloon launching program in Europe. He arrived here yesterday to visit members of his family.

Rail Engineer Dies Suddenly in Train

PROSPECT — Emmett Arthur Holt, 62, of Columbus, C. & O. Railroad diesel freight engineer died suddenly at controls in the cab of C. & O. Freight Train 7059, northbound, near Prospect about 7:55 a.m. today.

He was stricken as the train neared Prospect, at a point about a mile south of town. The train was brought into Prospect by a relief engineer whose name was not learned.

Dr. R. T. Gray was called and pronounced cause of death heart attack. The body was taken to the Gehm Funeral Home in an ambulance, and was to be removed later today to the Richard Evans Funeral Home in Columbus.

Estimated $300 Loss Reported In 2 Fires Here

Damage of $300 was estimated in one of two fires Wednesday, firemen reported today.

Fire of undetermined origin caused damage to a storage barn owned by Edith Anderson at the rear of 727 N. State St. Wednesday night.

The fire spread to a small playhouse against the barn and resulted in an estimated $10 loss. The playhouse was on the George Pemberton residence at 753 N. State St.

Fire Chief O. A. Sifritt said the entire building was singed and that the north end of the structure was burned out. The Marion Township truck and firemen from Central station were called at 10:21 p.m.

Small loss was reported in a fire at house No. 67 at the Veterans Housing Unit on W. Fairground St. late Wednesday afternoon.

Chief Sifritt said James Casperson was hooking up a gas stove and failed to shut the gas off. The gas was ignited by the burner of the hot water tank and resulted in a rug being burned. Casperson had put the fire out on arrival of firemen. The Marion Township truck and firemen from Central station were summoned at 5:40 p.m.

H-Bomb

(Continued from Page 1)

thus is confronted with two problems of the utmost urgency and gravity:

1. To convince the world of the utter devastation that would come with war using the new weapon.

2. To seek tighter defense of the North American continent against nuclear attack—a defense which even the most optimistic do not believe can be absolute.

Ohio Congressman Tours U.S. Outposts

SALZBURG, Austria (AP) — Congressman Hess (R-Ohio) and his eight-member subcommittee of the House Armed Services Committee arrived in Salzburg today to inspect U. S. military installations in this area.

After their visit to Salzburg, the party goes to Vienna and then to the U. S. Armys support command in Leghorn, Italy.

WOMAN RESCUED FROM LEDGE. Fire Marshal James R. Hughes grabs Millicent Armin, 36, on ledge 20 floors above street just as she threatened to jump to her death from the Tribune Tower in Chicago. The woman, who was backed into a corner at left, was talked into patting her dog by Hughes and police in the dormer window, and when she reached in Hughes grabbed her. This dramatic picture was made by Photographer John Pusis of the Chicago Daily News.

McCarthy Will Ask Senators To Cite Authors

NEW YORK (AP)—Sen. Joseph R. McCarthy (R-Wis) says he will ask the Senate to cite author Corliss Lamont on at least "two dozen" contempt counts for refusing to answer questions before the Senate permanent investigations subcommittee.

McCarthy said he called Lamont for a one-day closed hearing yesterday because two of the author's books are in State Department libraries overseas.

In a statement issued after the hearing, Lamont challenged the legality of McCarthy's committee and declared:

"I am a loyal American and I am not now and never have been a member of the Communist party."

McCarthy agreed that Lamont testified to that effect. But the senator said Lamont refused to answer his questions on the same subject or to invoke the Fifth Amendment, which allows an individual to refuse to answer certain questions on the grounds of self-incrimination.

In his statement Lament, son of the late financier Thomas W. Lamont, charged that McCarthy's inquiry violated the free speech and free press guarantee of the First Amendment and added:

"Under the rules of the Senate and the statutes organizing the appointment of this standing committee, this committee has no authority to examine into the personal and private affairs of private citizens.

"Any action with regard to my books by officials of the government was done without my prior knowledge or consultation with me . . ."

McCarthy said Lamont will be called to a public hearing of his subcommittee scheduled for next Monday in Washington.

ICC Recommends Parity on Shipment Of Ore by Railway

WASHINGTON (AP)—An Interstate Commerce Commission examiner said yesterday there should be freight rate parity among the North Atlantic ports on inland rail shipments of imported iron ores.

He recommended the commission approve an adjustment in charges to put Boston, New York and Philadelphia on the same level as Baltimore, which has long enjoyed a lower rate base.

The examiner, C. W. Griffin, held hearings earlier this year after the railroads serving the various ports got into something of a rate-war over the ore import business.

On inland shipments for steel mills in the Wheeling (W. Va.), Steubenville and Youngstown (Ohio) areas, the rates from Boston and New York are now 20 cents a ton above those from Philadelphia and 60 cents a ton above those from Baltimore.

Clark Rejects Red Explanation

TOKYO (AP)—Gen. Mark Clark told the Communists today he considers "wholly unacceptable" Red answers to U. N. demands for an accounting of missing Allied soldiers believed to have been prisoners of war.

In a letter delivered at Panmunjom tonight, the U. N. commander demand the "immediate return of those United Nations Command personnel remaining in your hands, and an honest accounting for all others who have been so clearly identified as having been in your custody."

The Allies demanded on Sept. 9 an accounting of 3,404 men, including 944 Americans, identified at some time as prisoners of the Reds. The total was revised upward to 3,421 today.

The Reds replied some of the men already have been repatriated, others were released at the front, some escaped and some died. But the Communists said most of those on the list never were prisoners.

U.N.

(Continued from Page 1)

British-American breach, caused by U.S. opposition to India as a peace conference member, has repaired.

The two allies also are sticking together in support of Turkey for the Security Council seat which Greece will yield at the end of its two-year term in December.

The Philippines came out late yesterday with a surprise announcement that they were a candidate for the council and that the Arab-Asian group of 15 nations—whose support Turkey had been counting on—would back them to keep an Asian country in the council. Pakistan is also bowing out in December, with New Eealand due to be elected to fill what is regarded as a British commonwealth chair.

BACKED FOR POSTMASTER

WASHINGTON (AP)—Rep. Bow (R-Ohio) has recommended Mrs. Margaret A. Faber to be postmaster of Sandyville, Tuscarawas County.

Murder

(Continued from Page 1)

Schinagle used to club and stab his sweetheart. They found an iron pipe four feet long, rusty and corroded, and brought it from the waters of the Olentangy River. The pipe, about three inches thick, was jagged on one end and looped on the other, like those used by old-time street car motormen to switch tracks.

At first, Schinagle was not sure where he had gotten rid of the pipe, but finally led officers, Sheriff McAllister and Joe Martino of the state bureau of criminal investigation, to the William St. bridge. He said he vaguely remembered throwing the pipe, the girl's watch and identification bracelet into the river. The search failed to turn up the girl's belongings and Schinagle said he was not positive what he did with the girl's box of clothing.

The sheriff theorized that Shinagle used the ring on one end of the pipe to beat the Pfeil girl with, and the jagged end to disfigure her face so that she would not be recognized.

Vague About Happenings

Schinagle told the sheriff that he is still not sure where he found the iron pipe. In fact, he is vague about what happened from the time he left the college campus, with the unconscious Pfeil girl on the back seat of his car, until he drove back into Delaware.

It was about 6:15 last night when the slim, sandy - haired youth viewed the girl's body at the funeral home and identified her. It was the first time he had seen the body. He told Sheriff McAlister previously that he preferred not to see her.

Police asked Schinagle to look at the girl. "Does this look like the girl" they asked. Schinagle turned away, nodding his head. He walked back to the sheriff's car and dropped down onto the seat. He stare into space for a few minutes, then lowered his head into his hands and shook with silent sobs.

Parents Return

The youth's parents, Mr. and Mrs. Roy Schinagle Sr., returned to their Mayfield Heights home after talking with him for about an hour late Tuesday night, right after Schinagle had signed a nine-page confession of the killing. "I'm all right, Mom," he told his mother reassuringly when the Schinagles arrived at the Wyandot County jail. He still wore the ROTC uniform that he wore when Upper Sandusky officials took him into custody on the OWU campus.

He asked his mother to pray.

"Pray!" she murmured. "Who do I pray to? I can't believe there's a God after this . . ."

Mrs. Schinagle repeatedly insisted that it was her fault. "I'm to blame," she cried. "Roy wanted to marry the girl. I wouldn't let him."

Wanted To Be Near Him

According to Schinagle's confession, the Pfeil girl, whom he met last year while they were freshmen at Ohio Wesleyan University, had come to Delaware the day before she was killed. She had been working in Cleveland during the summer and was going to attempt to find a job in Delaware so that she could be near the youth. He said they planned to be married soon and that the girl was pregnant.

He said the girl stayed at an equipment shack on the university's football practice field on Wednesday night because she could not find a hotel room. He said they met near the shack on Thursday at dusk. Then minor quarrel, which started over some "silly" matter, grew until the girl slapped him. He said he "saw red" and finally choked her. He said he loaded the body into his car and drove away. He thought he had stopped once or twice and tried to revive her. Somewhere he picked up the iron pipe and beat her with it. When he dumped the body along a deserted country road, three miles north of Upper Sandusky, he attempted to disfigure her face so that she would not be identified. He said he knew he would be the first person to be linked with the death.

He insisted, in talking with the sheriff, that the thing had been "on his mind" and that he would have given himself up if officers hadn't located him.

After viewing the girl at the Upper Sandusky funeral home last night, the girl's body was shipped to White Plains for funeral service and burial.

Sheriff's deputies said Schinagle "slept pretty well" Tuesday and Wednesday nights and that he has been able to eat.

Steam Cleaner Bought By Mt. Zion FFA Boys

Special to The Star

BUCYRUS — Purchase of a steam cleaner for use in cleaning hog coops, barns and farm machinery has been made by the Future Farmers of America chapter at Mt. Zion High School, west of here.

The equipment is expected to be helpful in the control of parasites and disease, principally in pig and poultry sheds and will be available for use to Mt. Zion community residents for a small rental fee, club officers announced.

Depot Workers Contribute 103 Pints of Blood

Volunteer blood donors at the Marion Engineer Depot numbering 111, contributed 103 pints of blood when the Red Cross Bloodmobile Unit visited the area Wednesday for one of its two visits to Marion this week. The number of pints of blood was 47 less than the quota, which is 150 for each mobile unit operation. Number of donors needed to supply the quota is 200.

Dr. Crawford Pope of the Marion Engineer Depot staff was in charge. Nurses assisting were Mrs. George W. Bull, Mrs. John Watters, Miss Opal Ford, Mrs. Paul Dasher and Mrs. Hazel Price.

Serving as nurses' aides were Mrs. Harry Carey and Mrs. J. W. Bull, staff aides were Mrs. Floyd Cornely, Mrs. Ivan Barnhart, Mrs. J. E. Frye, Mrs. W. P. Mahaffey, Mrs. David Rizor and Mrs. Etta Trickey. Mrs. B. G. Moloney was in charge of the motor corps and Gray Ladies were Mrs. T. E. Sonnanstine, Mrs. Robert Graham and Mrs. W. E. Smith.

Staffing the canteen were Mrs. Harold Meister, Mrs. William McGee, Mrs. E. H. Burnap, Mrs. Cloyce Taylor, Mrs. Lowell Midlam, Mrs. Ralph Bauer, Mrs. Howard Mitchell and Mrs. E. Fogle. Mrs. Gladys Arter, assistant chairman of volunteer services was in charge.

Operation on Boa Constrictor Viewed From Safe Distance

STILLWATER, Okla. (AP)—Patients and spectators at the Oklahoma A&M College veterinary clinic made a beeline for the door today when "Papa," a fellow patient, made his appearance.

"Papa," a slender 15-year-old, had a tumor-like growth on his jaw. He was quiet and amiable during the operation, although it took three men to hold him on the table.

He's an eight-foot boa constrictor from South America, a star performer in a sideshow now playing at the Payne County Fair.

"He isn't mean and not so strong since he's been sick," his owner assured the doctors. "He's got just enough strength to pull an army off maybe."

The operation was a success.

Malone, N.Y. Policeman, Likes Firefighting Best

MALONE, N. Y. (AP)—Earl Garceau transferred from this northern New York city's police department to the fire department because he thought he could be more useful.

Tuesday night he joined firemen for his first tour of duty. Presto, he answered a fire alarm.

Six years ago, Garceau, who is 35, swapped fireman's garb for the blue of the police force.

West Virginia Night Club Now Tabernacle

MORGANTOWN, W. Va. (AP) — The Rev. Stoneking Groves, director of the Spiritual Life Council congregation, says his group should be able to move into a made-over tabernacle within a month.

Site of the tabernacle will be the Old Cheat Lake supper club, one - time plush nightspot which used to be the scene of frequent gambling and liquor raids before it was closed three years ago.

Los Angeles Executive Heads U.S. Foremen

MILWAUKEE (AP) — Edward O. Seits, executive assistant to the vice president of manufacturing of North American Aviation Co., Los Angeles, yesterday was re-elected president of the National Assn. of Foremen.

Marion Kershner, Middletown, Ohio was elected first vice president and William G. Differenderfer, Cleveland, was chosen secretary-treasurer.

New Mexico To Get Tough on Texas Drivers

AUSTIN, Tex. (AP)—Texas motorists caught breaking New Mexico's traffic laws may find the going rough in the future.

Justice of the Peace Robert L. Ayers of Albuquerque notified the Texas state police that one Texan recently paid his fine with a check—then stopped payment on the check.

Ayers said in effect that the practice is frowned upon in New Mexico.

Officer Checks Church Gets Unexpected Bath

TULSA, Okla. (AP)—Officer Orval Bennett, scouting a Baptist church here late at night for a possible burglar, accidentally came a cropper.

Creeping down some stairs in the darkened church he felt his feet getting wet. Trying to determine his location he slipped.

Kerplash! He ended up in the baptistery.

He caught nothing but a cold.

Half-Year Report Filed

1953 Crime Rate in Ohio Parallels Record for '52

WASHINGTON (AP)—Crimes were committed in Ohio at about the same rate during the first half of 1953 as in the same period last year.

The murder rate, according to Uniform Crime rates, a new FBI publication, was down somewhat in the state—from the 1.91 murders per 100,000 persons listed the first six months of 1952 to 1.71 recorded January to June this year.

But aggravated assault was up, from 20 cases per 100,000 population to 24 1. This is defined as any violent attack on a person, such as poisoning, stabbing or shooting.

The FBI study, which shows that major crime increased 2½ per cent nationally in the first six months of 1953 compared with the first half of 1952, covered 166 Ohio cities and towns in computing overall crime.

Other Ohio crime figures, comparing the first half of each year per 100,000 persons:

Roberies up from 21.7 to 22.1; burglaries down from 149.3 to 137 1; larcenies down from 462.3 to 456.1; auto thefts down from 63.6 to 63 4.

The FBI report also lists crimes in selected cities of over 25,000 in population, with a breakdown in each category.

For Ohio, 33 such cities were selected. Here is a partial list of those cities, comparing the 1952 and 1953 figures, first figure for 1952

Murder

Alliance 1-0; Canton 2-3; Hamilton 1-0, Lima 0-0; Marion 0-1; Massillon 0-1; Middletown 0-0; Newark 1-1; Springfield 2-0; Steubenville 2-1; Zanesville 0-0.

Robbery:

Alliance 1-2; Canton 9-24; Hamilton 10-8; Lima 8-10, Marion 4-4; Massillon 4-6, Middletown 2-1; Newark 1-1; Portsmouth 7-22; Springfield 12-6; Steubenville 12-5, Zanesville 5-2.

Aggravated assault:

Alliance 0-2, Canton 14-8; Hamilton 24-23; Marion 0-9; Massillon 2-0; Middletown 4-9; Newark 0-0, Portsmouth 7-7; Springfield 24-15; Steubenville 5-8; Zanesville 1-2.

Burglary:

Alliance 0-2; Canton 14-8; Hamilton 24-23; Lima 19-38; Marion 0-0; Massillon 2-0, Middletown 4-9, Newark 0-0; Portsmouth 7 - 7, Springfield 24-15; Steubenville 5-8; Zanesville 1-2.

Burglary:

Alliance 83-43, Canton 184-168, Hamilton 106 - 99, Lima 110-128; Marion 7-67, Massillon 47-27; Middletown 52-73, Newark 53 - 55; Portsmouth 136 - 106, Springfield 111-97, Steubenville 52-70; Zanesville 49-45.

Auto Theft:

Alliance 26 - 26, Canton 78-70; Hamilton 15-82; Lima 45-58, Marion 26-13, Massillon 8-11; Middletown 45-50; Newark 14-26; Portsmouth 38-45; Steubenville 13 - 46, Zanesville 42-39.

Erie's Trains To Sport New Color Schemes

CLEVELAND — Taking a hint from public preference for brighter color, Erie Railroad passenger trains will soon make their appearance in a new smart color scheme, A. G Oldenquist, passenger traffic manager, announced today.

Oldenquist said the first car finished in the new painting program will be placed in service on the Chicago to New York run today, The schedule calls for taking a number of cars out of service at regular intervals until the entire fleet carries the new color scheme.

In 1951 the Erie replaced its main line diesel passenger locomotives with 2250 horsepower units which were painted green with a wide light gray panel outlined with a yellow band along the sides.

"Because of the favorable comments by our passengers who apparently want something 'flashy,' whether in automobiles or trains, we decided to carry the color scheme of the diesel locomotives over the entire trains," Oldenquist said. "We think it will present a streamline appearance that will be pleasing to the public"

The painting program will include all baggage, mail, express, coaches and sleeping cars used in through line passenger train service, Oldenquist said.

Potters Sign Six Month Wage Pact

NEW YORK (AP)—Labor-management negotiations in the pottery industry ended yesterday with the present agreement being extended for six months, from Oct. 1 to April 1, 1954.

The announcement came from Frank Hull, president of the AFL International Brotherhood of Operative Potters, representing about 28,000 members in 11 states.

They make about 70 per cent of the dinnerware in the United States.

Hull said no general wage increase was effectuated in the negotiations with the U.S. Potters Assn, but that various inequities were corrected and that this would result in an increased pay roll.

He estimated the present average wage in the industry at $1 65 an hour. He said he could not estimate how much the inequity corrections would amount to.

Hull said the union presently had a union shop agreement with the association, and that the association now had agreed to a check-off system of paying dues.

Arrangements were made also, Hull said, for the establishment of committees at the plant level to study inequities and inequalities.

Two Canton Men Admit Holdup in Zanesville

ZANESVILLE, (AP)—Acting Police Chief Henry Richardson said yesterday two Canton men — Milton Schneider, 32, and Sam Munteau, 18—admitted the armed robery of a grocery store here Aug. 15.

He said they told him they rifled the cash register of $231 while Gilbert and George Tabler, both 22, of Canton, waited outside in a car.

ENTERTAIN AT TIRO

GALION — Family members were guests when Mr. and Mrs. William Pfahler of near Tiro entertained Sunday night in honor of their granddaughter and her husband, Sgt. and Mrs. Jack E Singleton. The Singletons returned last week from their wedding trip The Singletons leave this week to establish a home at Champaign, Ill., where they will reside while Sgt. Singleton is stationed in the Air Force at Chanute Field

State Welfare Head Releases Report of Probe

COLUMBUS, Ohio (AP)—State Welfare Director John Lamneck today reported "there has been a certain amount of homosexual relations among certain girl inmates" assigned to work at the Madison Home in Lake County.

The home is for elderly relatives of veterans of all wars and now has 38 residents.

The director issued his statement after an investigation of several months of alleged drinking incidents and other incidents among the trusties from the Marysville Reformatory for Women assigned to care for the elderly persons at the Madison Home.

Only inmates from Marysville assigned to the home were under investigation.

The State Highway Patrol recommended more careful selection of Marysville girls for assignment to the Madison Home, among other things. Lamneck said immediate steps will be taken to put the highway patrol recommendations into effect.

The highway patrol also recommended:

1. That a matron should be assigned to accompany girl trusties when they are transported between Marysville reformatory and the Madison Home

2. That complete supervision of the Madison Home be restored to the superintendent.

3. That the clash of personalites between Mrs. Marguerite Reilley, superintendent of Marysville, and Don Wheeler, superintendent of Madison Home, be resolved. The patrol noted there were strained relations between the two and asked that they cooperate with each other in the future

4. That there be more frequent inspections of the Madison Home by the state welfare department.

Lamneck said

The State Highway Patrol report will be discussed in detail with Mrs. Reilley and Mr. Wheeler in their mutual presence in order to carry out this objective. Future cooperation involving mutual responsibilities in respect to the supervision of girl inmates will be required No disciplinary action is contemplated at the present time."

NAB FUGITIVE

CLEVELAND (AP) — Police here arrested a Holmes County jail fugitive in a downtown restaurant yesterday. He was John Norman McCoy, 41, who fled from the jail at Millersburg while awaiting transfer to Ohio Penitentiary to serve a 1-20 year sentence for forgery

New Ohio Military District Chief Named

COLUMBUS, Ohio (AP) — Col. Frank R. Maerdian has succeeded Col. A. B. Devereaux as chief of the Ohio Military District, the Army announced yesterday.

Maerdian is former chief of staff of the Korean military advisory group. Devereaux, who has been acting district chief since the retirement of Col. H. G. Paullin, is being assigned as military science professor at Ohio State University

Baltimore Group Ready With Cash for Team

BALTIMORE (AP) — A group of wealthy Baltimoreans was all set today to plunk out $1,115,000 for working control of the St. Louis Browns if American League owners okay the transfer.

Meanwhile, a group of St Louisians announced last-ditch plans to fight the transfer, saying they would fly to New York to seek a hearing before league owners at the special meeting Sunday.

These Days

By George Sokolsky

When the Brown-Bioff scandals wrecked the motion picture industry and the Sorrelle strike came close to making it dependent upon the whim of Communist unionism, Roy Brewer was sent to Los Angeles from Washington to attempt to rescue the International Alliance of Theatrical Stage Employees and Moving Picture Machine Operators of the United States and Canada His essential task was to establish a good name for the discredited and racketeer-ridden union.

SOKOLSKY

Roy Brewer, since 1945, has succeeded in establishing not only a competently managed and respected labor union, but he has come to be regarded as one of the most statesmanlike personalities in Hollywood.

-:-

DURING THESE years, Roy Brewer was in a subordinate position, but few realized this because of his achievements in rescuing the motion picture industry from Communist infiltration, his settlement of labor disputes without strikes, and his leadership in community activities.

In recent months, articles about Brewer's activities and personality have appeared in national magazines.

The articles must have been too favorable because Brewer has been eliminated from his union.

It is true that Brewer resigned, but that occurred only after his office had been cut down to inefficient operations and his authority had been curtailed to an obscurity equal to that of the international headquarters in New York, the head of which is hardly known outside his organization.

The New York office objected to the tail wagging the dog, as it were.

Roy Brewer's anti - Communist activities have been usually constructive in the sense that not only have Communists and their sympathizers been driven out of Hollywood, so that that high-earning area ceased to be the principal treasury in this country for the Communist party, but those who were innocent, who had erred and acknowledged their error, found a way to clear themselves.

-:-

MORE MEN and women, whose careers appeared to have been wrecked, are now working because of the aid given them by Roy Brewer and his group

In this reconstructive work, great talents have been redeemed from fears attending their previous errors for a clear road to useful work.

Whereas in radio and television, the Communists not only are still free to find employment while decent Americans are kept from working because they are controversial, in the motion picture industry, the cleansing operation has, in the main, been successful because it was just and based upon principle.

It has recognized that while error is possible, contrition must be public.

Roy Brewer is not entitled to the whole credit for the work, as he had associated with him a group of self-sacrificing men.

-:-

THE OTHERS agreed that Roy Brewer's name should stand out in leadership. His union president knew of this work and its importance and why Brewer was given such prominence Yet, Brewer was eliminated from his union because of a prominence which seems to have excited envy.

Last summer, Brewer undertook to fight against those Americans who made motion pictures in Europe and Africa for the purpose of evading income tax payments to the United States.

Brewer did not object to these companies and stars evading taxes which the law permitted in these instances, but he did object to the lessening of employment in Hollywood and to the use of Communist unions particularly in Italy and France.

-:-

IT WAS THIS campaign which started an underground movement against Brewer among some producers who found that they could make pictures more cheaply in foreign countries.

Some of them have blocked money in Europe which they would like to use making pictures which they sell in this country for American dollars. By this indirect means, they get their money out of Europe.

Brewer's objection to employing Communist unions in Europe is a valid one, for every communist union in every country contributes to the treasury of the revolution.

While the American taxpayer contributes billions to the fight against Communism, the motion picture industry contributes to the other side of the fight by hiring Communist unions in Europe to make pictures for them. It may sound ridiculous, but these are the facts and Brewer put up a fight on this issue.

So, now he is out of trade unionism and has gone into business. The loss is America's.

For such sound leaders appear in American trade unionism. When they leave the union, racketeers and subversives usually take over.

(King Features Syndicate)

Inside Labor

By Victor Riesel

ST. LOUIS

Despite the frightening revelations that mobsters, using local unions as operating fronts, are extorting and stealing nearly half a billion dollars a year from rank and file members and the nation's businessmen, the AFL's annual convention here will not tackle the really powerful underworld kingpins who have invaded its ranks. This will not be for lack of courage on the part of the AFL's thoroughly angered and outspoken new president, portly George Meany He just doesn't have the power to put over an all-out investigation of the interlocking network of wealthy chiefs, who became affluent businessmen on the side during the drifting regime of the late William Green.

RIESEL

-:-

AS ONE EXECUTIVE council member put it, "There has grown up a racket "system" inside labor which parallels exactly the national crime syndicate operating in the public-at-large. The sad fact is that in no other labor movement anywhere in the world does such a situation exist."

By taking on the murder-laden Eastern waterfront mobs, which have terrorized even the U S Army, Meany knows that he has charged head down into a crowd which only last May called in New York teamsters and waterfront union officials and warned that any effort to dislodge them would bring death to the docks.

Word here is that at least three top union chiefs were so warned by the men who control the so-called "Pistol Local" on New York's west side.

-:-

THE WATERFRONT mobs, while a beginning, are, however, only a small part of the vast network reaching from New York across to San Francisco, where Dave Beck's International Teamsters Union headquarters now has several investigators quietly looking into the truck loading.

Typical of this network is its eastern end, the combine run out of a Sing Sing cell by Joe Fay, former boss of the Operating Engineers Union, who is doing time for extorting $750,000 from contractors

Fay's boys have been exposed as the crowd which cost the Yonkers raceway track $6,000 000. The same mob controlled the hiring at virtually all Eastern tracks.

Indicative of what Meany and a handful of his vice presidents are up against here are records now in the hands of New York's Gov Dewey and his prison and parole officers.

They know that Fay has been visited regularly and that his release has been sought by important AFL officials, in the Building Service Union, the Teamsters Brotherhood, the Construction Trades Department, the Boilermakers Union, the Electrical Workers Union in New York, the Chicago Butchers Unions, the Carpenters Brotherhood and the Hotel Trades Union

-:-

SOME OF THESE men are among the most powerful in the federation, and any effort to rip them out of their posts—or even investigate them — would stop Meany in his tracks in his first year.

This is just a partial list Scores of other big-time labor men are involved and Gov Dewey has all their names.

Meany is not one given to futile dramatic gestures His technique, vitally important to the country because he now is the most dynamic force in an organization of 10,000,000 (despite the official count of 8,600,000), is to operate quietly behind the scenes, away from the press, until he can produce a completed deal

Right now he, Beck and at least two other AFL vice presidents are working with the FBI, the Treasury Department and many local prosecutors.

Meany and Beck would prefer, of course, that the police move in, for they feel they have gone as far as they can after having been in office some 10 months.

-:-

THESE MEN FEEL that any other move now would disrupt their organization They point out that they are burdened with other major problems which require their attention.

When Meany was asked what other action would be taken against racketeer unions he replied, "None; those are different situations We acted against the ILA because this was an international union that had become affected.

"The other instances are local unions, and the job of correcting those situations is the proper province of the international unions concerned."

It is apparent here, both from the lobby talk and the executive council's report, that the AFL fears a recession in the next 18 months.

-:-

SOME OF THE AFL's economists say it has already set in. They believe that the combination of a decline in farm prices, the slowing down of residential construction, the slump in textile production and our terrific capacity to over produce items such as autos, refrigerators and TV sets, is certain to bring on a recession unless met with immediate planning

It is significant that despite the blasts against President Eisenhower and big business, the AFL executive council makes a specific bid to industry, offering to work with it to preserve the "enterprise system"

That's the mood of this convention—one mob at a time, one recession at a time.

And that reflects Meany's mood—one mob and one recession and one Congress are enough to tackle in one year

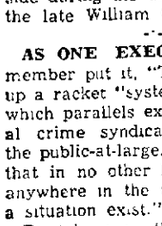
(Post-Hall Syndicate)

Wonderland

By Inez Robb

WILD OAT FARM, N J

Jon wants to be a cowboy, which is par for the course for a normal 10-year-old boy in this country. Most American boys of that age plan to ride and rope on the lone prairie as soon as they can run away from home and the truant officer.



INEZ ROBB

The factor that sets Jon apart is that he has had only seven months' experience as an American boy But this kid who came here with his DP family such a short time ago, shows a precocious talent for Americanization.

-:-

BUT THAT IS a generalization that covers the DPs in this neck of the woods. I have been fascinated by their old-fashioned industry and aptitude for hard work and touched by their longing to become Americanized

Jon's mother helps me about the house from time to time, expending upon it an amount of elbow grease unknown in these parlous times She is delirious at the prospect that Jon and his two sisters can be American citizens

Gerta is so happy here that the days in the concentration camp seem like a dream Her husband has a job in Flemington, her oldest daughter has a good position in New York, and the two younger children are in school in Flemington.

Jon has a paper route and the younger girl keeps the house neat and gets the family dinner on the days when Gerta adds to the family income by waxing, polishing and cooking in other households

-:-

THE SOBER, happy industry of this family, which so longs to be incorporated into the fabric of America, is matched by that of the second DP family which occasionally gives me a helping hand with recalcitrant grass, trees, flowers and shrubs at Wild Oat

Henry and his family have been in America a little more than two years Already they own a respectable second hand car, a television set and an electric washing machine—What a marvel!—bought by the combined labors of all

Three younger children are in public schools, but Henry and the three oldest work from dawn until dark, planning, when the time comes, to pool their funds and buy a little farm of their own, such as they had in the old world before war and concentration camps were their lot.

-:-

THE NEIGHBORS, seeing the industry of Henry and his brood, have been good to them. There was a time when they needed a steadying hand in the new world I am sorry to say that Henry's first American employer was a parsimonious man

Their first summer in America, Henry's 15-year-old boy, Will, did a man's labors in the fields for three months on the understanding that he would earn enough to buy an outfit in which he could walk proudly into the Flemington high school.

-:-

AT THE END of that hard summer's work, Will was handed a $5 bill! Indignant neighbors, more upset than the boy at this evidence of American fair play, outfitted the boy and sent him off to school confident that his is the best of all possible lands.

Will has rewarded his neighbors by being one of the smartest boys in his class, despite the language handicap.

I guess what I find so exhilarating in these potential American citizens is their fresh joy and appreciation for this land so new to them.

Telephone Co. Employes To Attend State Meeting

The General Telephone Co. of Marion will be represented at meetings of the Ohio Independent Telephone Association at the Deshler-Hilton Hotel in Columbus this week and early in October, the association announced today.

R. E. Coffman, general traffic superintendent here, will preside as acting chairman at a meeting of the Traffic Committee Sept 25. Miss Desolea Meyer, division traffic supervisor for the western division at Celina, will also attend.

F. H Pratt, general plant superintendent here, will be among those present at a meeting of the association's Plant Equipment Committee Oct 6. Industry-wide operating problems will be discussed.

Also attending the latter meeting will be Coyne Bloom of the Sycamore Telephone Co and Roy Hoppy of the Kenton Telephone Co.

Last Large Group Of POW's Arrives

SAN FRANCISCO (AP)—The last large group of repatriated American prisoners of war returned yesterday aboard the transport Gen R L Howze, ending the freedom run from Korea in which nine ships brought 3,071 ex-POWs to their homeland.

Among the 290 returnees aboard the Howze were a dozen or more Air Force officers accused by the Communists of conducting "germ warfare" in Korea.

They included Col Walker Mahurin, Ft Wayne, Ind, former commander of the 47th Fighter-Interceptor Group and highest-ranking Air Force officer captured by the Reds and Lt. Kenneth Enoch, Youngstown, Ohio

'40 Proposals' Questioned

Government's Sources Of New Revenue Limited

By JAMES MARLOW

WASHINGTON (AP) — Secretary of the Treasury Humphrey has said a sales tax is only one of about 40 proposals being considered by the administration in its approach to an overhaul of taxes.

When asked what the 40 proposals might be, a Treasury Department spokesman said Humphrey didn't mean literally 40 but used the figure as he might say "umpteen."

The number "40" may have been in Humphrey's mind because his staffmen and staffmen of Congress' Joint Committee on Internal Revenue Taxation have been working on 40 propoposed changes in the present tax law.

Those changes would attempt to bring the law up to date, eliminate obsolete sections, and give taxpayers, perhaps millions of them, a tax break For example, people with dependents.

Congress probably will put some of the proposals into effect when it returns in 1954 But a sales tax is not among the proposals being considered by the two staff working together.

By and large the proposed changes would mean a revenue loss to the government, not more revenue, such as a sales tax would bring in.

At this time any study of a proposed sales tax would have to be made by Humphrey's Treasury staff alone. No congressional committee is reported thinking of proposing it.

When the Treasury Department was asked what possible proposals for new revenue are being considered, the answer was: "That's confidential."

Yet next year, if the Eisenhower administration finds it can't balance the budget, it can do one of two things: (1) go on with a deficit, borrowing new money to meet its expenses, or (2) ask Congress for additional taxes.

If it seeks new revenue it can explore only four main sources: the income tax on individuals; the income tax on corporations; an excise tax, such as on jewelry; and a sales tax on most of the things people buy.

In the next few months, because of previous decisions of Congress four taxes are due to end or go down, with a loss to the government of about eight billion dollars annually in revenue:

On Dec. 31 the excess profits tax on corporations ends and the income tax on individuals goes down about 10 per cent; on April 1 the normal tax on corporation income drops five percentage points and some excise taxes are cut.

The administration, through Humphrey, has already said it will not try to stop what is scheduled to happen Dec. 31: the end to the excess profits tax and the 10 per cent drop in income taxes, a combined loss of about 5½ billion dollars to the government.

But President Eisenhower several months ago asked Congress to delay indefinitely the drop in the normal corporation tax (it means two billion dollars revenue a year) and in excise taxes (amounting to about a billion a year).

If squeezed in trying to balance the budget, he might renew that request. And, if really squeezed, the administration might also ask Congress to vote new or additional taxes.

But next year is a congressional election year. It's not likely members of Congress would go for an increase in individual or corporation income taxes. That would leave the administration only two other main fields in which to look for added revenue:

A general sales tax or new excise taxes For example, Congress could vote an excise tax on services or goods not now so taxed, like hotel rooms, laundry services, or furniture.

A sales tax could take several shapes: a tax on manufacturers—a tax paid by them on what they make and sell to wholesalers; a tax on wholesalers—on what they sell to retailers; or a retail tax—on what retailers sell to consumers.

It has been estimated that a five per cent sales tax at the retail level, on all items except food and medicine, would bring the government perhaps 5½ billion dollars a year.

More than 30 states now have sales taxes, 27 of them at the retail level, and over 160 cities have. Judging from the resentment so far expressed by members of Congress against a national sales tax the administration would have tough going getting it through.

Time Running Out Fast, Says Ex-AEC Chief

WENTWORTH-BY-THE-SEA, N H. (AP)—Gordon Dean, retired chairman of the Atomic Energy Commission, said today within a year or two Russia will have the capability "to virtually destroy us if she moves first."

Declaring time is "running out" Dean asked: 'Can we as a nation and can the now free world permit the Soviet to reach this position of power?"

He asserted all the accomplishments of our atomic energy program will avail us nothing unless world opinion can be rallied speedily "to stop the Russian bear in his aggressive march around the world."

Dean said the very great problem of 1953-1954 is this:

"Can we as a nation and can the nations of the now free world permit the Soviet to reach the position where if it chooses it can completely annihilate this country?" And he added

"Time and the unwillingness of the free world to stop the clock combine to give her this power."

Dean said in an address prepared for delivery at the annual meeting of the National Assn. of Cotton Manufacturers and the Northern Textile Assn that if war comes, "new, strange and highly destructive weapons or new improvements of old destructive weapons will most certainly be used."

He declared if this country is called upon to resist "another Russian aggression such as the one in Korea it simply cannot resist with tanks and artillery and the other orthodox weapons of war and thousands of American men."

Short Hours No New Idea, Union Men Say

CAMBRIDGE, Mass. (AP)—Three Lowell city workers want Middlesex County Superior Court to order their work week reduced from 35 to 31 hours because the shorter hours were traditional since 1898.

In a petition yesterday the trio said they worked from 9 a m to 4 p.m. with 90 minutes for lunch until City Manager Ulysses J. Lupien changed their hours last Jan 1 to 9 to 5 with an hour for lunch.

The petitioners are officers of the AFL Administrative and Clerical Employes union.

Republic Steel Cuts Production

CLEVELAND (AP)—Republic Steel Corp. said today it had cut production at its Canton and Massillon plants to 66 per cent of capacity, laying off 1,018 of 12,000 workers in the two plants.

The plants produce alloy and stainless steel. Operations at Republic's six other plants were normal, a company spokesman said

The spokesman said the cutbacks were due to a general inventory readjustment, a decline in defense requirements and the General Motors fire at Livonia, Mich. The Livonia plant made auto transmissions and used large amounts of Republic alloys.

At Canton, 11 of 17 electric furnaces were idle and 780 men were laid off. At Massillon, three of nine open hearth furnaces were shut down, with 238 men laid off.

Stolen Car Recovered 8 Hours After Its Theft

Police today reported the recovery of a stolen automobile just eight hours after it had been reported missing. Ken Ruhl Jr., of 197 S. High St, called police headquarters at 12 23 this morning and reported his car had been taken from the Marion Power Shovel Co. parking lot at Davids and Bennett St.

He said the car had been taken sometime between 4 p.m. and midnight Wednesday. Police reported it had been found at 8:08 this morning at the corner of Nye and Bennett St. No damage had been done to the vehicle.

District Townsend Club Meeting Held in Marion

Members of Townsend Club in the Marion area gathered at the Central Labor Union Hall on E. Center St. recently for an eighth congressional district meeting.

R V. Roller of Marion, president of the district council, presided The meeting was preceded by a dinner at noon.

Talks were given by presidents and members of other clubs from Upper Sandusky, Fostoria, Tiffin, Findlay, Kenton and St. Paris Mrs. Eva Parish and Mrs. Lottie Roller presented a skit.

The next district meeting is scheduled Oct. 18 at Tiffin.

Bankers' Head 'Pleased'

Ohioan Lauds Ike's Stand On National Debt, Losses

WASHINGTON (AP)—Banker Everett D. Reese of Newark, Ohio, described himself today as "highly pleased" with the Eisenhower administration's way of handling the national debt and tax matters.

"The whole subject is in competent hands," the new president of the American Bankers Assn. said in an interview.

"I like the way this administration carefully weighs every decision before going ahead.

"I mean things like balancing the budget and tax reductions."

Reese, 55, stepped into the presidency of the association at the closing session of its 79th convention here yesterday. One of the few small town bankers ever to hold that job, he has been president of the Park National Bank of Newark since 1936.

"But I don't think there is any difference between a small town banker and one from a big city so far as ABA matters are concerned," he said, "or on political views, either."

Reese attended the last ABA convention that was held in Washington, too. That was in 1934, when a serious economic depression was in progress throughout the country.

"It was a different mood then," Reese said. "No, I won't say whether I think those days will ever come again. I've seen too many false prophets.

"You know, I feel the same way in doing business with my customers. I help them analyze their problems. But I never forecast the future. I've always been that way, in private or public statements.

"But I will say that I think people are more cognizant about depressions now. I think we're more able to see that the country functions properly."

Active many years with the ABA, Reese said he always found the U. S. Treasury under Democratic administrations cooperative with bankers.

Under his leadership, Reese said, the ABA will "support those in government who are trying to reduce expenses, cut taxes, eliminate bureaucracy and foster a democratic form of government."

Besides his banking duties, Reese spends four weeks of the year teaching finance at the graduate schools of Rutgers University and the University of Wisconsin.

His wife and two of his four children—a son, Gilbert, and a daughter, Thekla, who is a Denison University (Ohio) sophomore—were with him at the convention.

Male Contestant Wins Ribbon for Cake Baking

DELAWARE, Ohio (AP) — Eleven women who entered the white cake baking competition at Delaware County Fair didn't expect much competition from the only man entered.

But, sure enough, Everett Osborn of Leonardsburg won second prize.

FRIEND OF PRESIDENTS

PIQUA, Ohio (AP)—John M. Gries, 76, friend of seven U. S. presidents and former chief of public construction under President Hoover, died yesterday at his home near here. He represented the United States at numerous international meetings.

Galion Voters Will Consider Power Issue

Special to The Star

GALION—The Crawford County board of elections has received a copy of the initiative petition which will place on the ballot this November the question of whether or not Galion citizens will want to improve and expand the Municipal Light and Power plant.

Last November an ordinance providing for extensive improvements and expansion recommended by consulting engineers was defeated in City Council, 4 to 3.

It is expected that the referendum will be one of the mayoralty campaign issues.

The filing of 12 petitions, submitting the defeated city ordinance to the electorate, was made last Friday with City Auditor Gloyd A. Frye. The petitions had 717 signatures.

At present Galion is generating most of its power and light, with supplemental power secured from a substation of the Ohio Edison Co.

The expansion program, provided in the ordinance, was placed at $2,500,000 by a Toledo engineering firm. It was opposed by local manufacturers, businessmen and other citizens.

The power question has been a problem in Galion for several years.

Bucyrus Council Okays New Municipal Garage

Special to The Star

BUCYRUS — City council has given the "go-ahead" signal for construction of a municipal garage near the site of the present garage although an additional $2,700 will have to be expended to provide a solid foundation for the one-story structure.

Mayor Frank P. Sitler informed councilmen that it may be necessary to drive creosoted pilings as deep as 25 or 30 feet because there is as much as 25 feet of "fill" under the proposed site for the new building.

Two alternate sites, including the city's water tower lot and the old waterworks area, were rejected by councilmen.

Contract for construction of the garage recently was awarded by the city board of control to C. R. Bailey, Bucyrus contractor, on his bid of $32,857, excluding electrical work.

Bucyrus Charity Ball Committees Appointed

Special to The Star

BUCYRUS—Appointment of committees for the annual charity ball to be sponsored here Oct. 27 by Xi Beta Theta exemplar chapter of Beta Sigma phi sorority was announced today by Mrs. Rodney Worden, chairman of the chapter's ways and means committee.

The committees include: orchestra, Mrs. Ruth Ruhland and Mrs. Worden; tickets, Mrs. William Myers; posters, Mrs. Pat Nye and Mrs. Worden; prizes, Mrs. Durrell Parker and Mrs. Robert Stevenson, and location, Mrs. Floyd Kibler.

Marine Band Plans Galion Appearance On Annual Tour

Special to The Star

GALION—Galion will have the distinction this fall of being the only town in this area to be entertained by the renowned United States Marine Band. The band will play here on Friday, Oct. 23, for matinee and evening performances. This is the first time the band has ever appeared in Galion, and possibly it will be the last time for several years. The program is being sponsored by the Galion Band Parents Club.

The 155-year-old band, oldest military symphonic musical organization in the country, opened its 1953 concert tour on Sept. 13 at Longwood Gardens, on the estate of Pierre S. Du Pont, in Kennett Square, Pa. This marked the beginning of the Presidentially-approved eight-week tour of 12 states, in northeastern and northcentral United States. The tour will be concluded at Wallingford, Pa., on Nov. 7. The annual tours started under the direction of John Philip Sousa in 1891. The band is now conducted by Lt. Col. William F. Santelmann.

At the meeting this week of the executive committee of the Galion Band Parents club, and the ticket sales chairman, Kenneth J. Stowe, plans were made to start the sale this Saturday night following a concert on the public square by the Galion High School band.

Armadillos can run with surprising speed when frightened.

Noted Persons Taken by Death

By The Associated Press

SARASOTA, Fla. — Mrs. Edith Conway Ringling, 84, chairman of the board of the Ringling Bros. and Barnum & Bailey Circus and widow of Charles Ringling, one of the five brothers who founded the circus. Born in Zumbro Falls, Minn.

—:—

LINCOLN, Neb. — Theodore T Bullock, 64, retired professor of economics and business law at the University of Nebraska and a brother-in-law of U. S. Atty. Gen. Herbert Brownell. Born in Iowa City, Iowa.

—:—

MILFORD, Conn.—Louis Harris an attorney and former town deputy judge who wrote the books "Love, Marriage and Divorce," and "How to Write a Check."

—:—

APPLETON, Wis.—Matt Schuh, 64, Appleton banker.

Glaucoma, a disease of the eyes, can be halted and sight saved if it is detected early, but once it causes blindness, the sight cannot be restored.

Christmas Comes 3 Months Early In Oklahoma City

OKLAHOMA CITY (AP)—The neighborhood kids figured Christmas has come a little early this year.

On a street corner were Santa Claus and his assistant in the person of an 8-year-old girl and her 6-year-old brother, passing out toys to all excited takers.

They were nabbed by scout car officers who had just received word of a couple of strange robberies. The reported loot was seven dolls, a gun and holster set, two sets of children's cowboy boots, and some jewelry.

Weary police were busy retracing the steps of the young Santas trying to retrieve the toys. They could give no reason for their philanthropic action.

PLEADS INNOCENT

WARREN, Ohio (AP) — Thomas (Chippy) Mango, arrested in Boston this year after being a fugitive since 1939, pleaded innocent by reason of insanity yesterday when arraigned on a first-degree murder charge. The Niles man is charged with killing Marty Flask of that city.

Our CLOROX-clean linens look lovelier...and protect health, too!

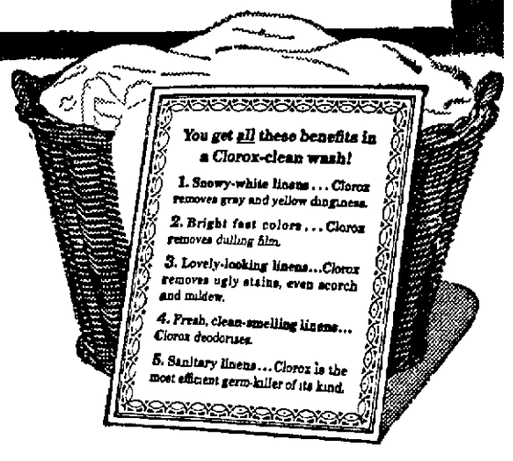
CLOROX makes linens more than white... it makes them sanitary, too!

Yes, Clorox not only makes linens snowy-white... by removing dinginess, stains, even scorch and mildew...it makes linens hygienically clean as well, safer for family health. No other home laundering product equals Clorox in germ-killing efficiency!

Clorox deodorizes, too, leaves cottons and linens fresh, clean smelling...whether dried indoors or out. And Clorox, a liquid, contains no gritty particles to damage wash and washer. It's extra gentle, free from caustic, made by a patented formula exclusive with Clorox.

A Clorox-clean bathroom is an important safeguard to health!

Used in routine cleaning, Clorox goes beyond visible cleanliness. Besides removing stains, it deodorizes and disinfects... providing a type of disinfection recommended by hundreds of public health departments. And too, Clorox is non-poisonous. Let the label show you the many ways Clorox, America's favorite, can help you.



You get all these benefits in a Clorox-clean wash!
1. Snowy-white linens... Clorox removes gray and yellow dinginess.
2. Bright fast colors... Clorox removes dulling film.
3. Lovely-looking linens...Clorox removes ugly stains, even scorch and mildew.
4. Fresh, clean-smelling linens... Clorox deodorizes.
5. Sanitary linens... Clorox is the most efficient germ-killer of its kind.

When it's CLOROX-clean...it's SAFER for family health!

You Needn't Be Appalled By The H.C.L.* When...

Hundreds of Prices at A&P are Lower than Last Year!

*HIGH COST OF LIVING

There is no reason for dismay insofar as food prices are concerned — not if you deal at A&P! For hundreds of food prices are actually **lower** this year at A&P than they were a year ago as witness the examples in this ad.

This is the result of A&P's long standing policy of keeping expenses down and promptly passing on market savings to our customers. We invite you to compare A&P prices with what you may have been paying elsewhere — it will pay you to discover the difference!

Extensive Analysis Reveals:

Older Soldiers Are More Prone to Mental Troubles

By THOMAS R. HENRY
North American Newspaper Alliance

WASHINGTON — The older the soldier, the greater is the probability that he will have some sort of nervous or mental breakdown in the army in wartime.

This is the conclusion of an extensive analysis of psychiatric casualties during World War II, reported by Dr. Norman Q Brill and a group of associates from the psychiatric department of George Washington University Medical School. It was part of a program of such studies being sponsored by the National Research Council and the Veterans Administration.

—:—

REPORTS IN the past, based on inadequate data, have been quite contradictory and some have contended that the greatest danger of a crackup came in the younger age groups. The George Washington scientists proceeded on the hypothesis that the capacity of resistance to stress and danger differs with all men.

Some break down with a repetition of petty annoyances and minor hardships, such as are inevitable in army life, without any particular danger attached to them. Others can advance in the face of mortar fire through a live mine field without showing any particular emotions. But, by and large, the greater the danger, the fewer the men who will stand up to it without a mental or emotional blowup.

From this basic point on, Dr. Brill points out, statistics become extremely tricky and false conclusions are easy to reach, because of the difficulty of estimating the stress to which various age groups are subjected. During the first year of service, however, men in their 30's have about twice the breakdown rate of the 18-19-year-old group.

—:—

THIS IS THE period when the rate is highest for all ages. It also is the time when the danger is least.

Few see any actual combat during the first year. It usually is passed in training camps in the United States, but, the older the man, the more his habits have been fixed and the harder it is to adjust to military life.

This first year is a screen. It takes out of the service those who obviously are emotionally unfit and mentally unstable of all ages.

During the second year, there is very little difference in the rate for average-age groups. By this time the men actually are in combat. Despite the greater danger, it was shown in World War II, breakdowns decrease by about 25 per cent.

It is not fair to assume, however, that the older men face quite the same dangers as the younger-age group, even as members of infantry rifle companies. They are far more likely to have jobs as cooks, clerks and so forth which keep them out of the actual firing line most of the time. In the third year the rate for the younger group shoots up — probably due to the long-continued stress of dangerous assignments.

—:—

STARTING WITH the fifth year, especially in combat, the rate goes up for all, but especially for the older men. There apparently is a definite limit to the length of time a man can face the dangers of battle.

One purpose of the study was to determine whether military service had an especially bad effect on the minds of youths of the 18-19-year-old group. It has even been suggested that they are too young to serve.

The results give no support to this contention. Whatever bad effects military training and exposure to danger may have it certainly is not as apparent in these youths, by the scale of actual breakdowns, as among those who have started to get established in life. They have, for one thing, less to worry about and they have fewer established ways of life which must be changed.

Boy Too Proficient With Sling Shot, Judge Is Mortified

OKLAHOMA CITY (AP)—Police Judge James Demopolis, well past the sling-shot age, found himself an unwitting accomplice to a 12-year-old boy's antics yesterday.

Demopolis said he picked up a youthful hitchhiker and was taking the boy to a football game when, "Imagine my astonishment and consternation when he pulled out a bean-flip and shot a woman standing at the intersection."

The judge, his legal dignity ruffled, estimated the victim jumped five feet.

He said he got out, apologized, explained the boy was not his son, and beat a hasty retreat after delivering a lecture to the youth.

The boy's explanation, said Demopolis, was, "Oh, I shoot all the girls."

BABY KILLED IN CRASH

PIQUA, Ohio (AP)—Donalyn Elston, 5 weeks, was killed yesterday and her parents, Mr. and Mrs. Donald Elston of Fairborn, were injured in a two-car accident at the intersection of U. S. 36 and Ohio 69, one mile west of St. Paris (Champaign County.) Also injured were Mr. and Mrs. Harold Pence of St. Paris.

Carey Students Attend College

Choose Wide Variety Of Schools for Studies

Special to The Star

CAREY—Many Carey young people have enrolled in various schools for the ensuing year.

Some of them are Lawrence Vogel, a sophomore, Bowling Green State University. He is the son of Dr. and Mrs. R. B. Vogel. Judy Dible, daughter of Mr. and Mrs. J. F. Dible, returned to Bowling Green State University for her senior year. Her sister, Ann also returned to Bowling Green where she is a sophomore. Judson Huston, son of Mr. and Mrs. V. H. Huston, returned to Bowling Green. He is a sophomore.

Entering Ohio Northern University, Ada, as a junior in the College of Pharmacy will be David Myers, son of Mr. and Mrs. Harry Myers. Nelson McLarkey, son of Mr. and Mrs. Nelson McLarkey, entered Bowling Green as a freshman. Ronald Treece, son of Mr. and Mrs. Lowell Treece, has enrolled at Ohio State University as a sophomore. Martha Jackson, daughter of Mr. and Mrs. F. D. Jackson, has resumed her studies at Heidelberg College, where she is a senior. Her sister, Betty, has enrolled as a freshman at Wittenberg College, Springfield.

Entering Tri-State College, Angola, Ind., Sept. 28, will be Paul Williams Jr., son of Mr. and Mrs. Paul Williams. William Whitenack, son of Rev. and Mrs. D. V. Whitenack, has left for Ohio Wesleyan University, Delaware, where he is a sophomore. Stanley Hunter, son of Mr. and Mrs. Ray P. Hunter of south of Carey has resumed his studies at Bluffton College as a junior.

Tom Gibbins, son of Mr. and Mrs. Charles Gibbins, has resumed his studies at Miami University, Oxford. This is his senior year. Glenda Gunther, daughter of Mr. and Mrs. Samuel Gunther, will return to Ohio State University School of Nursing Sept. 29. Tom Atkins, son of Mr. and Mrs. Mearl Atkins, left Sunday for Ohio University, Athens. He is a sophomore.

Jane Lamberjack and her cousin Marilyn Miller are among 17 new students enrolled at St. Francis Convent Preparatory School for Girls at Tiffin. Jane is a daughter of Mr. and Mrs. Raymond Lamberjack of northwest of Carey and Marilyn is a daughter of Mr. and Mrs. Leroy Miller of Salem Township. Miss Elizabeth Romig, daughter of Mr. and Mrs. T. D. Romig, will complete her course in medical technology next June when she will receive her degree from Capital University. Miss Jane Walter, daughter of Mr. and Mrs. David Walter has enrolled in the Ohio State University School of Nursing.

Two Ohio Telephone Companies To Merge

ATHENS, Ohio (AP)—A merger of the Athens and Logan Home Telephone companies, both about 50 years old, is in the making.

Shareholders of the Athens firm have approved the merger which would give the combined firm the name of the "Commonwealth Telephone Co.," some 12,000 subscribers in 13 exchanges and total assets of 2½ million dollars.

Shareholders of the Logan firm still must approve the merger which was announced in Logan by President Barton A. Holl and confirmed by officials of the Athens firm.

Holl would be president of Commonwealth and Dr. C. L. Jones, president of the Athens company, would be chairman of the new firm's board.

Four Mishaps Listed by City Police, Patrol

Four accidents were reported in the Marion area during the past twenty-four hours. Three were investigated by city police. The other was handled by highway patrolmen from the Marion post.

At 3:15 Wednesday afternoon, a car driven by Ray Edmond Augenstine, 39, of near Marion was damaged in the rear end when struck by a pickup truck at the corner of Delaware Ave., Washington Ave. and State St.

Police reports indicate the truck left the scene of the accident without stopping. The truck license plates had been issued to Carl Thomas of near Ragnor, a check of the numbers revealed.

A car parked in the alley between Pearl and Prospect St. was slightly damaged to the left rear fender when a driverless car rolled out of a driveway and struck the parked vehicle.

Owner of the parked car, which was struck at 9:25 p.m. Wednesday, was C. E. Thompson of 463 Jefferson St. E. N. Shuster of near Marion was the owner of the car which rolled out the driveway. The right rear end of Shuster's car was damaged by the collision.

Two cars collided on E. Center St. near Greenwood St. Wednesday at 9:11 p.m. Driving the cars were Loran D. Eastman, 18, of near Marion and Robert A. Mitchell, 25, of 132½ Pennsylvania Ave.

The right front fender on Eastman's car was damaged. The left rear fender of Mitchell's car was dented by the impact.

—:—

2 in Accident Arrested

Both drivers involved in the accident reported to highway patrolmen were arrested. The accident happened on the Williamsport Rd. one and four-tenths of a mile east of U. S. Route 23 at 7:25 a.m. Wednesday.

Both cars were traveling east at the time. The car driven by Elmer M. Massie, 34, of near Marion was preparing to turn left when struck in the rear by a car driven by Clarence C. Turner, 23, of Upper Sandusky.

Turner was cited to appear before Municipal Court Judge W. Dexter Hazen Saturday. Massie was cited to appear in Municipal Court Monday. Turner was charged with following too closely, while Massie was charged with failure to signal a left turn.

Moderate damage was done to the front end of Massie's car. Massie also received a cut over his left eye and bruises on his legs, but did not require treatment.

Minor damage was done to the rear end of Turner's car.

WHY SPEND SO MUCH MONEY ON FOOD?

Save with STARLAC makes dairy-sweet nonfat dry milk for only 9¢ a quart!

Drink it!
Wonderful fresh flavor. Gives you exactly the same amount of B vitamins, proteins, calcium, and other milk minerals as top-quality milk. Starlac is milk minus the fat and water.

Cook with it!
Enjoy smooth rich-tasting puddings and custards with Starlac. Use it to cream vegetables. Serve your family tempting, nourishing soups and chowders made with Starlac.

Bake with it!
Use Starlac for your favorite cake. Bake tender muffins, light biscuits, crisp cookies. Use it in "made with milk" recipes. Remember: Keep a quart in the refrigerator at all times.

WHY STARLAC IS 3 ways better!

because Starlac is guaranteed by Borden to be top-quality, pasteurized milk (minus water and fat) from tested herds only.

because it is protein-protected by exclusive Borden process and tested for quality 24 times.

because its dairy-sweet flavor is protected from light and moisture by a light-tight, moisture-proof package.

More women buy STARLAC than all other brands combined!

TOPS IN QUALITY...TOPS IN FLAVOR!

Man, this bread surprised me!

Never thought any bread had Vitamin D... least of all 93¼% of my daily minimum requirement. I can't get enough of this wonderful bread with the amazing sunshine vitamin. Tastes swell—and keeps me feeling that way!

PLUS 93¾% of your daily requirement of Sunshine Vitamin D

Bread's got to be fresh to suit me. Take this loaf wrapped in sunny yellow Plasta-Seal... I always do. It's a bigger value with Sunshine Vitamin D in every slice.

Dad's a new man these mornings... with a sunny breakfast smile. Must be that bread in the Sunshine Yellow wrapper. He loves it toasted... the way we do.

Bucyrus Dentists Lead Discussion on Water Fluoridation

Special to The Star

BUCYRUS — A panel discussion on the subject of water fluoridation by three Bucyrus dentists featured the regular meeting of the Rotary Club held at the YMCA here Tuesday The panel leaders included Drs L L Fisher chairman, James Gebhardt and P. J Yaussy

The speakers told of the benefits when fluorine is used in the right proportions and pointed out that in 150 cities, where fluorine was added to the municipal water supply, a 45 to 60 per cent decrease in dental cavities among children was reported.

The club voted to enter a float in the sesquicentennial parade next month and also agreed to sponsor again the Mardi Gras pet parade The committee includes Frank Schneider chairman, L. C Haaser, Frank Sitler, Sid Schultz, Foster Corfman, Frank Laman and Joseph Sherbundy.

SQUIRREL SEASON FATALITIES

COLUMBUS, Ohio (AP)—The state wildlife division says at least 11 persons were injured and two killed during the first week of the squirrel hunting season

Cream Cheese Zestful in School Sandwich

Fall brings back the ring of a familiar bell calling youngsters back to school It is also the beginning of a new season of scheduled luncheon affairs for clubs, church groups and PTA meetings

The next time you are called upon to think about new sandwich fillings remember this delicious variety all prepared with one basic cream cheese recipe Served in split and toasted frankfurter rolls or sandwiched between slices of favorite bread, these flavorful fillings will meet individual preferences

For the basic cream cheese dressing (which can be stored in the refrigerator), use the desired quantity of cream cheese softened at room temperature Beat in ½ cup mayonnaise with a fork or rotary beater until mixture is smooth and fluffy. For a thinner dressing, beat in 2 to 4 tablespoons milk or cream

Variations are as follows

Shrimp Success. combine 1 cup chopped, cooked shrimp, ½ cup chive or relish cream cheese dressing 2 tablespoons lemon juice and a dash of tabasco sauce Blend all ingredients well.

Chicken Salad combine 1 cup diced, cooked chicken, ½ cup pimento cream cheese dressing, ½ cup chopped celery and 1 tablespoon lemon juice. Blend all ingredients well.

Chivey Egg Salad combine 2 hard cooked eggs chopped, ½ cup chive cream cheese dressing, ½ cup chopped celery and ¼ teaspoon salt Blend all ingredients well Chill.

Two Negro Youths Appeal Death Sentence, Lose

ATLANTA (AP) — Two 16-year-old Negro youths have lost their appeal from death sentences imposed for raping a young white girl

The State Parole Board yesterday refused to commute the sentences given Herman Lee Miller of Savannah and Willie Jackson Jr of Athens.

The youths inmates of the Negro boys' training school, were away from the school at the time searching for two escapees

"There are no mitigating circumstances pointing to innocence to warrant a commutation of sentence," the board held

A new execution date must now be set Gov Herman Talmadge granted a 30-day reprieve last month to permit the board to investigate the case

Harding Opens Action in Buckeye League Friday

Presidents Battle Injuries In Drills for Bowling Green

By GARY SAMS

Bowling Green will be the biggest team Harding has faced this year, Coach Pete Howison said today as he prepared his Prexies for their Buckeye League opener here with the Bobcats.

The visitors have a good sized line, Pete said, but are not exceptionally fast. The line will average around 180 pounds, he said, adding the Bobcats will have a couple of 200 pounders in the line.

Whipped Port Clinton

In their season opener last week, the Bobcats downed Port Clinton, crossing the goal line four times while holding the losers to two scores

Bowling Green will have at least two new men in the backfield this year. Gone from last year's team which fell before Harding by a two-touchdown margin are Emil George and Joe Presti. The speedy backs were big guns on last year's Bobcat eleven. Back is their pint-sized quarterback, Whittaker, to direct the team's movements from that position.

Pete reports three injuries this week. Hank Rinnert will be out several weeks after cracking his head at a picnic at Camp Owens Sunday. It required seven stitches to seal the cut between his eyes. Rinnert, regular linebacker for the Presidents, will probably be replaced by Whitey Clinger or Bob Pryor.

Doug Bibler, offensive and defensive back for the locals, hasn't practiced all week, but probably will be ready for part-time duty against Bowling Green. He suffered an ankle injury in the Columbus West game last week. Bibler probably will be used mainly on defense.

Price Shelved

Fred Price, regular defensive halfback, will probably miss the game. He is nursing an ankle injury. Pete said his injury will mean Chet King and Garey Ballinger will probably go both ways against Bowling Green.

Harding's offensive lineup will be exactly the same one which performed against West's Cowboys in Harding's season opener. But Howison named two Prexies to start in different positions against Bowling Green defensively Bob Hamor and Bob Prater will operate from the tackle slots. Hamor started at a linebacker position and Prater at an end position defensively against West but both were switched to their present assignments during the second half of the West tilt. Jim Peacock, a junior guard, is still shaking off the effects of an injury suffered several weeks ago.

Play Defenses

Other defensive starters will be Jim Whaley and Fred Hazen at ends, Larry Harper and Bob Pryor at guards; Abner Thomas and Whitey Clinger at linebacker posts; and Joe Snouffer, and Doug Bibler, at halfback slots.

Offensively, Gene Armstrong and Bob Stauffer will be at ends; Frank D'Eramo and Bob Hamor at tackles; Abner Thomas and Whitey Clinger at guards; Bob Caldwell at center; Don Schweinfurth at quarterback, Gary Ballinger at fullback; and either King, Joe Albinack or Bibler at halfbacks.

Harding will be after its second win. After blanking Newark 20-0 in an abbreviated four-quarter preview game here two weeks ago, the locals downed Columbus West 6-0 last Friday.

Pass Gate Opened

Ken Somerlot, athletic co-ordinator at Harding High School, today announced opening of a new gate for season ticket and complimentary ticket holders.

A double gate near a small utility shed and the ticket window will be used to relieve the congestion at the regular ticket window, he said. It will eliminate standing in line for holders of the tickets

Adult season tickets are still available. The tickets for Harding's home games may be obtained by calling James H. Smith, treasurer, at 2-0235 at the high school. He is at his office each morning from 8 30 to 9 30.

Irish, Spartans Picked To Win Grid Openers

By HAROLD CLAASSEN

NEW YORK (AP)—Giving you this weekend's football winners so that you can concentrate then on the coming World Series or discuss the heavyweight fight.

Despite last week's heavy quota of upsets, this corner was right on 19 of 27 games. The eight losses included the warning that Alabama would have a very busy evening with Mississippi Southern. It did.

The winners.

Notre Dame over Oklahoma: Notre Dame supposedly has everything, including the Indian sign on Oklahoma.

Holy Cross over Dartmouth: This is your TV spectacle of the week.

Pennsylvania over Vanderbilt: Penn sets out on its suicide schedule with a narrow victory.

Michigan over Washington: The Big Ten club has Ted Kress in good physical condition while Washington lost one of its offensive guns.

Georgia Tech over Florida: Rick Casares, Florida's ace back, still below par because of injuries suffered in a summer motor accident.

Michigan State over Iowa: Michigan State, the country's No. 1 team last year, collides with a powerful sophomore aggregation in its Big Ten debut.

Texas over Villanova: The Longhorns' lack of team speed could prove fatal here if Gene Filipski should break into the open.

Navy over William & Mary: The Middies have the line to stop the running of Bill Bowman

Southern California over Minnesota: The Trojans should win even though their own Lindon Crow may be sidelined

UCLA over Kansas: Another victory for the West Coasters.

Wisconsin over Penn State: Alan (The Horse) Ameche to be the difference.

Alabama over Louisiana State: The two surprise teams of last week—Alabama lost and LSU won.

Purdue over Missouri. A shade of the Big Ten club.

Indians Clinch Second; Lemon Notches No. 21

CLEVELAND (AP) — Cleveland's Indians clinched second place for the third straight year and came home today for the three games against Detroit which will end the season.

Larry Doby's eighth-inning homer at Chicago yesterday broke a 3-3 tie as the Tribe won the last road game of the year 8-3 and put the runner-up spot out of the reach of the third place White Sox.

It was Doby's 28th four-base blow of the season.

The victory was pitcher Bob Lemon's 21st, against 15 losses.

Manager Al Lopez plans to send out Dick Tomanek, a youngster up from Indianapolis, to pitch Friday in the first game against the Tigers.

About his own future, Lopez says he will meet with General Manager Hank Greenberg Monday in New York. Lopez has been mentioned as a successor to Rogers Hornsby as manager of the Cincinnati Redlegs. He denies ever he has been approached by Cincinnati.

Singles by Dale Mitchell and Doby, a walk to Bobby Avila, a sacrifice and Rosen's fly out produced two Cleveland runs in the first inning at Chicago

During a four-run Indian ninth Avila tripled, Lemon doubled, ad Bob Kennedy, George Strickland and Al Rosen singled.

FOOTBALL QUEEN TITLE THEIR GOAL. In perfect form are these campus beauties whose goal is the title of "Miss Football of 1953." Selected from 10 universities in the United States and Canada, they are shown in Berkeley, Calif., where one will reign over a week-long celebration of the San Francisco-Oakland Annual Football Festival and, later, will become the nation's gridiron queen. Starting with girl in center, they are (l. to. r. clockwise): Ann Bailey, University of Oklahoma, foreground, nearest camera; Betty Barnhart, University of Minnesota; Mary Ann Weisbrod, San Jose State College; Kathleen Patricia Johnson, University of British Columbia; Barbara Hines, University of Southern California; Ann Moore, University of California; Sara Lynn Estes Baylor University; Nancy Hagglund, Oregon State, Geri George, University of Utah, and Barbara Fox, University of Pennsylvania.

Bucks, Hoosiers End Drills for Opening Game

COLUMBUS, Ohio (AP) — Coach Woody Hayes of Ohio State University and Coach Bernie Crimmins of Indiana today will put the finishing touches on their strategy for the premiere of their football teams here Saturday.

Hayes concentrated on offense yesterday, giving a largely experienced backfield a hardy workout The starting backfield of Dave Leggett, fullback, John Borton, quarterback, and Howard Cassady and Bob Watkins, halfbacks, is a tried and tested unit.

Crimmins, on the other hand, has two rookies in his backfield. Right halfback Dave Rogers of Warren Ohio, and fullback Lester Kun of Chicago are both sophomores Kun did play briefly last year as a second semester freshman.

The Buckeye backfield appears much stronger on the ground than it did last year. Watkins and Leggett are tough and hard to bring down. Cassady, like Watkins, is a breakaway threat. Jerry Harkrader, sophomore star who'll sub for Leggett at full, is another speedster.

Only one-fifth of the cotton acreage in the southern United States is mechanically harvested

13 Horses Entered

Smart To Drive 10-1 Choice In Delaware Brown Jug Pace

DELAWARE, Ohio (AP)—Thirteen horses are set to break from the gate today in the race of 3-year-olds for the Little Brown Jug trophy and a share of the $54,972 21 that goes with it. Post time is 3 p m.

In early betting, Keystoner, with Frank Ervin in the sulky, has been established as the favorite at 3 to 1 And there will be a championship tradition riding with the pacer owned by George L Stipling of Cleveland

Keystoner, who'll be charging out of post position four is a half-brother of Tar Teel, 1951 Jug winner and world champion.

Ervin was behind Good Time when that all-time big money winner won the Jug in 1949.

Giving Keystoner a run for the winner's purse will be Countess Vivian piloted by Del Miller There's tradition behind Miller, too

Horses from his stable have dominated the pacing classic for the past three years. He drove Dudley Hanover to victory in 1950 and trained Tar Heel and the 1952 winner, Meadow Rice Countess Vivian is a 4 to 1 choice.

An interesting sidelight of the big pace—the country's richest for side-wheelers and carrying top prize for any harness race over a half-mile track—is the appearance of Wayne (Curly) Smart.

The veteran trainer and driver has been in and out of the sulky with court decisions affecting a surprise one-year suspension by the U. S. Trotting Assn., and a previous one by the Michigan Racing Commission.

Both organizations banned the stocky, pipe-smoking Ohioan, who last year was the sport's top winner percentagewise, on charges of being a party to administering medicine to a horse before a race.

He got temporary restrainers against both suspensions.

The USTA fought the restrainer yesterday but a judge ruled the association acted too late.

Smart will handle Dutch Dandy, a 10-1 shot.

Hillsota, the winter book favorite, and Newport Chief are listed at 9 to 2.

Richest possible pot at today's session of the yearly harness bonanza is $29 000 which will go to any horse that can win two straight heats

Morral Junior High Team Wins Fifth Game

Morral's junior high baseball team rolled to its fifth straight victory by swamping Pleasant 21-0 at Morral Wednesday.

Richard Craycraft and Warren Hensel, who came on in the fifth, combined to limit the losers to two hits. Craycraft whiffed 12 and Hensel struck out three

Leading Morral's 15-hit attack were Hensel with three singles and a double; Clyde Neal with a homer, double and single; Craycraft with two doubles and a single, and Bill Green with a homer and single. Van Buskirk, who punched out a two-bagger, and Leffler got Pleasant's two safeties

School Bans Radio

EAST LIVERPOOL, Ohio (AP)—East Liverpool High School said today it was banning radio broadcasts of its football and basketball games for one year "to stimulate attendance which has been slipping for three years."

The school said Martins Ferry, New Philadelphia and Massillon have similar bars

Champ Is 4-1 Favorite in Fight Tonight

Both Marciano, La Starza Confident as Battle Nears

NEW YORK (AP) — Heavyweight Champion Rocky Marciano tests his vaunted wallop and risks his one-year old crown tonight against Roland La Starza, a supremely confident challenger, in a 15-round title fight at the Polo Grounds.

The handsome, 26-year-old New Yorker firmly believes he beat Marciano (Rocky won a split decision) in their first meeting 3½ years ago and he is sure he is going to make it official in the ball park with some 32,000 fans looking on.

Despite the challenger's optimism there were only a few of the fight experts who believe the ex-collegian will be able to escape the numbing blows of the aggressive, powerful 29-year-old champion.

The odds were 4-1 that the undefeated Brockton blaster would win, 12-5 that LaStarza would be knocked out; 9-5 that Roland wouldn't finish 12 rounds and even money he wouldn't complete eight rounds. It was 8-1 that LaStarza wouldn't stop the durable Marciano.

There was only light wagering reported on the actual outcome itself. Most of the betting was concentrated on how many rounds the scrap would go.

Starting time for the outdoor bout is 9:30 p.m., EST. There will be no television or broadcast into the homes from the park. A telecast will be beamed over a closed circuit to 45 theaters in 34 cities and towns from coast to coast.

With the weatherman forecasting fair and warmer weather, President Jim Norris of the International Boxing Club, stuck to his prediction that the fight would gross about $400,000. The IBC will collect a minimum of $100,000 from the theater-cast, making a possible total of $500,000 the gladiators will share in.

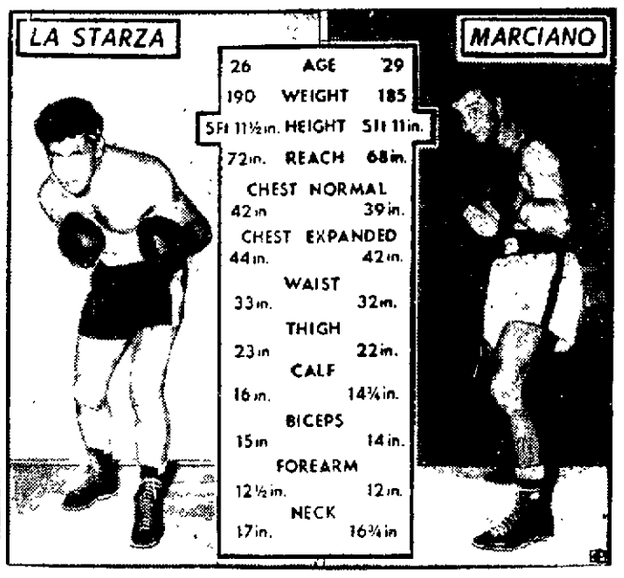
More conservative guessers figured the fight would gross no more than $350,000.

If the melon reaches $500,000, Rocky, in for 42½ per cent, will receive about $170,000. LaStarza, who gets 17½ per cent, will collect about $70,000. Roland's previous highest purse was the $13,000 he earned when he dropped the controversial ten rounder to Rocky in Madison Square Garden, March 24, 1950—the turning point in the careers of both fighters.

"I'm going to win, said the broadchested challenger, "I beat him before and I know I can outbox him and I can outsmart him. He can be hit by a jab, a hook, a right and practically any kind of a punch. I may stop him or even knock him out. Probably stop him because he cuts easily and his eyes close up.

"Sure I know he knocked me down with a right in the first fight," said Roland, "but I got up and was going after him at the end. In a few more rounds I would have stopped im."

Marciano, who rarely makes predictions, told several newsmen at the camp that he would win "within seven rounds." He nows says he was misunderstood. But there's no doubt that the brawny-armed, heavy-fisted champ feels he can do it that quick



HOW FIGHTERS SHAPE UP. Here is the tale of the tape for Challenger Roland La Starza of New York and Heavyweight Champion Rocky Marciano of Brockton, Mass., as they shape up for their title bout at the Polo Grounds in New York tonight.

Redlegs Nail Sixth, Set Eyes On Fifth Spot

CINCINNATI (AP)—The Redlegs, a cinch for their fourth straight season in sixth place, hold a slim chance to advance to fifth.

The Cincinnati club edged the Chicago Cubs 4-3 yesterday and fifth-place New York lost 2-1 to Philadelphia last night, narrowing their lead over the Redlegs to 1½ games. The Giants have four more games to play, the Redlegs two.

In the last match with the Cubs, the Redlegs knocked out 18 hits, though turning a mere four of them into counters.

OSU Names Taylor As Baseball Coach

COLUMBUS, Ohio (AP)—The Ohio State Athletic Board has approved appointment of Fred Taylor as freshman basketball and baseball coach. Taylor, who played with Beaumont in the Texas League last summer, starred in both sports at State.

The board also approved Alex Clawson as assistant baseball coach. Taylor succeeds George Staten, now head of the ticket department. Clawson succeeds Lowell Wrigley.

Giants Get 6 Hits

Robin Roberts Wins 23rd Without Allowing Walk

By BEN PHLEGAR
AP Sports Writer

Robin Roberts is going to fall considerably short of some of the glowing predictions made for him early in the season but the Philadelphia strong boy has still had quite a year.

Contrary to some of the optimistic experts, Roberts didn't

1. Win 30 games.
2. Pitch 400 innings.
3. Start every third day without a break.

But with one more starting assignment to come before the season ends on Sunday, the Phillies' right-hander is sure to

1. Win possibly 24 games, as many or more than anybody else in either league.
2. Pitch more innings than any National Leaguer since Grover Cleveland Alexander in 1920, and more than anybody except Alexander in the league since 1907.
3. Start more games than any other pitcher in the league this year.

Roberts won his 23rd game last night, edging the New York Giants 2-1 on six hits. It was his 40th start and his 33rd complete contest. For the 14th time this season he didn't walk a man.

Despite a bleak month starting in early August, Roberts' control record has been phenomenal. He leads the league in strikeouts with 196 and has walked only 61 men, an average of less than one every five innings. Christy Mathewson pitched 18 games in 1908 without giving up a walk, but the best the great Walter Johnson could do in one season was 10 walkless games in 1913.

Roberts probably will start Sunday against the champion Brooklyn Dodgers. So far he's worked 340 innings, 10 more than last year. With another two innings there'll be nobody between him and Alexander on the workhorse list. Alexander pitched 389 innings in 1916, 388 in 1917 and 363 in 1920.

Another pretty fair pitcher turned in one of his usual excellent performances last night as Warren Spahn of the Milwaukee Braves beat the St. Louis Cardinals 2-1 for his 22nd victory. Spahn has lost only seven games. Roberts has been beaten 15 times.

The combination of Roberts and Spahn moved the Phillies and Cards into an exact tie for third place in the National League. Each club has three games to play.

In other action yesterday the pennant winning New York Yankees defeated Philadelphia 3-1 and Cleveland clinched second place in the American League with an 8-3 verdict over Chicago.

Cincinnati nursed its hopes for a fifth place finish with a 4-3 decision over the Chicago Cubs. The Redlegs, assured of at least sixth where they've finished the past three seasons, trail the fifth place Giants by a game and a half.

Ed Lopat took a seven inning World Series workout against the Athletics and everybody on the Yankees was satisfied he's really ready. He gave up a run, eight hits, walked no one and struck out four.

HUNT BOY, 13

MASSILLON, Ohio (AP)—A three-state hunt was under way for Vernon Walters, 13-year-old son of David Walters, who disappeared last Thursday from nearby Brewster.

SHORT SPORTS

By John Short

After a five-week absence from the sports desk we returned to find the scene had undergone several changes.

The Yankees and Dodgers had clinched their respective pennants and diamond fans have only the World Series to look forward to. During the same period, the fight scene was shuffled twice. First rumble occurred when Harold Johnson all but ended Ezzard Charles' hopes of becoming the first man ever to recapture the heavyweight crown. The second really rattled the ring world when Kid Gavilan narrowly missed dropping his welterweight crown to Carmen Basilio when he was awarded a split decision.

SHORT

—:—

ON THE LOCAL scene, football has popped up as the No. 1 topic of conversation. Harding and St. Mary both notched wins in their openers last week and many fans are predicting big things for the squads in the Buckeye League and Mid-Ohio Conference respectively.

We did watch the teams battle through their preview games and the opening wins. Both outfits impressed us with their defensive work.

The Prexies, especially, won their 6-0 verdict over Columbus West through their rocklike defense. The last six minutes of play took place within the Harding 30-yard stripe and despite a fumble at the 20, the Prexies kept Mac Pemberton's charges from scoring. Leading the defenders was Fred Price. Harding's first-string quarterback, last year. Price came home with two pass interceptions including one which set up the lone score.

Joe Snouffer was credited with the interception at the time. He refused, however, to take credit for the play and asked Principal Cecil Gabler to inform the Harding student body by way of the public address system the interception was by Price.

—:—

THE HARDING COACHES were as excited as the fans during the game. Coach Pete Howison, who worked up a cold sweat, informed us that Lou Ralston walked behind the bleachers during the goal line stand. Don Kay ate a pack of chewing gum and wondered what happened until one of his co-workers told him he had swallowed it.

Ray Robbins and his St. Mary assistant, while not worrying about the game, also put in quite an evening. Their charges whipped Cardington 27-0 in a downpour of rain.

Ray's only complaint was that he had been wearing a new hat.

Kansas City Whips Toledo in Playoffs

TOLEDO, Ohio (AP)—Kansas City's Blues, driving for another shot at the Little World Series, go after their second straight victory over Toledo tonight in the best-of-seven final playoff to determine the American Association entrant.

They won the opening game last night, 5-2, as lefthander Gary Coleman pitched a neat four-hitter and the Blues collected three unearned runs in the fourth on singles by Elston Howard, Jim Brideweser and Alex Grammas and an error by Bill Queen.

Toledo will send Bert Thiel to work tonight. Thiel, troubled by a sore shoulder, has not worked for a month but had a 5-4 record during the regular season.

Top Trotter Wins Event at Delaware

DELAWARE, Ohio (AP)—Newport Dream recorded his 17th and 18th heat victories in 20 starts yesterday to win the $12,800 Ohio Standard Bred Futurity.

The 2-year-old, piloted by Del Cameron, boosted his record-breaking earnings to $86,022, finishing a good two lengths ahead each time.

Arthur Prudholm, who won the middleweight boxing title at the 1920 Olympics, now is a cook in mining camps in northern Saskatchewan and Manitoba, Canada.

Jeweler Calls Stickup Man's Bluff, Wins Out

VAN NUYS, Calif. (AP) — "Go ahead and shoot," jeweler Harry Sosin calmly told a gunman who had ordered him to the rear of his store on the threat of shooting him in the face yesterday.

The intruder looked perplexed for a moment, then ran out to a waiting auto and fled.

Columbus Boy, 6, Lost 9 Hours After Hunting Lunch Box

COLUMBUS, Ohio (AP)—When 6-year-old Larry Mudd told his teacher he left his lunch box "outside," she didn't think he meant 20 blocks away.

She let him go after it. Ten hours later he hadn't returned. His parents were frantic. Police searched Columbus.

They finally found him last night—lost and hungry.

He had three questions when he got home:

"When do we eat? Why do ladies drive police cars? Daddy, why are you shaking so much?"

West Town Jubilee At Halfway Point; Climax Next Week

The third annual Jubilee, sponsored by the West Town Business Men's Association, reached the halfway point today. The sales event began Monday and is scheduled to end next Wednesday.

Some 30 merchants are participating in the Jubilee. They form the shopping district in the W. Center St. area between Park Blvd. and Garden St.

Next Tuesday a variety show is to be presented from a stage which will be erected on the parking lot of the West Town branch of the National City Bank. The show is scheduled to begin at 8 p.m.

In the account of the Jubilee carried in Tuesday's Star, it was erroneously stated that a talent show would be held next Tuesday at 7:30 p.m. Art Moore, general chairman for the event, stated today the show will be a variety show, not a talent show, and will be held at 8 p.m.

Following the show, street dancing will be held in the parking lot. Wednesday night will see the close of the Jubilee with more street dancing in the parking lot.

Dominic Sansotta, president of the association, announced today that the jubilee was gaining momentum. He said more persons were coming into the stores as the event progresses.

Moore said music for the street dancing Tuesday will be supplied by the band of Wayne Martin from Newark. He is still trying to locate a band for Wednesday's program.

Man Hunts Gas Leak With Match, Finds It

PHOENIX, Ariz. (AP)—J. H. Blankenship thought he smelled leaking gas last night. So he started to look with a lighted match, firemen said.

He was right. But by the time the fire truck arrived the fire had damaged his house trailer and burned Blankenship badly.

Six Children in Moore Family Enter Hospital

Today was H-Day for the children in the Russell Moore family of 548 Mound St.

All six, three girls and three boys, ranging in age from 6 to 15, were in City Hospital where they had their tonsils removed in operations this morning.

Their mother and father took them to the hospital at 4 o'clock yesterday afternoon.

Oldest of the six is Evelyn, who is 15. The others are Ruth, 14, Russell, 12, Richard Jr., 10, Jack, 8, and Sierra, 6.

Harding Hi-Y, Tri-Hi-Y Clubs Begin Season

Approximately 200 girls and 120 boys attended separate kick-o-ff meetings of the Tri-Hi-Y and Hi-Y organizations Tuesday at Harding High School.

Programs of both groups were organized for the coming year and delegates selected for the Ohio Hi-Y and Tri-Hi-Y Roundup at Camp St. Marys Saturday and Sunday.

A total of 15 young people will leave from here for Camp St. Marys Saturday at 11:30 a.m. They are Anna Fairchild, Carol Greenbaum, Diane Gillis, Karen Syster, Carol Bachman, Dwight Haas, Hank Rinnert, Abner Thomas, Larry Harper, Louis Thompson, Walter Rissler, Chuck Kaelber, Jim Merchant, Larry Henry and Dick Williams.

Purposes of the clubs and responsibilities of the groups to the high school and YMCA were discussed. The girls and boys organizations are a cooperative group between Harding High School and the YMCA. Purpose of both groups is to create, maintain and extend throughout the home, school and community high standards of Christian character.

The Hi-Y slogan is "clean living, clean speech, clean sports and clean scholarship," while the Tri-Hi-Y slogan is "pure thought, pure words and pure actions."

At the meetings Tuesday were Miss Ruth Turner and Mrs. Hazel Strubel, Tri-Hi-Y advisors, and William Cover, Emil Lisak, Rev. L. H. Ludwig and Paul O'Rourke, Hi-Y advisors.

USED SPARE TIME

EDINBURG, Tex (UP) — Louis B. Foster of McAllen, Tex., was held in jail five weeks, unable to make a $5,000 peace bond placed on him when his former wife complained he beat her. When Foster finally was released, Judge Tom L. Hartley asked him if he made any money while in jail. Foster, an insurance salesman, replied, "Yes, your Honor, I did manage to sell five policies."

Homes of Famous People

1805. CLARA BARTON'S Birthplace, N. Oxford, Mass.

By The Associated Press

This unpretentious Cape Cod cottage, still standing in the hills of North Oxford, Mass., was the birthplace of the beloved Clara Barton, founder of the American Red Cross. The neat, white painted cottage, with its great chimney, its central entrance hall with rooms on either side, was built about 1805, by Stephen Barton, the father of Clara, and was a popular architectural type, in New England, during the 18th and early 19th centuries. It is now owned and operated as a museum, by the Women's National Missionary Association of the Universalist Church. It is open, the year round, and contains many relics among which is the desk used by Miss Barton during the Civil War. Clara Barton served, not only as a nurse in the Civil War, but also in the Franco-Prussian War.

Harry Dutt Named Master of Grange

Harry Dutt was re-elected master when Whetstone Grange met in the Grange hall Monday night.

Others elected were Ernest Klingel, overseer; Mrs. Smith Neville, lecturer; James Salyer, steward; Paul Klingel, assistant steward; Mrs. Carl Klingel, chaplain; Mrs. Ernest Rech, treasurer; Miss Wanda Klingel, secretary; Paul Thomas, gatekeeper; Mrs. Paul Thomas, ceres; Mrs. Glen Burton, Pomona; Mrs. Carl Watzel, Flora; Mrs. Paul Klingel, lady assistant steward; Miss Marilyn Neville, pianist; Mrs. Ernest Klingel, assistant pianist; Roy Klingel, legislative agent; Carl Klingel, business agent; Robert Chapman, trustee for three years; Mrs. James Salyer, reporter; Mrs. Raymond Klingel, home economics chairman; and Miss Marilyn Neville, youth chairman.

Whetstone Grange will be host grange for the county installation of officers scheduled Oct. 10.

At the next Whetstone Grange meeting Oct. 5, a weiner roast is planned.

A new hand-size not-metallic land mine costs the army only $2.50.

Power Shovel Co. Officials Attending Mining Congress

Several Marion Power Shovel Co. officials are among some 2,000 mining men attending the 1953 American Mining Congress Mining Convention this week in Seattle, Wash.

An annual event, this year's convention is meeting at the Olympic Hotel, Sept. 21-24. The National Program Committee has prepared an agenda which will deal with government-industry relationships and the solution to major operating and economic problems.

John P. Courtright, president of Marion Power Shovel Co., is participating as chairman of the Manufacturers Division of the American Mining Congress. Other Marion officials in attendance include A. F. Busick Jr., vice president in charge of engineering; D. E. Rizor, assistant to the president; L. C. Mosely, manager of the Mining Division; and William F. Lanius and E. J. Riggs, district sales managers.

Busick participated in a panel discussion Wednesday on "Trends Toward Larger Shovels in Mining and Earthmoving."

SNAKE BITE

JACKSON, Miss. (UP) — When bitten by a water moccasin on a recent fishing trip to Dump Lake, Gene Allen killed the snake, lanced the wound with a rusty tackle knife, made a tourniquet of a fish stringer, paddel a mile and a quarter to the boat landing, drove to the hospital and went back out to get some anti-venom serum at a drug store. He drove home the next afternoon.

William Shakespeare had to leave Stratford on Avon in 1585 at the age of 21 under suspicion of poaching deer.

15 Companies Accident Free During August

Fifteen Marion firms were cited as having had no lost time accidents during the month of August at a meeting of the Industrial Safety Council of the Chamber of Commerce Wednesday noon at Hotel Harding.

Speaking to the group on "Safety Programs" was T. J. Cain of Akron, safety director of the B. F. Goodrich Co. of Akron. He was introduced by Frank Bartos, safety director of the Marion Division of the B. F. Goodrich Co.

The 15 firms were Alloy Cast Steel Co., American Malleable Castings Co., Chesapeake and Ohio Railroad, Erie Railroad, New York Central Railroad, Monsanto Chemical Co., Ohio Fuel Gas Co., Fairfield Engineering Co., The Osgood Co., Arro Expansion Bolt Co., Marion Machine Tool Co., B. F. Goodrich Co., Quaker Oats Co., and McMillen Feed Mills, Inc., and General Excavator Co.

NAME'S THE SAME

GREELEY, Colo. (UP) — Dean Bushnell, graduate student at Colorado State College, is gaining teaching experience by part-time teaching at Bushnell, Neb.

LET'S EXPLORE OHIO

One of the familiar sights to visitors at Kelley's Island off Sandusky in blue Lake Erie is Table Rock. This huge undercut rock is a monument to the ceaseless power of the waves and provides a vantage point from which to view the ships and boats that pass in the channels. Geologists and archaeologists from all over the world have journeyed to Kelley's Island to study the deep glacial grooves carved by the ancient ice cap that once moved down from the north to cover most of Ohio, and the famous Inscription Rock whose graven pictographs tell the story of a vanished Indian tribe.

Hoeing Machine Is Useful for Cotton

ALEXANDRIA, La. (UP)—A new era in cotton farming may be heralded with the granting of a patent for a new machine to a farmer of Avoyelles Parish.

Jacob A. Deville has received a patent on a cross-row cultivator that is, in effect, a mechanical hoe.

Deville applied for a patent in 1948 and since then has just used the machine in his own field and has proven the machine effective and economical.

Attached to a tractor, the cultivator can hoe more than 15 acres a day. Deville said the cost of hoeing his 22 acres of cotton this year using the machine was $24.25. He added that the cost by hand would have been $500.

Deville said the patent was so slow reaching him because he had to prove the machine was unlike any other machines already patented, including 19 others, two from Australia.

He said his invention probably will eliminate the hard cultivation job in cotton fields and added that the machine can be manufactured for about $400.

Deville expects to manufacture the machine himself at a plant in Alexandria or Marksville.

WOMAN RAN CONN.

HARTFORD, Conn. (UP) — A woman recently ran Connecticut for the first time in its 300-year history. Secretary of State Alice K. Leopold took over when Gov. John Lodge went to an out-of-state conference. The lieutenant-governor and senate president, the usual gubernatorial stand-ins, also were away at the time.

THE BERRIES

TEMPLE, Mich. (UP)—Thomas Crawford picked 150 quarts of huckleberries this year. Crawford is 90 years old.

Trophies Awarded CAP Squadrons From Area

Special to The Star

BUCYRUS — Bucyrus and Galion Civil Air Patrol squadrons were awarded trophies at a north central Ohio CAP competitive mission proficiency meet held Sunday at the Galion-Crestline airport.

The Bucyrus crew of M. Sgt. Orville H. Lust and T. Sgt. William B. Morton won a trophy for bringing their plane down on the exact estimated time for performing a locating and informational survey mission.

Two Galionites, Capt. Albert Mulberg and Sgt. John Schill, received a trophy for locating a marked vehicle within 20 miles of Galion and delivering a dropped message from the air within 150 feet of the vehicle.

Humus in the soil helps hold nitrogen and moisture.

Crawford County Couple Note 63rd Anniversary

Special to The Star

BUCYRUS — A lifelong Crawford County couple, Mr. and Mrs. Jacob Reinhard, were guests of honor Sunday at a dinner held in observance of their 63rd wedding anniversary, an event of Sept. 18. The dinner, attended by 52 relatives and friends, was held at the home of a son and daughter-in-law, Mr. and Mrs. William Reinhard of New Washington.

Mr. Reinhard and the former Mary Stronm were married Sept. 18, 1890, at the Martin Luther parsonage, west of Bucyrus, by the Rev. Michael Strieb. Mr. Reinhard still works around his farm.

The Reinhards have another son, Robert, at home, and two daughter, Mrs. Fred Leonberger, Bucyrus, and Esther, at home. There also are 16 grandchildren and 24 great grandchildren.

IT WAS TOO

HASTINGS, Neb. (UP) — One resident got up early to watch a hailstorm. "There's a hail stone as large as a golf ball," he said, pointing to a white object on his lawn. When the hail quit he went outside to claim the large specimen. He picked it up. It was as large as a golf ball. A closer look proved—it was a golf ball.

POSSIBLY

EBENEZZER, N. Y. (UP)—Notation in a yellowed Bible found in an attic here: "Today the preacher talked on the evils of tobacco. But I coul dnot help wondering how different the world might be now if Adam had had a chew of tobacco in his mouth when Eve offered him the apple."

New Bus Runs To Serve City

Three To Be Added To Schedule Sunday

Three more buses will provide service for Marion, beginning Sunday K E. Smith, manager of the Greyhound Bus Lines announced today Two will stop at Marion on Chicago-Pittsburgh runs and the third will originate here, traveling to Columbus

A bus for Pittsburgh will leave the Marion bus station at 6 12 a m It will be an express run originating in Chicago, and operated by Pennsylvania Greyhounds Lines.

Another new run started by Pennsylvania Greyhound will be an express bus between Pittsburgh and Chicago It will leave Marion for Chicago at 2 04 a m

The third bus, which will originate here, will leave for Columbus at 6 p m This will be operated by the Great Lakes Greyhound Bus Lines

All three of the new buses will operate on a daily schedule

Smith also said the schedules of several other buses serving Marion would be changed by a few minutes beginning Sunday because of the switch in many communities from Daylight to Standard times.

Marion Brother, Sister Enroll in Universities

A son and daughter of Mr and Mrs John Rinnert of 306 Summit St , Paul and Dorothy Rinnert, have entered college for the fall semester

Paul, who was graduated from Harding High School in June, this year entered Ohio State University, Columbus, Monday He is enrolled in the college of engineering. Paul is staying at Stadium Dorm

Dorothy enrolled Friday as a sophomore in the college of education at Bowling Green State University She is living in Williams Hall Dorothy was graduated from Harding High School in 1952

CLIPPED BETS

DETROIT, Mich (UP) — Most barbers just clip hair, but Hugh Dale 50, pleaded guilty to a charge of accepting horse bets Dale accepted bets from six men while he clipped the hair of Policeman Sam Varlesi

OFF TO NEW POST. Miss Frances E Willis, the new United States ambassador to Switzerland pays a courtesy call on President Eisenhower at the White House before she departs for her post

REAL GONE GUN

LOUISVILLE, Ky (UP) — Mrs Tom Kinder said a stranger knocked on the door and asked to see "the pistol your husband is going to sell me" Mrs Kinder told the man that her husband owned a shotgun but not a pistol The stranger asked if he could see it Mrs Kinder handed over the shotgun and the man ran away with it

Beetles Threat To South Seas Copra Industry

SUVA, Fiji (UP)—South Pacific islanders are closing ranks in a joint defense effort reminiscent of the early days of World War II

But this time the enemy is not man It's the deadly rhinoceros beetle which threatens the multi-million dollar copra industry The beetle ruins the precious coconut palms—economic backbone of the thousands of islands strewn across the southern Pacific

The dread beetle first sneaked into the South Pacific before World War I when Samoa was a German colony Oldtimers claim it came in rubber plants from Ceylon—and stayed ever since

Early this year the beetle was found on Viti Levu, largest island in the Fiji group The discovery sparked a determined campaign to wipe out the menace But after six months work the authorities announced there was little hope of a clean sweep They decided to concentrate on efforts to isolate the beetle invasion—and keep it from spreading to the other islands

All-out Fight

The Fiji administration set up a Rhinoceros Beetle Eradication Board and allocated 50,000 pounds to fight the pest The board's field men fanned out from Suva and caught close on 60 adult rhinoceros beetles, using special traps in logs and compost heaps

To help funds for the campaign the government is adding pound for pound to the two pounds collected per ton of copra sold to the Fiji Copra Board Fiji earns about 3 000 000 pounds yearly from copra production

The government also assigned two experienced entomologists and a chemist on full-time research in anti-beetle warfare One of the men will lead a team to search in Asia and Africa for parasites that might attack the rhino beetle The second team will stay in the Pacific and try out any possible parasites the Africa-Asia squad finds

The government also ordered 1 500 predatory beetles flown here from Trinidad. These beetles live on grubs and although no one is definite, are likely to feed on the rhinoceros beetles They are otherwise harmless because they are not interested in plant life.

Shipping Watched

The French in Papeete, Tahiti, decided to take no chances Because ships are the most likely beetle carriers, they ordered all ships to pull away from the wharves at night and anchor out at sea.

Residents of Suva and nearby areas kept strict watch against the rhino beetle. Dead coconut palms must be destroyed and the base of growing trees kept clear lest the beetles move in to breed

Fiji's senior entomologist, B A O'Connor, said the damage done is all caused by the adult beetles. The grubs are harmless.

"The beetle flies to the top of a palm, and crawls in among the bases of the fronds," he said "It then bores in towards the center, making a large hole through the butts of the younger fronds"

O'Connor added that even if the beetle doesn't reach the growing point, rain water may lodge in the burrow and bacteria and fungi growing in the damp pocket bring on the plant's decay

NEW AZALEA

PINEVILLE Miss (UP)—Benjamin Y Morrison, who retired in 1952 as director of the National Arboretum in Washington, D C reports that after 20 years of experiment he has developed a hybrid azalea that will bloom in summer

Classroom Adventure Improves Attendance

ITHACA, N Y (UP)—Teachers who want to improve school attendance must have "adventure" in the classroom Cornell University Prof Clyde B Moore believes

Moore told educators at a meeting of the New York State Attendance Association that schools must capitalize on children's natural urge to strive for worthwhile goals

"One of the tests of a good teacher is the degree to which he can lead pupils to feel the spirit of adventure as each new bit of understanding is discovered, realized and made meaningful," Moore said

Savings Bond Sales Increase

August Total Here Higher by $46,000

Marion County citizens purchased $46,000 more United States series E and H savings Bonds during August this year than during August 1952.

Total sales in August reached the $172,618 as compared with $138,050 for the same month last year. This figure reflects the 22 per cent increase noted throughout Ohio during August this year. National figures show August 1953 was 12 per cent higher than August 1952.

Robert E. White, chairman of the Marion County Savings Bond committee, said the last month in which Ohio failed to show an increase in the volume of sales was in November 1952.

Total dollar sales of E and H bonds in Ohio in August were $25,66,033, compared with $21,002,957 sold in the same month last year.

About 75 per cent of those persons whose bonds had matured by the end of August had decided to hold them under the optional automatic extension program.

TAX LIENS QUASHED

CINCINNATI (AP)—Tax liens totaling $1,285.01 against Urban F. Sander, 148 Maple Ave., Hamilton, Ohio, have been discharged according to notice on file in U. S. District Court here. The liens had alleged the money was due for income taxes in 1946 and 1947 and withholding and federal insurance payments due in 1948.

The army buys more than 24 million pounds of salt a year to supply both itself and the air force.

The palace of King Minos in ancient Crete was as large as Buckingham Palace in London.

Massillon Housing Project To Close, 179 To Lose Homes

MASSILLON, Ohio (AP) — The Lawndale Heights housing project, built by the federal government in 1943, has been ordered closed by Feb. 28—forcing 179 persons to look for new homes.

Sarah J. Thornton, project manager, said Wednesday only 14 families have found new homes.

"The families having several children," she said, "cannot find homes for rent because children are not wanted."

"In most cases the banks will not grant loans to these people," she continued. "They cannot buy and they cannot find homes to rent. It is a deplorable condition."

The average family in the project has an income of less than $4,000 yearly. Rents in the project varied from $27 95 a month for a one-bedroom unit to $34.45 for three bedrooms.

Owners of the project site, which the government leased, want the property for other use, and City Council has declined to allow tenants another four months after March 1.

All American Indians are legal citizens of the United States.

DUSTER DANGER

JACKSON, Miss. (UP) —A crop-dusting pilot, Wayne Brown, of Stephenville, Tex., was released from a hospital here a week after his article, "I Fly With Death," appeared in a national magazine. Brown was treated for a broken leg. He also lost several teeth in the crash of his plane in a 40-acre Mississippi Delta cotton field.

TOOTHLESS BABE

BUFFALO N. Y. (UP)—Bernadine Marine Gaudy was born with a tooth but a physician was required to extract it seven days later because it was loose. It was feared Bernadine might swallow the ¼-inch tooth Personnel at Children's Hospital here said it was "an extremely unusual" occurrence.

Ted Ryan, Asst. Mgr.

Children's Church Is Directed By Retired Mt. Gilead Pastor

By M. DOYLE RUSK

MT GILEAD — A children's church is sponsored by the Commission on Education at the Trinity Methodist Church in Mt Gilead under the guidance of a retired minister, the Rev Sheridan Walker, who preaches every Sunday morning during the regular worship hour

REV. SHERIDAN WALKER

The Rev David Skeen minister in charge of the pastorate, is pleased with the two year-old program, saying, 'It trains children in the art of churchmanship and graduates them into the senior church to find their place fitting into the general church procedures We are especially privileged to have an ordained minister for the youth of our church '

Members of the Forward Sunday School Class help arrange for the seating of the children's church immediately after Sunday School A partition in the church basement creates a small chapel which has a traveling worship center created by Max Smith general superintendent of the church school The altar painting and with an oil copy of Dutch masterpiece, "Praying Hands," painted by Russell Dye

'We are anxious to make this a real going concern," said Rev Walker at the fall reorganization meeting on Sunday morning following a short summer vacation Election of officers delegated Bruce Beard as president, Maxine Nixon, vice president, Sherry Shaffer secretary, Charlotte Beard, treasurer, and Robert Bates, chief usher

Rev Walker discussed the "Back To Church Movement, "Starting To School' and Fall Starts' prior to his Sunday sermonette, 'Keeping Your Eyes on The Master Two girls volunteered to light the altar candles and pass the collection plates while Mary Shaffer played the offertory number, 'Beautiful Garden Of Prayer" A total of 80 youth are on the membership rolls

'People are very nice to me and I love to work with the church pastor says Rev Walker who has served the Christian ministry for a period of 42 years He is an ordained ministerial member of the Methodist Ohio conference, having been given he Christian ordination by Bishop Anderson and was retired from active service two years ago to start the children's church for youth between the ages of 6 and 12 at the Mt Gilead Church

The 40 year veteran sage was born and reared in Champaign County near Urbana His first supply work was in Auglaize County after attending Ohio Wesleyan University Other pastorates include Perrysburg Fremont Cincinnati, Dayton and Mt Gilead.

Although Bolivia supplied two billion dollars worth of silver ore to Spanish treasure ships tin is now more valuable to the country than silver

DISQUALIFIED Louise Stump who was chosen Miss Reading Fair Sept 19 admitted that she was 15 years old and not eligible to accept the honor The minimum age was 16 The title and awards will be shared by two other girls who tied for second place All three are residents of Berks County Pa

Charter Study Group Sets Meeting Tonight

A meeting of the Home Rule Charter Study Committee will be held tonight at 8 p m at the Marion County Commissioner's office in the Courthouse

J E Oliphant chairman of the committee said purpose of the meeting is to present an explanation of the type talks being given by members of the speakers bureau to various civic fraternal and other interested groups in the city The speakers bureau was organized to assist in acquainting Marionites with the charter form of municipal government and with the procedures necessary to bring the issue before the voters

Among the things explained by the speakers is the fact that there will be no vote on a charter at the election in November What will be voted on is the question Shall a commission be formed to frame a city charter'' At the same time votes will also be cast for members of the commission

Also to be presented to committee members at tonight's meeting is an outline of an advertising campaign pointing out these and other facts

Americans Go Most For Milder Drinks, Milk Is Top Choice

NEW YORK (UP) — The average American takes his drinks straight—and mild!

Milk, coffee, beer, soft drinks and canned fruit and vegetable juices are the nation's most popular beverages, American Can Company reports on the basis of an analysis of government and industry figures

Milk is the most popular single beverage in the U S, with the exception of water The average citizen consumed 185 quarts of it in 1952, the can-making firm reported Coffee was next in popular favor, with consumption totalling 105 quarts The study also showed the per capita consumption of beer was 67 quarts, soft drinks 45 quarts and canned fruit and vegetable juices 15 quarts

The biggest increase in the past decade was in the use of canned fruit and vegetable juices which has risen 170 per cent since 1940 New methods and processes for canning fresh-flavored orange, tomato grapefruit and other juices were credited with a major role in the increase

FLEW MIG TO U N. HANDS. This is the senior lieutenant of the North Korean air force who took off on a training flight in a MIG 15 and then set down on Kimpo airport near Seoul and turned his Communist fighter over to U N forces While he posed willingly for this picture the pilot declined use of his name At a news conference he said he didn't want to stay in Communist Korea

CONDUCTS SERVICES. Rev. C A Hasip new pastor of the Pentecostal Church of Christ at Fountain and Christian Sts, is conducting revival services at the church each night at 7 45 Special music and singing and prayer for the sick is a part of the public meeting

SILVER THREADS—

WORCESTER Mass (UP) — Back in 1917 Ed Bodge then a young clerk was given a silver dollar that the cashier of his firm had rejected as counterfeit Years later Bodge tossed the coin onto a counter and it opened to disclose an aperture in which a picture of a girl with a coiffure of the 1890's appeared

Community Aerial New Type Utility

CHICAGO (UP)—The American Municipal Association says television has given rise to a new type of public utility

It is the community television antenna service

The association says that 163 communities mostly in areas where reception is poor have antenna service supplied by a local company

The antenna company must be franchised by the city just as light and power firms are, the association says

A master antenna is put up and coaxial cables carry the signal to subscribers

Fees for television owners generally are $125 for the initial hook-up Monthly charges for three-channel service run $3 50, the association reports Seven channel service is expected to cost $5

The community antenna is popular where the TV signals are impeded by mountains or other natural barriers and require an extensive system to capture them

In Pennsylvania a new law grants the antenna companies protection from wire-tapping and bootlegging of the TV impulses

NO SUCH ANIMAL

JACKSON Miss (UP) — The telephone operator at the State Game and Fish Commission reported that a trapper called the other day and asked if the commission had a "fur-bearing biologist"

OIL OVER AGAIN

SUFFIELD, Conn (UP) — For several weeks, Mrs Clarence Bellifeau worked about her new house, completing her chores by tidying up the lawn and washing all the windows Four hours later, an oil truck overturned, dumping 4 400 gallons on the grass and splattering many of the shiny panes.

ACES LOW

FORT LEAVENWOPTH, Kan. (UP)—The enlisted men just couldn't let the officers get away with it Lt Col Joseph Peot made a hole-in-one on the 163-yard No 16 hole of Fort Leavenworth's golf course The next day an ace was made on the same hole by Sgt. Charles A Klien

Patient Volume Dips After New Aids Are Begun

TOPEKA, aKn. (UP) — The Topeka State Hospital, where a reorganized treatment program has achieved substantial results, believes it is the only state mental institution in the nation whose patient census has decreased radically in recent years.

At the start of the new fiscal year, the hospital had fewer patients than at any time since 1912. This was true even though more patients were admitted during the last 12 months than at any time in the past 20 years.

Nearly 1,800 patients were in the institution when the reorganization of the hospital was undertaken in 1948. The patient roster numbered 1,392 on July 1.

Dr. Clark Case, acting superintendent, said the ratio of patients discharged as recovered or improved to those admitted hit a gratifyingly high 66 per cent in the last year. Prior to 1948 the average was closer to 40 per cent.

Admissions during the year totalled 396 and discharges as recovered or improved 263. In addition to those discharged, 285 others were placed on convalescent leaves in preparation for discharge.

"These striking results demonstrate the effectiveness of the treatment program which was begun five years ago," Dr. Case commented. "The new program is paying off far beyond the expectations anyone had when it started."

The program of increased treatment included many factors, but the emphasis was on better qualified psychiatric personnel, with the famed Menninger foundation of psychiatric research here playing a big part through its assistance.

"More people are getting real treatment for their mental distress and more are getting well than ever before," said Dr. Case.

The hospital's administrator added that patients now are able to enter the institution almost immediately after a formal application is received. This is in contrast to the long periods of waiting required previously when the hospital was overcrowded. It, too, has been a help in restoring many patients to a normal life.

SEN McCARTHY STROLLS WITH BRIDE-TO-BE. Sen. Joseph McCarthy (R-Wis) strolls on the Capitol grounds in Washington with Miss Jean Kerr, his former aide who will become his bride Sept. 29 at St. Matthews Cathedral in Washington.

Home of Inventor Sad Relic of Past

CHICAGO (UP) — The ornate mansion built by Cyrus McCormick, inventor of the reaper, is now a sad relic of a long-dead era. Its 45 rooms are littered with trash, the windows are broken and the carved woodwork hangs loosely from walls.

Tramps and other habitues of the nearby Clark Street "skid row" sleep on the floors where Chicago's high society once danced in gala soirees. The front door hangs open, giving the derelicts easy entry. Every window in the building is broken.

McCormick spent several million dollars to build the home and furnish it between 1874 and 1879. It is located at 675 Rush St., once a "silk stocking" district that is now a street of night clubs.

After McCormick's death, his widow, the former Netty Fowler of Clayton, N. Y., continued to live there as one of the town's leading socialites and philanthropists.

Now the rooms are littered with tin cans, milk cartons and whisky bottles.

Two years ago, a development company planned to build a 12-story apartment building on the site at a cost of $2,000,000, offering 120 suites of three, four and five rooms.

A receiver was named for the company, however, and the plans were tied up in court action. An architect who drew up plans for the new structure said his firm still hopes to see the building erected.

Polio Fails To Stop Scout's Advancement

CATSKILL, N. Y. (UP)—An attack of polio has not swerved Robert Nagel, a high school senior, from his determination to earn his Eagle Scout badge.

Robert's right leg has been paralyzed since he was stricken with the disease in June, 1950. But the paralysis has not kept him from winning 14 merit badges, including one for swimming 250 yards.

He said he expects to meet the Eagle Scout requirements this fall.

CONFUSION NOTE

GRENADA, Miss. (UP) — Just for the record, East Street here is two blocks west of the business district and runs north and south.

Technical Schools Open to Enlistees, Recruiter Reports

The U. S. Army and U. S. Air Force recruiting station located in the courthouse announces there are many Army technical schools open for which high school graduates may apply.

At the present time there is a large demand for men to go into the Atomic Weapons Support units. In order to get into these outfits enlistees must apply for one of the following technical schools: assembly mechanical course, electrical technician course, electronic technician course, and nuclear technician course.

In order to qualify for these courses enlistees must have a high school education, or the equivalent as measured by the General Educational Development test, and have credit for courses in algebra and trigonometry,, and have some background in general science.

Anyone interested in learning more about these opportunities may contact either Sgt. James LeRow or Sgt. Howard Wheatcroft on the top floor of the courthouse from 9 a.m. to 5 p.m. Monday through Friday, and from 9 a.m. to 12 noon on Saturday.

During these hours interested persons may reach the recruiters by telephone by calling 2-3025. At other times an appointment may be made by calling 2-0268.

LATEST BEACH REPORT

SQUIRREL ISLAND, Me. (UP) —Mrs. James Bingham, correspondent for the weekly Boothbay Register, made her annual wry survey of apparel on the beach. She wrote: "No comment on bathing suits. They are in status quo after having reached an irreducible minimum a few years ago. Those who should look well in them do."

35—PUBLIC SALES

Administrator's SALE
Of Household Goods And Real Estate
The undersigned, Sherman O. Love, Adm. of the Estate of Mary N. Godfrey, deceased, will sell at public auction at the late residence of the deceased, located at 315 West Ottawa Street, Richwood, Ohio on
Saturday, Sept. 26
At 12:00 o'clock
the following property:
HOUSEHOLD GOODS
One antique walnut bedroom suite, with bed complete, dresser and wash stand, one dining room table, six dining room chairs, one sideboard, writing desk; one Round Oak heater, size 18; one antique drop leaf cherry table, one antique walnut drop leaf table; one antique dresser; one antique wash stand, one antique love seat, one antique oval walnut rocker, one antique oval walnut marble stand, one antique china shade hanging lamp; one antique china base and globe oil lamp, other old oil lamps; three antique bowl and pitcher sets, antique pictures and picture frames, several books; several rockers, several odd dining room chairs, two oak beds, complete; two oak dressers, one oak dressing table, two plush davenports, odd stands, one glass door bookcase, one good upright grand piano and stool; one antique five-candle metal candelabra. Several antique dishes; several old chairs, one walnut kitchen cupboard, some Haviland china; one cabinet radio, one large heating stove, odd tables, kitchen utensils, one copper-clad kitchen range, kitchen chairs, one mantel clock, one Apex electric sweeper, clothes rack; one cold-packer, glass churn, mirrors; ice box, glass cans and jars, one lot of bedding, flower pedestal, music cabinet, high chair, trunks, one double barrel 12 gauge shotgun; several good hand tools, garden tools, trouble cord, and many other articles too numerous to mention.
Terms. Cash
On the same day at 2:00 o'clock, this seven room home will be sold at auction. This home has been appraised at $6,500. Tract No. 2—full size lot adjoining at rear, appraised at $200. The above mentioned real estate must sell for not less than ⅔ of the appraisement value. 10% of the purchase price must be paid on day of sale, balance due on delivery of deed.

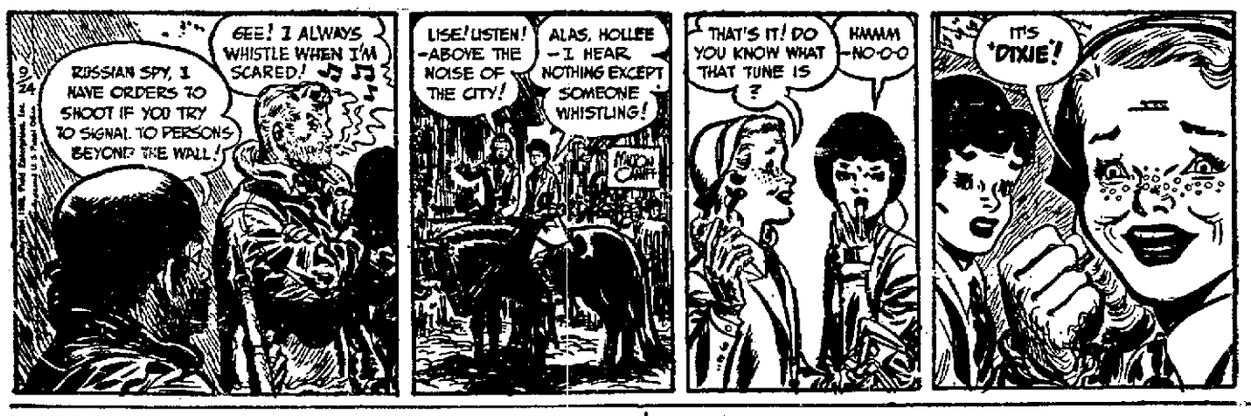
Steve Canyon By Milton Caniff



RUSSIAN SPY, I HAVE ORDERS TO SHOOT IF YOU TRY TO SIGNAL TO PERSONS BEYOND THE WALL!
GEE! I ALWAYS WHISTLE WHEN I'M SCARED!
LISE! LISTEN! -ABOVE THE NOISE OF THE CITY!
ALAS, HOLLEE -I HEAR NOTHING EXCEPT SOMEONE WHISTLING!
THAT'S IT! DO YOU KNOW WHAT THAT TUNE IS?
HMMM -NO-O-O
IT'S "DIXIE"!

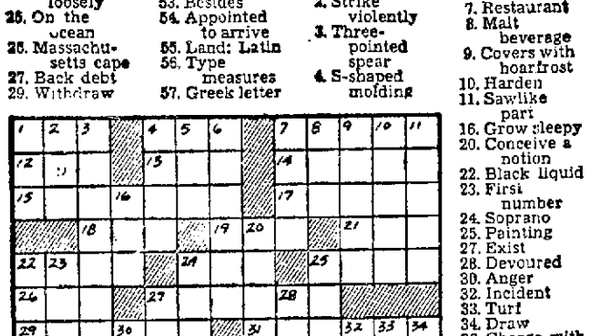
Solution of Yesterday's Puzzle



AP Newsfeatures 9-24

MAU MAU BRASS GIVES UP. Hands in air and with rifles of the Gakanja Home Guard pointed at their backs and heads, a "general" of the terrorist Mau Mau and his "adjutant" surrender at a guard post near Nyeri, Kenya. The self-styled general is Kerihinya (left) and his adjutant is Oneko who still holds a long-bladed knife in his hands as he marches into the post.

There was only one death during the famous 31-man Lewis and Clark expedition to the West 150 years ago, says the National Geographic Society. That fatality resulted not from wild animals or Indians, but from a "bilious colic."

Needle Pattern

Iron-on Designs in Vibrant Colors

By LAURA WHEELER

Not a stitch! Just a stroke of your iron—presto! Radiant flowers in Full Color blossom on linens. Bright red, sun yellow and garden green designs—geraniums, tulips, daffodils—brighten kitchen towels, aprons, luncheon cloths, curtains. Decorate guest towels, dresser and buffet scarves, too!

Iron on! Jiffy! Washable; Pattern 592 has 6 iron-on designs: two, 5x5½; two, 4½x5½; two, 4¾x5 inches.

Send Twenty-five Cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to The Marion Star, 86 Needlecraft Dept., P. O. Box 164, Old Chelsea Station, New York 11, N. Y. Print plainly Pattern Number, your Name, Address and Zone.

Exciting Value! Ten, yes Ten popular, new designs to crochet, sew, embroider, knit — printed right in the Laura Wheeler Needlecraft Book. Plus many more patterns to send for—ideas for gifts, bazaar money-makers, fashions! Send 20 cents for your copy!

Daily Pattern

4581 12—20; 30—42

By ANNE ADAMS

Step into the smartest classic of the season! It's a flatterer from the novel cut of the collar to the graceful swing of the skirt. And those contrast touches add a note of bright color. Sew this now— enjoy it every minute of the day.

Pattern 4581: Misses' Sizes 12, 14, 16, 18, 20; 30, 32, 34, 36, 38, 40, 42. Size 16 takes 4¼ yards 39-inch fabric; ⅞ yard contrast.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send Thirty cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of the Marion Star, 100 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly Name, Address with Zone, Size and Style Number.

Thimble Theater

MODEST MAIDENS By Jay Alan

"That's right, mister. I'm pinch-hitting for my wife today!"

HOW TO TORTURE YOUR HUSBAND Webster-Roth

SAY, WHERE'S THAT BOOK I WAS READING? I LEFT IT RIGHT HERE IN THE LIVING ROOM!
IT WAS A MYSTERY STORY, AND I'VE BEEN LOOKING FORWARD ALL DAY TO FINISHING IT
A BOOK?
IT'S AN ORDINARY SIZED BOOK WITH BLACK COVERS AND A BRIGHT, RED DAGGER ON 'EM—YOU SEE IT?
OH, MY! I DIDN'T KNOW YOU WERE READING THAT BOOK. I LOANED IT TO MAY TODAY TO READ ON THE TRAIN. SHE'LL BE GONE A WEEK
9-24

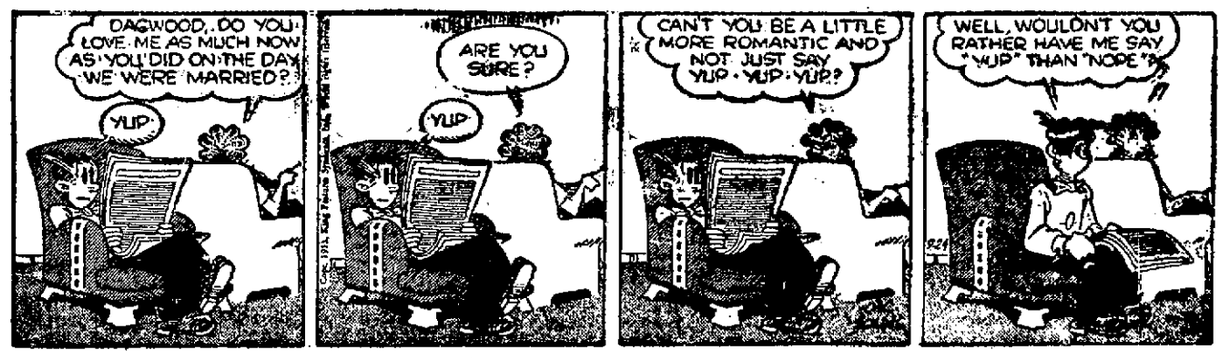
SCOTT'S SCRAP BOOK By R. J. Scott

SCRAPS
EVEN, HOW POETIC AND DIALECT. EYEHING: EYE.
EVEN, WITHOUT ELEVATION OR DEPRESSION! LEVEL.
EVEN EQUITABLE: FAIR! AS, EVEN BARGAIN.
EVEN, EQUAL IN SIZE, NUMBER, OR QUANTITY.
HOW FAR BACK HAS TATTOOING BEEN TRACED IN EGYPT ? to 2000 B.C.
THE EGGS OF A FEMALE STURGEON often weigh one-fifth of its total weight.
MONKEY, UAR with a whistle dating back to 1200 A.D was found in Peru
9-24

The Heart of Juliet Jones By Stan Drake

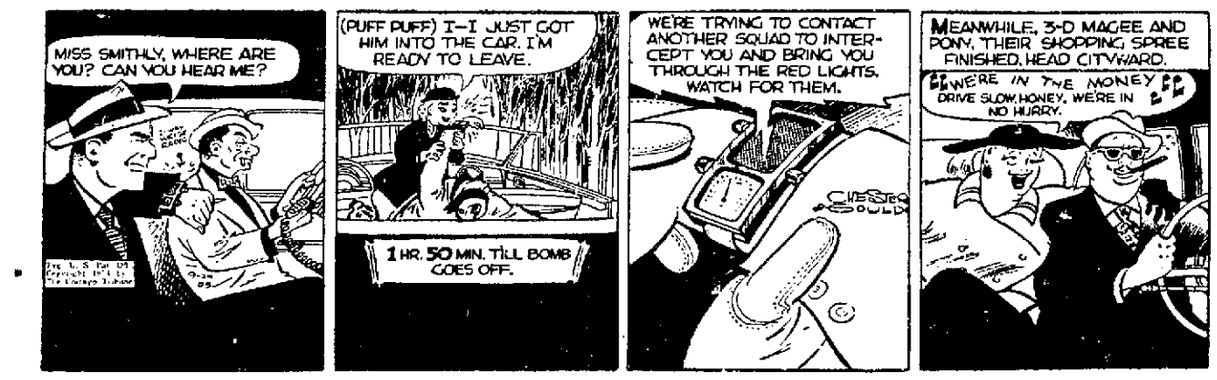
QUIET, PLEASE! TIME FOR ALL GOOD JONESES TO HOLD A MEETING ON A VERY VITAL TOPIC—NAMELY, THREE SQUARE MEALS A DAY—AND HOW TO FINANCE A GROWING GIRL'S APPETITE—THAT'S MINE!
NO NEED TO TALK ABOUT THAT, HONEY... I'M OUT TO HUNT UP A JOB THIS MORNING.
OH, NO, YOU'RE NOT, POPS... IT'S MY TURN... LOOK! WE ALL KNOW THAT I'M NOT THE PHI BETA KAPPA TYPE... SO WHY WASTE THE TOWNS MONEY TRYING TO POUND KNOWLEDGE INTO MY HEAD?
I'M GOING TO WORK... CAREER GIRL EVE THEY'LL CALL ME... AND YOU, POPS, YOU RELAX AND PREPARE TO BE KNOWN AS THE FATHER OF THAT SENSATIONAL FINANCIAL PHENOMENON, EVE JONES!

Blondie By Chic Young



DAGWOOD, DO YOU LOVE ME AS MUCH NOW AS YOU DID ON THE DAY WE WERE MARRIED?
YUP.
ARE YOU SURE?
YUP
CAN'T YOU BE A LITTLE MORE ROMANTIC AND NOT JUST SAY YUP-YUP-YUP?
WELL, WOULDN'T YOU RATHER HAVE ME SAY "YUP" THAN "NOPE"?
9-24

Dick Tracy By Chester Gould



MISS SMITHLY, WHERE ARE YOU? CAN YOU HEAR ME?
(PUFF PUFF) I—I JUST GOT HIM INTO THE CAR. I'M READY TO LEAVE.
1 HR. 50 MIN. TILL BOMB GOES OFF.
WE'RE TRYING TO CONTACT ANOTHER SQUAD TO INTERCEPT YOU AND BRING YOU THROUGH THE RED LIGHTS. WATCH FOR THEM.
MEANWHILE, 3-D MAGEE AND PONY, THEIR SHOPPING SPREE FINISHED, HEAD CITYWARD.
WE'RE IN THE MONEY DRIVE SLOW, HONEY. WE'RE IN NO HURRY.
CHESTER GOULD

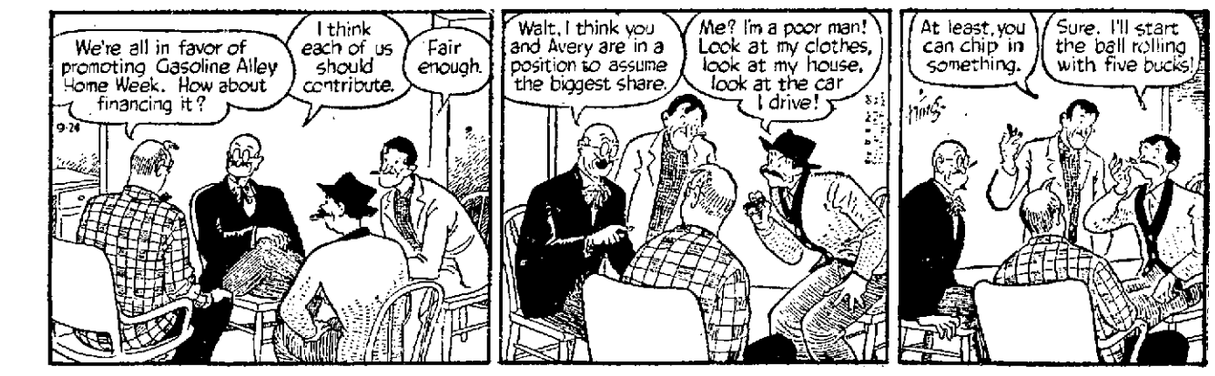
Rip Kirby By Alex Raymond

THIS IS THE ROOM WHERE MY BROTHER WAS FOUND... DEAD. MR. KIRBY, I DON'T HAVE TO COME IN, DO I?
NO, MISS DENTON. I UNDERSTAND... WAIT OUT HERE.
PHEW! COZY LITTLE CHAMBER OF HORRORS! THE BODY MUST HAVE BEEN SLUMPED OVER THAT DESK.
BEAUTIFUL SWAHESIAN WEAPONS AND RELICS... LIKE TO HAVE A FEW FOR MY OWN COLLECTION... OH, OH, WHAT'S THAT? VERY ODD...

Superman By Wayne Boring

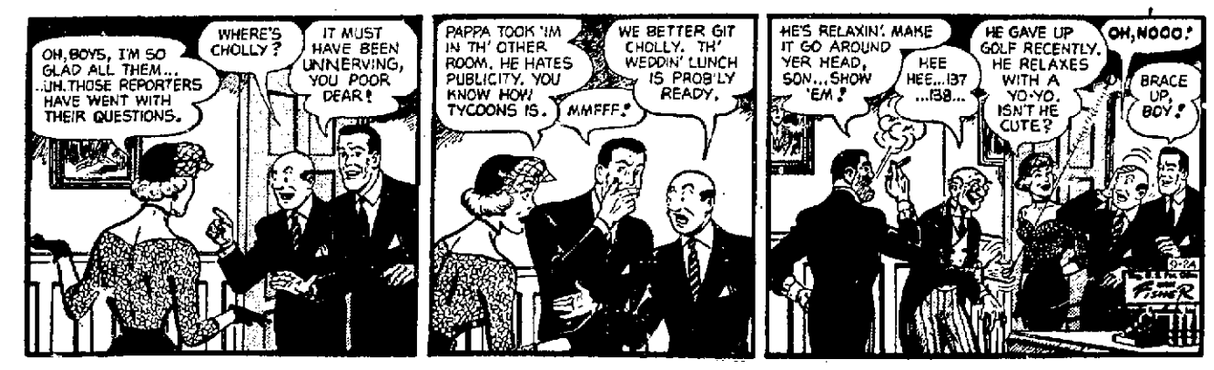
THANK GOODNESS YOU WERE HERE TO HELP US, SUPERMAN! YOU'VE RECAPTURED EVERY ONE OF THE DOZENS OF CONVICTS WHO ESCAPED WHEN THE TORNADO HIT OUR PRISON!
BUT WE'VE STILL GOT OUR PROBLEMS! WE HAVE NO PLACE TO KEEP THE PRISONERS! AND IT WILL TAKE WEEKS TO REBUILD THE PRISON!
MAYBE NOT WEEKS, WARDEN...
MAYBE NOT EVEN MINUTES!
4608
9-24

Gasoline Alley By Frank King



We're all in favor of promoting Gasoline Alley Home Week. How about financing it?
I think each of us should contribute.
Fair enough.
Walt, I think you and Avery are in a position to assume the biggest share.
Me? I'm a poor man! Look at my clothes, look at my house, look at the car I drive!
At least, you can chip in something.
Sure. I'll start the ball rolling with five bucks!
9-24

Joe Palooka By Ham Fisher



OH, BOYS, I'M SO GLAD ALL THEM... UH. THOSE REPORTERS HAVE WENT WITH THEIR QUESTIONS.
WHERE'S CHOLLY?
IT MUST HAVE BEEN UNNERVING, YOU POOR DEAR!
PAPPA TOOK 'IM IN TH' OTHER ROOM. HE HATES PUBLICITY, YOU KNOW HOW TYCOONS IS.
MMFFF!
WE BETTER GIT CHOLLY, TH' WEDDIN' LUNCH IS PROB'LY READY.
HE'S RELAXIN'. MAKE IT GO AROUND YER HEAD, SON... SHOW 'EM!
HEE HEE... 137 ...138...
HE GAVE UP GOLF RECENTLY. HE RELAXES WITH A YO-YO. ISN'T HE CUTE?
OH, NOOO!
BRACE UP, BOY!
9-24
FISHER

Terry and the Pirates By George Wunder

LEE, HAVE YOU FLIPPED? YOU KNOW WE CAN'T GIVE THE REDS AN F-94 EVEN TO SAVE O'HARA'S LIFE.
I KNOW, SIR, BUT IF THEY THOUGHT WE WERE, THEY'D HAVE TO PRODUCE SPRAY.
I TOOK THE LIBERTY OF BRINGING THESE ALONG TO ILLUSTRATE, IF YOU'LL ALLOW ME, SIR...
GEORGE WUNDER
